

UPPER PRADO DAM RECOMMENDED

College And High School Journalists To Edit Register

WILL TAKE OVER PAPER WEDNESDAY

Move Will Be Part of National Boys Week Observance in Santa Ana
ROBBINS IS EDITOR

Entire Staff Confident It Will Be Able to Get Paper Out and on Time

HOW COLLEGE journalism compares with practical newspaper work will be given the acid test tomorrow when budding journalists enrolled at the Santa Ana Junior college will invade the editorial offices of The Register and take over the publication of the paper as a feature of National Boys week.

The new staff of The Register will be recruited from the college paper, El Don, with the assistance of one or two high school students and several former members of the college weekly. Although the collegians are confidently expecting to get the paper on the street before supertime, the regular staff members will be within quick call in case of an emergency.

Richard Robbins, editor-in-chief of El Don, will take the place of J. P. Burke as editor, writing the editorials and then working on the city desk. Mason Yould, city editor, will turn over the reins of the editorial rooms to John "Sky" Dunlap, former editor of El Don, Jaycee student president and college reporter for The Register. El Don, will be assistant news editor, and Oran Asa, former editor of El Don, will handle the county page and help with the general news.

Russell Sullivan will step into the shoes of Eddie West on the sports desk with Bill Gibbs as his understudy. The society room will be managed by Miriam Samuelson, editor, Audrey Teel, Betty James and Margery Adams in place of Eleanor Young Elliott and Virginia Vian.

The rest of the Jaycee students will be used to cover the regular city "beats," handle special assignments and take care of the routine news. Those who will assist in this work are Laurin Griggs, Helen Ban, Robert dePree, Martha Youst, Grace Lloyd, Gladys Lloyd, Dale Morris, Wallace McCoy, Ronald Welsh, Francis.

SCIENTIST DIES IN CONGO CLOUDBURST

LOS ANGELES, April 28.—(UP)—Word of the supposed death in a cloudburst of Dr. Arthur Torrance, 40, University of Southern California scientist, on an expedition in the Belgian Congo, was received here today by his brother, Deputy Sheriff V. J. Torrance.

Dr. Torrance's reported death was said to have occurred last week, and native runners brought news of the tragedy to Buta, a small place on the fringe of the wilderness, from where a radio report was sent his brother.

MISFEASANCE CHARGE AGAINST MAYOR WALKER DISMISSED BY GOVERNOR FRANKLIN ROOSEVELT

WILL ROGERS says:

WASHINGTON, April 28.—[To the Editor of The Register:] Last night's Grid-iron dinner here in Washington, where the President attends and sees the cleverest kidding and satires, is put on by the newspaper men who know these big birds backwards.

Say, do you know that I run on to these D.A.R.'s, still here. They run their conventions till every member gets to speak. They have been here so long that their badges are beginning to tarnish.

Had a long chat with Secretary Stimson today and he knows things about Nicaragua that none of these critics of his do.

Yours,
WILL ROGERS.

Refuses To Remove Him From Office

In Statement Says Charges Do Not Show Sufficient Reason

ALBANY, N. Y., April 28.—(UP)—Governor Roosevelt today dismissed charges of misfeasance against Mayor Walker of New York, upon which the city affairs committee based a petition for his removal.

The governor, in a memorandum held that the charges did not show sufficient reason for removing the mayor, against whom 10 counts were cited.

The governor said the charges were so general in character and referred so generally to subordinates of the mayor, that he did not find sufficient cause for removal. To do so, he said, might defeat the intentions of the electorate.

The governor's memorandum follows:

"The governor of the state has the power under the constitution or under city charters to remove certain specified county or city officials. Under these powers every year that passes sees many charges brought to the governor asking him to remove public officers. The governor on receipt of such charges can do one of three things: He can decide to take no action on the charges; he can invite the official complained against to submit his version of the facts complained about, or he can take evidence concerning the charges either in person or by a commissioner appointed by him. The decision as to which course to follow is exclusively an executive function.

"In the present case the governor has followed the second course above enumerated, and has sent the charges to the mayor of New York City. The mayor has submitted to him an answer in which he sets forth his version of his conduct in respect to the charges made. Both the original complaint and the mayor's reply have been widely printed in the public press. They are made a part of this decision.

"It has ever been a fundamental principle of our government that the people of the state and of our various communities shall be allowed to exercise without restriction their right to select whomsoever they see fit to fill elective offices. The greatest caution must therefore be used in the exercise either of the impeachment power by the legislature or the removal power by the governor, in order not to annul the deliberate decision of the voters of the state or of any municipality thereof. Otherwise, precedent might be established by which the will of the electorate might be set aside for partisan advantage or for personal advantage on the part of a legislative majority or an unscrupulous governor.

ORANGE COUNTY FLOOD CONTROL PLAN

Below is the relief map as presented to the supervisors by the board of engineers appointed 15 months ago to select a site for a major dam and minor reservoirs and channels for flood control. In the map below will be found the Prado reservoir in black relief. Various other reservoirs and channel improvements also will be found. The cost of constructing the dam and taking care of all flood control in the county, under the new plan, is practically \$6,000,000 less than that of the Bailey plan which was rejected by the people of the county two years ago.

6230 KILLED BY AUTOS IN THREE MONTHS

CHICAGO, April 28.—(UP)—Automobiles caused the death of 6230 persons during the first quarter of 1931, it was revealed today in figures compiled by the national safety council. The figure was an increase of 450 over the same months last year and the highest total ever recorded for a similar period.

Last month, 2150 deaths were reported compared with 2020 for the corresponding month in 1930. Omaha, Neb., with a population of 214,000, was the largest city in the United States to report no fatalities in March. The two next largest were Grand Rapids, Mich., and Youngstown, O.

Following is a list of cities over 300,000 population and total deaths:

	Mar.	Quar.
New York	85	256
Chicago	71	233
Los Angeles	41	117

Rochester, N. Y.	1	5

Wants Wine By 'Fair Means Or Otherwise'

PHILADELPHIA, Pa., April 28.—(UP)—Matthew Woll, vice president of the American Federation of Labor, served notice today that America's laboring class means to have its beer and light wines "by fair means or otherwise."

This assertion was made at the first national conference of labor's committee for modification of the prohibition act, which closed a session here tonight. Woll is president of the committee.

"There is too much law and order today, it is unfair," he said. "I want to see the shackles of injunction broken, if not by lawful methods, then through physical resentment. Labor unions came into being through disregard of law and order and won high standards of living through strikes, lockouts and other violent methods."

SPANISH DICTATOR PLACED IN PRISON

MADRID, April 28.—(UP)—General Damaso Berenguer, former monarchist dictator and unyielding foe of republicanism in Spain, was confined to the military prison today to await trial on charges of abuse of authority in connection with the execution of leaders of the Jaca Republican revolt.

STATES ALONG ATLANTIC HIT BY COLD WAVE

NEW YORK, April 28.—(UP)—Cities along the Atlantic seaboard were in the grip of a severe cold wave today after a high northwest wind sent temperatures tumbling, brought snow in parts of New York state and frost in New England and New Jersey which seriously menaced blossoming fruit trees.

Detroit and Buffalo reported low temperatures of 30 and 34 respectively, and high winds lashed Great Lakes waters.

Baltimore had a low temperature of 42, only one degree higher than in New York, where the wind reached a velocity of 48 to 50 miles per hour and seriously hampered harbor traffic.

The wind swept down the coast from the Great Lakes region in the wake of heavy rain and thunder storms Sunday. Syracuse and other upstate New York residents brought out their overcoats again as snow fell throughout the area yesterday.

PANTAGES WILL BE PLACED ON TRIAL MAY 25

SAN DIEGO, April 28.—(UP)—Trial of Alexander Pantages, multi-millionaire showman, on charges of contributing to the delinquency of a minor and of conspiracy to commit the same offense, was set for May 25 today.

Pantages appeared in superior court here with Jesse Shreve, San Diego investment broker, William Jobelman and Olive Clark Day, to enter pleas to the charges today.

All entered pleas of not guilty. Demurrers to the charges, entered by attorneys for all four, were overruled by the court and date for all trials was set for May 25.

Jobelman and Mrs. Day are alleged to have been the heads of the Hollywood "love syndicate" which furnished the girls for a party in El Cortez hotel here October 30, 1930. The party was attended by Pantages, Shreve and John P. Mills and forms the basis for the charges.

ASKS ORDINANCE TO PREVENT BEES FROM CROSSING ROADS

A stinging letter in regard to the menace of bees was received from George R. Whitcomb, 327 West Orangewood, Orange, by the board of supervisors when they met this morning in regular session.

According to Whitcomb, bees that are housed too near the streets and highways in the county constitute a public menace and he asked that an ordinance be passed to prevent bees from passing across the thoroughfares. In his letter he declared that he was sorry that the board felt that the matter was of so little importance that it was not worth a reply. According to the board, Whitcomb had appeared before it with the petition to create the ordinance and the matter had been referred to the district attorney.

NEW BOARD REPORTS TO SUPERVISORS

Saving of \$6,000,000 Over Bailey Plan Reported In Engineers' Findings

15 MONTHS OF STUDY

New Experts Declare Site Selected Is Safe and Can Be Built Quickly

SELECTING the upper dam site on the Santa Ana river, eliminating the lower Santiago reservoir and Trabuco reservoir and providing an adequate flood control and water conservation program for Orange county at a saving of approximately \$6,000,000 over the Bailey plan, the report of the new board of engineers was presented to the board of supervisors of the Orange county flood control district today by G. A. Elliot of San Francisco, chairman of the engineering board.

The new plan, which has long been eagerly awaited, is the result of 15 months of study, investigation and work by the engineers, and is in harmony with the position taken by the Register upon the defeat of the flood control bonds two years ago concerning the location of the Santa Ana river reservoir and costs of flood control. Other members of the board were Thomas H. Means of San Francisco and B. A. Etcheverry of Berkeley.

Under plans of the new report the Santa Ana river reservoir will be located at the upper site, known in this report as the Chester site, just where the Santa Fe bridge crosses the river, with the west abutment of the dam located approximately at the same point as that of the upper Prado site, which was championed by opponents of the lower dam site. The dam itself, it is said by engineers, will swing more nearly parallel with geologic formation of the terrain and will thus be stronger and more stable than the other plan. It is approximately 1000 feet down stream from the upper Prado site.

No litigation Location of the dam at this point will avoid much relocation of railroads, water lines and highways and will also obviate litigation, the report points out.

The question of siting up and interference with "rising waters" in the upper Prado basin through location of the dam and reservoir at that site is dealt with at length in the report, approximately one-third of the report being devoted to that problem. In dealing with this question the engineers assert that they are convinced that construction and operation of a dam and reservoir at this site will not cause a diminution of the volume of rising waters but, on the contrary, will be of benefit.

The Bailey report stated that the upper dam could be built in two years less time than the lower dam, and engineers assert that with the dam at the upper site, should the people of the county adopt the new plan and authorize construction of the flood dams, the program could be completed at the same time as if the lower dam had been authorized and started two years ago.

34,550 Acre Feet The new report shows that conservation of water resulting from the flood control measures will amount to a total of 34,550 acre feet annually, which is itemized as follows: Prado reservoir, 21,000 acre feet; San Juan creek, 10,000 acre feet; Carbon Canyon creek, 1800 acre feet, and Brea creek, 1750 acre feet.

The outline of the report, which was read to the board by Elliot, and which is printed elsewhere in this issue of The Register, advises that the basic plan for control and conservation of flood water is similar in principle to that recommended in 1929, providing for reservoirs, enlargement of channels where necessary and regulation of the rate of outflow from reservoirs.

The construction of the Santa Ana river dam is practically the same as that called for in the Bailey report, except that some additional piling is called for in shoring up the dam structure in its construction, and providing for a permanent open outlet at the bottom of the dam, which will permit the flow of water to scour the floor of the river and keep it free from silt deposits.

The outline of the report touches briefly on development at some future date of a control program affecting Coyote creek as a joint enterprise between Orange and Los Angeles counties. It also

(Continued on Page 3)

WILL TAKE OVER PAPER WEDNESDAY

(Continued from Page 1)

ris Bowman, Wayne Garlock, Oliver Hendricksen, Elmer Whitten, Melvin Maxwell and Simeon Toelle, Edgar M. Flowers, faculty advisor, will assist with the work.

The privilege of editing The Register follows closely upon several high honors bestowed upon the junior college and high school journalism and printing departments. El Don was one of two California papers to take All American rating from the National Press Association last semester, the highest award given. The excellence of the papers since September, especially on typography and printing, is shown by the fact the high school Generator has won two first prizes for front page makeup, one first for sport makeup and sweepstakes honors in a third contest.

Water Report Highlights

"The Prado reservoir is far superior to any other site in the lower Santa Ana canyon, from the standpoint of construction cost, height and volume of dam for a given storage, and minimum interference with existing railroads, irrigation canals, structures and highways."

"In the report of 1929 on flood control and conservation the second of the two locations near the lower end of the Santa Ana Canyon was recommended. The principal reason given for the selection of this site was that the construction of the Prado dam, through flooding and consequent deposition of silt on an area in which springs or 'rising water' maintain the summer flow of the Santa Ana river, might prevent the access of this water to the river and decrease the flow from this source. Because the relative merits of the two reservoirs was a matter of so much controversy, it received special attention during this investigation the results of which are set forth in an Appendix to this report."

"It is the opinion of the board that the construction and operation of the Prado reservoir as described will not cause a diminution of the volume of 'rising water,' but that on the contrary by the elimination of natural condition now creating a waste of water, the summer flow of Santa Ana river can be increased. With this in mind, together with the financial and physical advantages of Prado as compared to any other site in the Canyon, this site is recommended for use in the regulation of the river."

"The estimated cost of construction of the Prado Reservoir includes, in addition to the necessary construction work, the purchase of all lands with improvements required for the reservoir and the cost of relocating such structures as roads, railroads, bridges and other facilities used in the public service.

NEW BOARD REPORTS TO SUPERVISORS

(Continued from Page 1)

touches upon sewage reclamation and sewage into the ocean from subsurface drainage, but suggests that this be handled by some other agency rather than the flood control district.

Comparative Dams
Comparison of the height and capacity of the lower Prado reservoir as planned in the Bailey report and the upper or Chester site is planned in the new report, shows that the lower site required a dam 155 feet high with a capacity of 150,000 acre feet, while the new site provides for the same amount of storage capacity with a dam only 92 feet high.

The new reservoir is located entirely within Riverside and San Bernardino counties, which brings up the question of taxation of land owned by a flood control district situated in another county, and a section of the report deals with this question. The report does not admit that this land can be taxed in another county, stating that the matter has not as yet been adjudicated, but that should it prove that such land is taxable, the present annual tax on the land is \$20,454 and taxes on the lower site amount to \$10,880. The net difference in additional cost, due to use of the upper site, is \$9,565, should it turn out that taxes will have to be paid.

Superiority of the upper site is definitely pointed out in a paragraph in the complete report, a bound volume of 124 pages, which says "The Prado reservoir is far superior to any other site in the lower Santa Ana canyon from the standpoint of construction cost, height and volume of dam for a given storage, and minimum interference with existing railroads, irrigation canals, structures and highways."

The report also calls attention to the fact that location of the reservoir at the upper site will save an average of \$300 acre feet

A large portion of the area in the reservoir along the river channel is owned by the irrigation companies and while the board is of the opinion that cooperation between these companies and the flood control district would be mutually beneficial in the operations necessary to increase the water supply particularly in the summer season, the value of this land is included in the estimate.

"It is safe to estimate the water saved by cutting willows in the Prado basin at 2.0 feet per acre. The removal of these willows will result in an average saving of \$300 acre feet per year. The saving due to stopping irrigation in the basin and clearing the brush will increase the flow of the Santa Ana river 7,000 acre feet per season."

per year through cutting of the willows at this point. It also asserts that the saving due to stopping irrigation in the basin and clearing the brush will increase the flow of the Santa Ana river more than 7000 acre feet per season.

Estimated costs include purchase of lands owned by the irrigation companies, which the board says it is of the opinion might be arranged on a mutually beneficial basis without involving expense.

Members of the board of supervisors seemed surprised at the contents of the report, and it was received in silence. Upon motion of Supervisor Charles Chapman the report was accepted and ordered placed on file. There was an interested crowd of spectators and auditors present in the room as the outline was read by Engineer Elliott. They included newspaper representatives, engineers, and interested large land owners.

Copies of the complete report were provided interested persons who requested them, receipts for the numbered volumes being taken by County Clerk J. M. Backs, clerk of the board of supervisors.

Following is the outline of the complete report as filed with the supervisors this morning:

Southern California has developed practically all local sources of water and an imported water supply is necessary for future increased growth of the area. Orange County is supplied principally by underground water having its origin in percolation from the Santa Ana River channel and the channels of smaller streams. Use of the subsurface source has exceeded replenishment under existing natural conditions and the water plane is now lower than it has ever been in the past. Conservation of flood waters through temporary detention in reservoirs and subsequent release at a rate permitting absorption in the porous underlying underground reservoirs is necessary to meet present demands and allow further development of the country.

Floods must be controlled if damage to valuable town property and highly developed agricultural areas is to be avoided. Floods commensurate with those which have occurred in the past will happen again in the future, and a single major unregulated flood has an incalculable power of destruction to the constantly increasing values of the county as well as danger to life. The control of floods provides an insurance against death and damage that is just as valuable and equally as necessary as fire insurance.

The basic plan proposed for control and conservation of flood water is similar in principle to that recommended in 1929. Reservoirs are recommended of sufficient capacity to regulate major floods to outflows which will not leave the stream channels. In some cases enlargement of existing channels is necessary. Rate of regulated outflow permits practical conservation through absorption or direct use.

Prado Reservoir using the Chester dam site has been selected for control of the Santa Ana river. A dam 92 feet high containing 2,000,000 cubic yards of earth fill will form a reservoir with a capacity of 150,000 acre feet. Regulated releases varying from 800 to 2000 second feet, seldom exceeding 1600 second feet, will conserve an average of 21,000 acre feet annually. Additional open outlets with a maximum combined capacity of 5790 sec. feet in conjunction with the storage of 150,000 acre feet will limit the outflow during the largest probable flood to a discharge which the channel will carry. Purchase of part of the river channel and its control below the dam is recommended in order to secure maximum conservation through absorption.

Santiago Creek flood control is obtained through the addition of 25 feet to the height of the dam now under construction by the Carpenter and Serrano Irrigation Districts. Increasing the capacity of the reservoir by 22,000 acre feet. Permanently open outlets discharging into the present spillway channel will restrict the outflow to a rate which when combined with the unregulated runoff originating below the dam, will be within the capacity of the channel. Low levees 3000 feet long above the mouth of Santiago Creek will be necessary to increase the capacity of that part of the channel.

San Juan Creek control and conservation is obtained by the construction of an earth dam 93 feet high (storage 15,750 acre feet) located about four miles above San Juan Capistrano. The lower 7500 acre feet of storage will be for conservation purposes only. The upper 8250 acre feet of space will regulate flood flows down to a rate of outflow which when combined with the unregulated flow of Trabuco will not be destructive. Conservation releases may be used directly from the channel or allowed to percolate into the gravel. As use of underground water increases probably 10,000 acre feet per year can be conserved from this source, Trabuco can be regulated at some future time when the necessity for a great-

er degree of flood control or conservation arises.

Carbon Canyon Creek is controlled through the construction of an earth dam 115 feet high, located above Olinda and storing 2500 acre feet. A permanently open outlet will discharge a flow of 150 second feet, which combined with the uncontrolled runoff originating on the remainder of the drainage area, will be carried in the natural channel through the rolling land to an open channel across the plains land. The first 1500 feet of the artificial open plains land channel through a porous unoccupied area is 450 feet wide permitting absorption of small flows and part of the large flows. The remaining 7800 feet of channel passes through intensively cultivated citrus land and is lined with concrete. It has a capacity of 1100 second feet and delivers the water to the absorptive area of the Santa Ana River channel. Flows at long intervals in excess of the channel capacity will spill over a low weir, and follow the present course to the old river channel. An estimated annual average of 1800 acre feet will be conserved.

Brea Creek will be regulated through a single reservoir located above the town of Fullerton, formed by an earth dam 73 feet high, impounding when full 3300 acre ft. The lower 1000 acre feet of storage space is for conservation purposes, the remainder for regulation of large floods. Enlargement of Brea channel below the dam to a capacity of 3400 second feet, necessary in any plan for flood control, will provide a waterway adequate to carry spillway discharge of the largest floods. A diversion pipe leaving the channel at Highland Ave., will carry water to a spreading ground in the old river channel southwest of Fullerton. An estimated annual average of 1750 acre feet can be conserved from this source.

Fullerton Reservoir will regulate damaging flood flows from the foothill drainage originating between Brea and Olinda. The dam will be 33 feet high flooding 100 acres and providing 770 acre feet of storage. Coyote Creek control should be a joint enterprise between Los Angeles and Orange Counties and working out a plan is deferred for future cooperation between the two counties.

Sewage Reclamation has been experimentally successful, and with skillful technical supervision Orange County can now reclaim about 5000 acre feet increasing annually. Reclaimed sewage can be used (1) through pumping back to an absorptive area of the river channel (2) pumping into a reservoir in the San Joaquin Hills for storage and future use and (3) direct irrigation of adjoining agricultural areas. Reclamation of sewage should be done by a Water Department or Sanitary District in order to insure a safe effluent, and is not recommended as a function of a Flood Control District.

Seepage into the Ocean from subsurface drainage, amounting to from 5000 to 8000 acre feet annually, can be diverted and used as outlined above for the disposal of sewage.

REFUSES TO REMOVE HIM FROM OFFICE

(Continued from Page 1)

"The impeachment and removal powers were created primarily in order to meet conditions where a public official after election by the people betrays his trust by acts of corruption, criminality or incompetence."

"In the case before me the principal allegations relate to acts and conduct of subordinate officials of the public officer complained against. When the charges are of this nature it must clearly appear either that the various acts and wrongdoing complained of on the part of the subordinate officials were known to the mayor and that he failed to take steps to correct or punish such wrongdoing or that he was negligent and negligent in failing to keep himself properly advised. The present charges were so general in character and related so predominantly to the acts of subordinates in the city government, that I hesitated as to whether I should take any action on them at all, but after mature deliberation I concluded that they were sufficiently specific to warrant my following one of the customary courses, and I therefore forwarded them to the mayor."

"I have given the charges and the reply my most earnest consideration, keeping always in mind the principles above set forth which must guide a governor in his decision. I do not find sufficient justification in these documents as submitted to remove the mayor of the city of New York or to proceed further in the matter of these charges."

ORANGE COUNTY FLOOD MENACE IS DANGEROUS

Danger to life and property in Orange county from potential flood menace of the Santa Ana river was stressed today in a statement made to a Register representative by G. A. Elliott, of San Francisco, chairman of the board of engineers which has just submitted a report on flood control recommendations to the Orange County Flood Control District.

"The thing which has most impressed the three members of the board during its investigations in your county," he said, "is the absolute and positive need for flood control, especially along the Santa Ana river. Residents of the county seem unmindful that there is a real potential danger."

"Because there has not been a flood for 15 years is no reason that there won't be another one. And when it comes it will be more disastrous than any of the others, because the banks of the river have been encroached upon and in some instances narrowed and the adjacent country has developed and been settled to a much greater extent than it was in 1916 or 1918."

"You have towns along the river and if the river ever gets away in a flood again there is bound to be loss of life and extensive property damage."

"The second thing that has impressed the board is that even with all the flood water conserved if the county develops to the fullest extent, there will not be enough water to supply its needs."

When asked if the proposed check dams and flood control in San Bernardino county would be of any assistance in flood control to Orange county, he declared it was too far up in the watershed to do Orange county any good. "The next place above Prado for a dam site," he said, "is at Riverside. And there you have lost protection from at least half of the watershed. Prado is the last good stop for a dam for protection. There is very little run off below Prado."

In commenting on the siting of the bottom of the reservoir and possible interference with the rising stream at that point, Elliott declared that under the plan recommended by the board this could not possibly result. "There will be a permanent opening at the stream grade in the dam," he said. "This will provide for keeping the river bed scoured and clean."

"Under our plan water would have remained in the reservoir only 11 days since 1916. We have made very careful measurements and the government has assisted us in getting accurate measurements."

The chairman of the board of engineers announced that he was returning to Los Angeles after lunch today and would return to San Francisco tonight. He came

down last night, arriving in Los Angeles at eight o'clock this morning.

Striking Lisbon Student Wounded In Police Clash

LISBON, Portugal, April 28.—(UP)—Police fired into a group of striking students today during a demonstration against the Carmona dictatorship. Fifteen students were injured.

Three of the students were in a critical condition. Sixty were arrested after troops of the Republican guard charged a large band of demonstrators headed by medical and law students.

\$1,300,000 ESTATE IS LEFT BY AUTHOR

CHICAGO, April 28.—(UP)—An estate valued at \$1,300,000 was left by John Foster Bass, war correspondent and author who died April 16 at Tucson, Ariz. It was disclosed when his will was filed for probate here. Most of the estate was left to Bass' widow, Mrs. Abigail Bass, and his son, John F. Bass Jr.

Bass served many years as foreign correspondent for the Chicago Daily News and was at the front with the armies of France, Italy and the United States from 1915 to 1918.

NEW GOLDEN VOICED COMPACT with the PENTODE TUBE Super-heterodyne

\$72.50

Complete With Tubes
Think of it! Genuine Atwater Kent in beautiful matched but walnut at such a price!

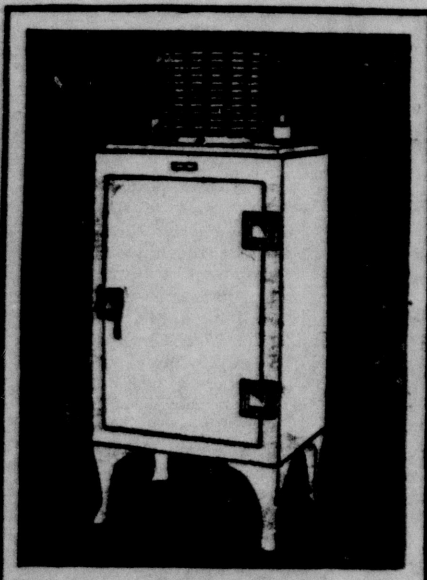

ATWATER KENT RADIO

ATWATER KENT'S first perfected use of the new high-amplification Pentode tube, combined with the Super-heterodyne circuit, gives you big performance in a small radio—small only in size and price. An amazing achievement—from the maker who never offers the public a new radio until it's right. We recommend this Golden Voiced Compact 100 per cent. By all means see and hear it.

\$10 down \$10 a month

Model S-62 is the large family size refrigerator—50% larger than our small model. It was selected for the Self-Payment Plan because its 10 1/2 sq. ft. shelf area is ample to enable you to take advantage of quantity prices.

Model S-62 has an all-steel cabinet with porcelain lining—even the super-freezer is porcelain. It will freeze ten pounds of ice (96 cubes).

The famous hermetically sealed Monitor Top assures quiet, trouble-free operation. Not even oiling is necessary. It is by far the Greatest Dollar Value.

makes it **EASY to BUY**

Now a General Electric Refrigerator is as inexpensive to buy as it is to own. The new Self-Payment Plan enables you to enjoy the convenience and economy of a General Electric Refrigerator without cramping your household budget.

In an exhaustive market survey leading grocers and other food merchants supplied us with price information that demonstrates the economy of buying perishable foods in quantities—just as you buy potatoes, flour and other staples. You can save most or all of the monthly payments on a General Electric Refrigerator by using this method of buying foods—the Self-Payment Plan.

Every woman will find many interesting facts about marketing and menu planning in the detailed statement we have prepared. Ask for complete information on the Self-Payment Plan at our store. Or write us and it will be sent to you immediately.

Birth Notices

ELDERED—To Mr. and Mrs. H. S. Eldred, of Los Angeles, April 26, 1931, at the Whitney Maternity home, a daughter.

DEATHS

A WORD OF COMFORT

God bestows upon every soul strength and hope sufficient for the day's burden. Only he who is looking for it and expecting it and becomes receptive to it gets all that God gives.
The spirit of expectancy is the forerunner and the concomitant of your having what you desire. Expect great things of your future because God is great. Expect great things of God. Go forward humbly but confidently, living one day at a time, and your hopes for all that is best will be realized.

EVANS—At 1502 W. 2nd St., April 28th, 1931, Alex Evans, aged 44 years. Funeral services will be held Thursday at 2 p. m. from Smith and Tutthill's chapel.

BEST—April 24th, 1931, Mrs. Stella M. Best, of 1150 W. 8th, funeral services will be held Wednesday at 2 p. m. from Smith and Tutthill's chapel. Entombment Fairhaven Mausoleum. Rev. Harry Evan Owings officiating.

CONTRERAS—April 28th, 1931, Miss Pecundu Contreras, aged 18 years, of Garden Grove. Notice of funeral will be given later by Smith and Tutthill.

WEISGERBER—At Oceanside, April 27th, 1931, Mrs. Mary Weisgerber, aged 74 years, Mrs. Weisgerber was the mother of Rudy Weisgerber of Santa Ana; Dr. A. L. Weisgerber of Great Falls, Mont.; and Mrs. C. H. Baker, of Oceanside. Funeral services at 10 a. m. Wednesday morning at the chapel of Johnson-Ehrgren, Oceanside. Interment Fairhaven Cemetery, Santa Ana, 2 p. m.

MAYOR TO VISIT BOSTON

BOSTON.—Boston will be as noiseless as a metropolis can be, if Mayor James M. Curley has his way. He has instructed the city planning board to survey the situation and make recommendations with a view to eliminating unnecessary din.

Santa Ana Lodge No. 241, F. and A. M., will not have any degree work Wednesday, April 29. The officers and team members will meet at Orange at 7:30 p. m. for rehearsal. All brethren invited.

TOPPLES FROM STRUCTURE ON FOURTH STREET

W. Hunter Leach, commander of the Santa Ana post of the American Legion, and Jesse Elliott, constable, narrowly escaped death shortly after 11 a. m. today when a huge cement block toppled from its place on a building at 412 West Fourth street, to the sidewalk below, missing the pedestrians by less than an inch.

Leach's left shoe was cut by the block, which fell without warning, at his feet. Elliott jumped to the street as the block tore a hole in the sidewalk.

Workmen for the merchants' fiesta, to be staged here starting Thursday, were stringing a banner across the street, and it is believed one of the workmen leaned against the block, which formed a part of the building decorations, causing it to break loose from its base and fall to the street.

A large number of pedestrians witnessed the accident, and marveled at the narrow escape of Leach and Elliott, neither of whom seemed affected by the accident.

The concrete block was 2 by 3 feet square and more than a foot and a half thick.

WESTMINSTER

WESTMINSTER, April 28.—The Rev. Mr. Braham, pastor of the Laguna Beach Community church, filled the local Presbyterian pulpit at the 11 o'clock service hour in the county-wide exchange of pulpits made by Presbyterian ministers, the local pastor, the Rev. C. G. Carter, preaching in Orange that morning.

In the evening the Rev. Mr. Carter occupied his own pulpit. Special musical numbers for the service included the number, "Morning, Noon and Evening," as sung by the male quartet, and the solo number, "Shadows," by Miss Lillian Arnett.

Announcement of a musical program for next Sunday evening at the church was made.

Elsworth Skinner has moved a house in from Huntington Beach to his six acres just off the Huntington Beach boulevard at New Westminster, and as soon as some remodeling is completed the family will occupy this home.

Mrs. H. B. Anderson and her mother, Mrs. Cornelia Phillips, of Santa Ana, motored to Eagle Rock Sunday, taking Miss Virginia Anderson and Miss Helen McCoy, both of whom were at home from Occidental college for the week end, back to school.

Willis Fogler, who was very ill last week, is reported as improving. Mr. and Mrs. Clyde Day were in Pasadena Sunday and called on a friend, Jack Parker, at a hospital and visited the home of Mr. Day's brother-in-law and sister, Mr. and Mrs. Stanley Van Dyke.

Westminster school indoor baseball team played a game Friday with the Costa Mesa boys' team at Costa Mesa. The score stood 2-0 in favor of Westminster at the close of the game. Robert Rumbold was pitcher for the Westminster team. Louis Basse was catcher for the locals.

The May day program, which is being given Friday at the school, will open at 10:40 o'clock and the lawn of the school will be the scene of the festival. Sandwiches and ice cream will be sold following the program by the teachers of the school and the local Parent-Teacher association.

One new pupil entered the eighth grade of the Westminster school Monday morning, Mary Benner of Bell, niece of Prof. James M. Monroe of the school.

Mrs. Alice Chandler, who has been with her son-in-law and daughter, Mr. and Mrs. Raymond Penhall, has returned to her home at Santa Ana Heights.

Local Briefs

Furthering their plans for increasing the membership of the Garden Grove Farm center, members of the membership committee will meet tomorrow morning in the Woman's clubhouse in Garden Grove for breakfast before they go into the field to visit delinquent and prospective new members of the center.

The Orange County Historical society will meet next Friday at 7:30 p. m. in the Ebbl clubhouse. C. E. Ut will talk on "The History of Tustin." J. J. Zeilman will talk on "The Schools of Tustin."

Associated Chambers of Commerce of Orange county will hold its regular monthly meeting tonight at the Woman's clubhouse in Yorba Linda. It was announced by H. M. May, secretary of the organization.

BASTIAN, Va.—W. W. Sargent has a chicken with a peg leg. One of the chick's feet was frozen off last winter. Sargent's 10-year-old daughter, Louise, fashioned a wooden one in its stead.

Mrs. W. W. Wieman entertained the wives of the high school faculty recently with an evening of bridge. After the series of games dainty refreshments were served to the following: Mrs. L. L. Dolg, Mrs. Foster Begg, Mrs. H. T. Keele, Mrs. D. S. Jordan, Mrs. E. Elderson and Mrs. Wayne Reafsnider.

Mrs. C. Z. Wasson is spending a few days with her sister, Mrs. A. Fisher, in Eagle Rock.

Mr. and Mrs. H. A. Lake made a business trip to Bakersfield Friday.

Ira Nearing of Los Angeles attended the funeral of his nephew, Levi Nearing, Friday afternoon.

D. W. Goff was a business visitor in Los Angeles Friday.

Mrs. Anna Carter, who was called

here by the illness of her father, Joseph Parks, has returned to her home in Tracy.

Mr. and Mrs. A. E. Crow and son, Donald, and Clark Mitchell returned the last of the week from a four weeks' visit with relatives in Tacoma, Wash.

Miss Mary Edwards of Los Angeles and Miss Adelaide Foote of Pacific Palisades are spending a week in the home of Mr. and Mrs. W. M. Adland.

The seventh grade 4-H club met Wednesday afternoon after school and had a business meeting and a social hour. Those present were Mrs. Walker, the leader; Donita Jordan, Harriett Kruse, Leah Merchant, Donna Lee Maule, Ruth Nash and Dorothy Beardsley.

The regular meeting of the Men's brotherhood will be held at the Methodist Episcopal church Tuesday evening. Dinner will be served at 6:30 o'clock.

The Legion auxiliary will hold a card party at the local Legion hall Wednesday evening, proceeds to go to the Orange county health camp and veterans' welfare work.

Miss Lova Holt entertained with a 7 o'clock dinner party recently in honor of Miss Velda Barnes, the occasion being her birthday anniversary.

Spring flowers formed the centerpiece for the table decorations and the dessert course consisted of individual birthday cakes with tiny pink candles.

Covers were placed for Miss Velda Barnes, Miss Myrtle Winters, of Anaheim; Miss Vesta Newsum, of Upland; Mrs. Gladys Prior, Miss Elizabeth Brown and Miss Lova Holt.

COVERS WERE PLACED FOR MISS VELDA BARNES, MISS MYRTLE WINTERS, OF ANAHEIM; MISS VESTA NEWSUM, OF UPLAND; MRS. GLADYS PRIOR, MISS ELIZABETH BROWN AND MISS LOVA HOLT.

Mothers' Health Center To Move

The mothers' educational health center which customarily has been held in the flood control building at 816 North Sycamore street, will be held in the new quarters in the courthouse annex, formerly St. Ann's inn, it was announced today by K. H. Sutherland, health officer.

The meeting that was scheduled to be held this Thursday will be postponed until May 7. The reason for the postponement is because of the fact that the health department and the health center will be moved to the new quarters this week.

NEW FLOOD CONTROL PLAN SAVES \$5,900,000

A comparison of the detailed cost estimates of the new flood control project submitted to Orange county today with that submitted in April 1929 by Engineer Paul Bailey shows that the greater portion of the saving of approximately \$6,000,000 effected in the proposals of the new report lies in lowered costs of the reservoir dam on the Santa Ana river.

The Bailey report, with the reservoir located at the lower Prado, or Sulphur Slide, site, called for an expenditure of \$11,802,300, while the new report, with the reservoir located further up the canyon at the Chester site shows an estimated cost of only \$7,215,328, or a saving of \$4,586,972.

Total cost of the Bailey plan was \$16,500,000 while the total cost of the plan brought in today is \$10,600,000, a saving of \$5,900,000.

The new report calls for increased costs in connection with the San Juan reservoir, estimating \$1,077,980, as compared with \$619,000 in the Bailey report. No flood control in Trabuco canyon is provided in the new report, while the old one had an item of \$567,500 for work here.

Detailed comparison as itemized in the two reports follows:

COST ESTIMATE, NEW PLAN		COST ESTIMATE, BAILEY PLAN	
Prado Reservoir	\$ 7,215,328	Orange County Flood Control Project	
Santa Ana Channel	125,000	Brea—North Fork Reservoir	\$ 300,900
Santa Ana Reservoir and Channel	498,560	Brea—South Fork Reservoir	264,300
San Juan Reservoir	1,077,980	Diversion—Brea Creek to Fullerton	
Carbon Reservoir	481,900	Reservoir	69,400
Carbon Channel	141,382	Loftus Diversion	28,500
Brea Reservoir	444,870	Fullerton Reservoir	119,600
Brea Channel	253,073	Fullerton Conduit	146,200
Brea Conservation	86,643	Carbon Reservoir	481,900
Fullerton Reservoir	149,737	Carbon Canyon Conduit	317,900
Miscellaneous	125,527	Lower Prado Reservoir	11,802,300
Total	\$10,600,000	Acquisition of Channel of Santa Ana River	92,000
		Upper Santiago Reservoir	886,100
		Lower Santiago Reservoir	848,000
		Trabuco Reservoir	567,500
		San Juan Reservoir	619,000
		Miscellaneous incidental expenses	54,800
		Total	\$16,500,000

RECEIVE BIDS ON ROAD RELOCATION

Low bidders on the relocation of the Santiago canyon road to be built around the damsite located at the fourth crossing above Irvine park were the Griffith company, J. P. Burne company and W. R. Schriever, when bids were opened by the board of supervisors at their regular session this morning.

No definite action on acceptance of the bids was taken by the board and the matter was referred to Nat H. Neff, county superintendent of roads, with instructions to make a report at 2:30 p. m.

Other firms that entered bids were Bessage Brothers, J. A. Thompson, J. H. Dudley, Steele Finley, Western Construction company, Rock Brothers, T. G. Smith and T. G. O'Neal, a combination bid; Bowe, Smith & Tutthill, C. R. Butterfield, Triangle Rock & Gravel company, Ray Switzer, C. G. Willes & Son, E. Ward, Owl Truck company and Wells & Bressler.

GARDEN GROVE

GARDEN GROVE, April 28.—Commander L. A. Aubuchon of the Garden Grove American Legion post, Adjutant Fred R. Dukes, Ben Claus, L. A. Frink and E. H. Ballard attended the Legion officers' school of institutions and fifth area conference at El Centro over the week end.

Mrs. Bella Northcross, Mr. and Mrs. Leavitt Ford and son, Gene, were dinner guests in the home of Mr. and Mrs. Edmund Ronk in Santa Ana Friday evening, the occasion being the birthday anniversary of Mr. and Mrs. Ronk and the latter's mother, Mrs. Northcross.

Mrs. W. W. Wieman entertained the wives of the high school faculty recently with an evening of bridge. After the series of games dainty refreshments were served to the following: Mrs. L. L. Dolg, Mrs. Foster Begg, Mrs. H. T. Keele, Mrs. D. S. Jordan, Mrs. E. Elderson and Mrs. Wayne Reafsnider.

Mrs. C. Z. Wasson is spending a few days with her sister, Mrs. A. Fisher, in Eagle Rock.

STUDENT LEADERS CONVENE ON FRIDAY

FULLERTON, April 28.—Plans were today under way for entertaining student-body presidents from 16 Southern California junior colleges Friday afternoon and evening at the local campus. Besides the presidents, one or two selected delegates from each school will be present at the sessions.

Sessions for discussion of junior college problems and the business session will be held in the junior college library from 3 to 5 p. m. Registration will be held in the student body office.

A dinner dance will be held for the delegates at the Ebell clubhouse immediately after the business meeting. Members of the Associated Women Students of the local junior college will prepare and serve the dinner. Hazel Smalley is in charge of table decorations.

Marjorie Walker, president of the A. W. S., is general chairman of arrangements. Glenn Osborne's orchestra will play for the dancing, following which the delegates will be guests at the presentation of "Two Girls Wanted," junior college freshman play.

GARAGE AND STREET FOREMEN TO RESIGN

A. H. Barnhill, foreman of the city garage and Harry Southworth, city street foreman, will be excused from city services starting on May 1.

Their resignations, handed in to the city council last night were accepted unanimously, but they will receive their two weeks vacation pay after that time, it was decided. The resignations were asked for, it was understood. No new appointments were made last night to succeed the two foremen.

Boulevard Lights Protest Subject

Declaring that it was "a useless expense," to burn electric lights on Santa Ana boulevard late at night, "where nobody lives," W. A. Taylor appeared before the executive meeting of the city council yesterday afternoon and entered a protest against the practice.

Taylor was present on another matter, but brought up the lighting subject. The council agreed to look into the matter.

BANKS RETAINED AS CITY AUDITOR

Lloyd H. Banks, city auditor for the past four years, was unanimously re-instated by the city council last night for a period of four more years.

At the same time, Harry N. Hays, manager of the city water department also was retained by the council in his position by a unanimous vote. Another application was on file for the position, that of C. A. Harolds, a candidate from the first ward for councilman, in the recent elections, but there was no hesitancy in the re-appointment of Hays.

Water Groups Of Coast Convene In Laguna Saturday

LAGUNA BEACH, April 28.—All members of the water conservation committee of the Orange County Coast association are asked by Secretary Harry Welch to attend the water meeting set for Saturday evening in the Chamber of Commerce office in this city. The meeting is called by the Three Arches Home Owners' Improvement association, of which Gilbert Wilson is secretary, mayors, heads of Chambers of Commerce and newspaper men from Seal Beach to San Clemente being invited, in addition to the coast association's committee.

Arrange Funeral Of John W. Sadler

LA HABRA, April 28.—Funeral services will be held Wednesday morning at 10 o'clock at the Methodist church at La Habra for John W. Sadler, 75, who passed away Monday afternoon after three weeks illness. The services will be conducted by the Rev. Daniel Dundas, pastor of the church and the Rev. Sheridan Phillips, former pastor of the church. Interment will be made at Loma Vista cemetery.

The deceased had made his home in La Habra for the past 15 years and was one of the early walnut growers of this section. He was a teacher of the adult Bible class at the Methodist church. He is survived by a wife, son, Charles, and a grandson, Harold Sadler.

Now Lift Off CORNS in a Jiffy

Pain Stops Instantly This Way—Corn Comes Out

You'll laugh when the first drop of SAFE FREEZONE STOPS PAIN INSTANTLY. Corn doesn't bother at all. Soon it gets so loose you can lift it right off with your fingers. Easily and painlessly. Don't baby corns that pain you. Get rid of them quickly with SAFE FREEZONE. There's nothing easier to use, safer or quicker to remove hard or soft corns, callouses and warts. Just buy a bottle. Sold by all druggists.—Adv.

WATER SYSTEM DISCUSSED AT CHAMBER MEET

HUNTINGTON BEACH, April 28.—The Chamber of Commerce met at noon Monday at the Golden Bear cafe. N. M. Launer, manager of the American States Water Service corporation's Huntington Beach plant, said that the new well completed by his company provided good water, afforded an abundant supply, but was hard water. He said the company's two wells now in use are furnishing abundant water to the city and that the new well would not be turned into the mains before July 1.

It was announced last week at the Chamber of Commerce meeting that the water committee would report this week. Instead, there were talks by Launer of the water company; by D. E. Barry of the water company, who talked on the water level for this area, and a talk by T. B. Talbert, who also talked about the lowering of the water level of this area.

President Osborne of the Chamber of Commerce, in bringing up the water subject, said that the drinking water furnished the city was unbearable and that something must be done; that the situation had been patiently borne, but it was time that some effective action should be taken to remedy the condition.

C. R. Furr talked on legislative bill 218, which would limit the amount that could be expended in improvements for new subdivisions to be paid for through the creation of assessment districts, and also on legislative bill No. 1904, which makes it possible for a majority protest to be filed and to be effective against an assessment for improvement or acquisition created by city and county governments. The Chamber of Commerce authorized the secretary, Mrs. May S. Jackson, to write letters to legislators and senators expressing opposition of the organization to both bills.

Osborn stated that he had received word from Attorney General Webb in answer to inquiries Mr. Osborn had made relative to fishing boats coming close enough to the pier to interfere with pier fishing. Webb in his reply stated that the fishing boats could come as near as they wanted to the pier to seine for smelt.

The fishermen complain that the boats coming near the fish seriously impair fishing from the pier. Those present at the meeting and luncheon were J. S. Farquhar, C. P. Pann, N. M. Launer, D. T. Johnson, O. A. Mosier, Mrs. Luella Buckner, Mrs. Marie Wiener, Mrs. Stella White, Mrs. May S. Jackson, Ray Overacker, Lee Chamness, D. E. Barry, W. I. Clapp, T. B. Talbert, J. S. Lawshe, J. S. Denny, C. G. Ward, E. G. Conrad, C. H. King, P. B. Hess, C. R. Furr, W. S. Osborn, president of the club.

SEVENTH BIRTHDAY OF SANTA ANA 'Y' BUILDING OBSERVED WITH ANNIVERSARY BANQUET

Seven years ago yesterday the Santa Ana Y. M. C. A. building, just completed, was dedicated and thrown open to the use of the public.

Last night a great crowd of members and friends of the Y gathered around the dinner tables to celebrate the seventh anniversary of that date. It was an occasion for retrospect and prophecy, a time for exchange of reminiscences as well as congratulations on what has been achieved.

The program which followed the dinner was full of variety, and interested the audience from start to finish. Music by the famous Junior College quartette was a popular feature, many people hearing for the first time the pleasing harmonies produced by this group of talented young men. Instrumental music was provided by the trio of young folks, who, under the name of L'Armonio Trio, are winning recognition as musicians of real ability. This trio includes Marion Nau, violinist, Mary Nau, flute, and Betty Smedley, piano. Their selections during the dinner as well as their program numbers were well received.

J. F. Burke, in introducing the toastmaster, carried his own Y. M. C. A. reminiscences back to 25 years ago, when he was attending a student Y conference at the home of Dwight L. Moody, under the leadership of men such as Robert E. Speer, John R. Mott, and Dr. Hadley, and paid high tribute to the influence of such men and their work on the youth of the world.

Dr. G. Emmet Raitt served as toastmaster of the evening, keeping his program moving along in lively fashion, and showing an intimate acquaintance with the past of the local Y. Dr. Raitt was a member and leader in the Orange County Y. M. C. A. as a boy and a young man, and is now vice president of the organization in Santa Ana. His introduction of the men who have served throughout the years brought out many interesting items that were new to many.

Among the honored guests were

Mr. and Mrs. S. Warren Douglas, of Fullerton. Mr. Douglas was the first employed secretary of the Y. M. C. A. in Orange county, having begun his work here in 1907, and he spoke briefly of the men and the work of those early days. Mr. and Mrs. N. M. Leonard, whose gift to the Y. M. C. A. building fund was the largest given for that purpose, were also in a spirit of honor, and Mr. Leonard spoke of the satisfaction which they have found in observing the good that is being done by their contribution to the interests of clean living for youth.

Other introductions included Col. S. H. Finley, who headed the whole Y movement in Santa Ana from the beginning of the financial campaign until well after the opening of the work in the building, F. H. Eley, architect of the building, J. A. Cranston and M. E. Beebe, who served for years as leaders of the County Y. M. C. A. work, and various others who had heavy responsibilities in getting the work under way.

Clever work was done by two squads of boys and young men under the direction of Physical Director Russick, and a mob of Friendly Indians made a peaceful invasion, chaperoned by their leader, R. H. McArthur.

J. P. Baumgartner, who was a leader in the movement to build the present Y building, and who has served on the board of directors since the organization of the local work, reviewed the activities which led up to the campaign for the building fund, and discussed the values which have been found in the association during these seven years.

"If the Y had done nothing more than put its influence and leadership on the thousands of young boys who have come to the building and used it during these years, it would have been worth all it has cost us, and much more," was the carefully considered declaration of Mr. Baumgartner.

The general work of the Y. M. C. A. was reviewed by R. H. Gosson, general secretary of the Long Beach Y. M. C. A., who disclosed many intimate details of his relation to the local work, and his interest in it as a neighbor. That there is a continuing and growing field for the organization's service was pointed out by the speaker as he spoke of the Y's service in pioneering in many fields, and its willingness to turn over to other agencies the handling of projects which it has demonstrated, while it turns its attention to new problems which must be worked out. He predicted that the coming years will bring continued changes in the Y program, as in social life in general, as the problems of international friendship, industrial relations and social justice demand increasing attention at the hands of thoughtful people, and he promised that the Y. M. C. A. will be found in the forefront of all such attempts to make the world a better place in which to live, while confident that its great contribution will be made through its influence on the lives of the youth with whom it deals.

The birthday motif was emphasized by the decorations, which included a huge birthday cake provided by W. D. Baker, one of the original members of the board of directors, as well as by flowers and candles which were artistically arranged.

Dorothy Randall Located In L. A.

Dorothy Earle Randall, 14 year old daughter of H. O. Randall, of 2550 North Main street, who was reported missing from her home early yesterday morning, with all her belongings and the family roadster, was found late yesterday in Los Angeles, according to a report filed by the girl's mother with the sheriff's office.

The report stated that the girl had been found in a Los Angeles hotel. The car was discovered first, this leading to the whereabouts of Dorothy.

INSTITUTE TO MEET
CHAPEL HILL, N. C.—The second quadrennial Human Relations Institute will be held at the University of North Carolina here during the week of May 2-8.

WAY TO STOP EPIDEMIC OF "ATHLETE'S FOOT" FOUND BY SPECIALISTS

With millions of people in the country today infected with "Athlete's Foot" germs, it is very probable that you may have this common ailment and not know what it is.

Your toes may have tiny, itching blisters between them. Perhaps the skin has become thick and moist, turned red or white in color, or even developed a scaly dryness. If you notice any of these conditions, which are the common symptoms of this stealthy form of ringworm, take no chances on serious infection. Apply ABSORBINE JR. at once and freely, as recommended by authorities. For after careful experiments with the disease, a famous New York laboratory found that this mild, soothing, yet powerful, antiseptic not only checks but actually kills the *trichophyton* germs which cause "Athlete's Foot." It is wise to use ABSORBINE JR. after every exposure to wet surfaces—in public places and even in your own bathroom. For the tiny germs breed and lurk simply everywhere, and are always ready to attack. At all drug stores, \$1.25. W. F. Young, Inc., Springfield, Mass.

Will Eliminate Parade For Fire Prevention Week

Due to the fact that the recent rain storm has lessened the fire hazard in the county a great deal, the committee on arrangements for fire prevention week last night decided that it would be unnecessary to hold a parade to further interest in the affair. Several other means of acquainting the public with the project were discussed.

W. M. Corp, secretary of the fire prevention committee, announced that any organization that desires to obtain speakers for the observance of the week, which begins May 2, may be obtained by calling either the chamber of commerce or the farm bureau office.

According to Cory, the program for the week is two-fold, to prevent fires and protect the water sheds. During the week people of the county will be asked to reduce any fire hazards that there may be around their homes and to exercise due caution in regard to throwing matches, cigars or cigarettes from moving automobiles.

CONDUCT FUNERAL OF BREA RESIDENT

Funeral services for Miss Evelyn Rankin, 50, a resident of Brea for many years, were held this afternoon in Pasadena. Miss Rankin committed suicide at the Pasadena Y. W. C. A. Saturday.

SEASON'S RAIN HERE GREATER THAN IN 1930

Santa Ana's rainfall for the year was well over an inch more than at this time last year, thanks to .32 of rain which fell here during the past 24 hours, bringing a total for the season here to 10.69. Last year at this date the county had received 9.41 inches of rain.

Orange reported .32 of an inch rain also in the past 24 hours, but aside from these two cities, the rainfall was light during last night and this morning. Anaheim reported .18 for a season total of 9.75 as compared with 10.02 last year; Placentia, .03, for a total of 10.27 for the year as compared with 9.96 last year; Olive, 10 for the 24 hours, making a total of 10.39 for the season as compared with 11.30 last year and Villa Park .08 for the 24 hours, 13.44 for the year and 12.99 last year.

GOLDEN DAWN

By
Peter B. Kyne
(Copyright, 1931, The Bell Syndicate, Inc.)

INSTALMENT 20

It was not a police car in which Nance had escaped, but the private vehicle of Detective Sergeant Flynn, and its loss troubled him until the car was found, abandoned, out in the Mission, about twenty-four hours later. A glance at the speedometer, comforted Flynn. The car had been driven six miles. In company with Angellotti (both now happily recovered from their terrible experience) he drove in the same car from Nance's house, via the most direct route, to the point where a patrolman had picked up the car; thence via the route followed by the patrolman when he came off duty and drove the car to the Central Station garage and reported it. The mileage was six and two tenths miles.

"She's holed up within a block or two of where she left the car," Flynn decided.

"Not such a cold trail, after all," Angellotti exclaimed. "We'll just have to patrol the neighborhood in our off moments. I'm sure the girl doesn't know she swiped your car, and that she gave us a clue to follow her."

"If crooks didn't make mistakes and give us the breaks, my boy, you and I wouldn't be here," Flynn reminded him. "I think it might be a good idea to interview the druggist in the neighborhood and see if she's been in to buy a new lip-stick."

A round of the neighboring drug stores, however, proved barren of a new lead, and as they had other matters claiming their attention—

they were forced to abandon the search for that day.

Dan McNamara was much too intelligent to make inquiries of the assistant district attorney who had issued the search warrant, but when informed that Flynn and Angellotti were down with flu he called up Lanny at Stephen's office, and received a meek report. "You say the girl fled in the car my dicks arrived in?" he queried. "That's terrible. A description of the car must have been broadcast to all outlying police and the surrounding country stations immediately by Flynn and Angellotti, and Nance will be picked up somewhere down state."

"We've done our damndest," Lanny replied cheerfully. "Angels can do no more. I borrowed the car you left out front. It's in a garage. I'll send you the claim check."

For a week, the chief waited for news of Nance Belden, but no news came through beyond some gossip around the Central Station that the car had been driven but three miles and then abandoned—for which evidence that the Almighty was still on his side the worthy fellow was grateful.

So Nance was still in the city! McNamara's mind worked so automatically he did not even have to tell himself that, undoubtedly, she had taken sanctuary within a short distance of the spot where she had abandoned Flynn's car, nor did he have to remind himself that Flynn and Angellotti would come to the same conclusion. He had no difficulty in ascertaining the spot where the car had been recovered. "Folsom street and 16th, eh?" he reflected. "Residential-flat buildings and cheap apartment houses, cheap rooming-houses and workmen's hotels. No, she wouldn't go to one of those. Not that she is, she has class—and she had two hundred dollars in her possession. She's holed up with a friend. What friend, why, Ella Cates, of course."

He had already secured Ella Cates' address from the banker in

San Jose. However, he realized it would not be wise to call upon her and run the risk of having Flynn or Angellotti run across him in the neighborhood or see him entering Ella Cates' house. The obvious thing, therefore, was to cast about for a job in another part of the city and see that both detectives were assigned to it. If he sent them out of the city for a day or two they might suspect his purpose and have some other dick friend of theirs shadow him during their absence.

While he was considering where he could dispose of them, the president of the Security Trust Company in San Jose rang up.

"Miss Penelope Gatlin has just been in the bank, Chief," he told McNamara. "She has purchased a letter of credit for ten thousand dollars and has withdrawn in cash the remainder of the funds on deposit to the credit of her checking account, amounting to eleven hundred dollars."

"Is she in the bank now?"

"Yes."

"Have one of your clerks follow her. Give him some expense money—I'll be responsible for its repayment. And when you get his report please telephone me."

At three-thirty the banker telephoned again. "She purchased a ticket to San Francisco on one of the buses leaving here at threefifteen. She spent two hours shopping."

The buses, McNamara knew, entered the city via Mission street; the bus depot was at Fifth and Mission Streets. Ella Cates lived in Howard street, between Fifteenth and Sixteenth. Howard street runs between Mission and Folsom—and Flynn's car had been found abandoned at Sixteenth and Folsom. Nance was smart. She had left the car a block from Ella Cates' home and walked there. McNamara reasoned the incoming bus would drop the girl off at Sixteenth and

Mission streets—a regular stop—and she would then make her way to the Cates woman's house.

He glanced at his watch. He had an hour and a half to intercept her; for that hour and a half he must have Flynn and Angellotti in another section of the city. To his annoyance, he discovered they were out on a detail, so he decided he would have to risk it, called a taxi and drove to Ella Cates' address.

He discovered it to be a cheap wooden apartment house, but the directory in the vestibule gave him no information as to which apartment Ella Cates lived in, so he rang the landlady's bell and the door opened to admit him. To his inquiry regarding Mrs. Cates, he was informed that she had moved to parts unknown a week before, nor could she give him any clue to aid him in discovering her.

As he came out of the apartment house he glanced warily around and was amused to observe Detective Angellotti leaning against a clear stand across the street. He was certain the detective had recognized him, for Angellotti immediately turned his back. The chief walked up to Mission street, boarded a street car and was at the bus terminus two minutes before the bus on which Nance had left San Jose rolled in. But Nance was not among the passengers that alighted.

McNamara chuckled. Flynn and Angellotti would waste a great deal of time watching that apartment house in vain. Nance, discovering Ella Cates had moved, had sought quarters elsewhere. What puzzled McNamara, however, was the girl's failure to communicate with him or Lanny; and he knew now that she did not intend to. The fact that she had purchased a letter of credit was proof that she intended leaving the country, and the more the excellent fellow contemplated this impending move the more inclined

was he to regard it as a not un-mixed blessing.

The more he thought the matter over, the more inclined did he become to take a practical and policeman-like view of the situation. While Nance remained in San Francisco she would be a constant menace to himself and Lanny; if captured she might, during one of her uncontrolled moments, consider it a great joke to tell the world how she had been enabled to escape capture so long.

"I can't baby the world," he decided. "I'll let her go. She'll probably live abroad, and when her letter of credit is gone she may remember who she is long enough to draw more checks. I can always get a line on her through the bank, and if Steve and Lanny still insist on salvaging this nut I'll tell them where to find her. Me, I'm through. If I keep this pace up, I'll be as big a nut as she is."

(To Be Continued)

LA HABRA

LA HABRA, April 23.—The faculty of the La Habra schools enjoyed another delightful steak bake Wednesday evening at the Shell picnic grounds. Those present were Miss Charlotte Hewitt, Miss Dorothy Townsend, Mr. and Mrs. Harry Marsh, Mrs. Carrie Glazier, Miss Mollie Steinberg, Miss Avis Elder, Miss Ruth Dickey, Miss Ruth Lana, Miss Gertrude Beam, Miss Hansen, of Los Angeles, Joe Severns, Mrs. Margaret West, Mr. and Mrs. Emmett Berry, Mr. and Mrs. Robert McCort, Frank Barrows, Miss Grace Bond, Mr. and Mrs. Simon Treff, Miss Dorothy Doane, Mr. and Mrs. George Soule, Mr. and Mrs. G. Van Vallen, Miss Bessie White, Miss Celia McCullough, Miss Aletha McCullough, Mr. and Mrs. Claude Ridgway and daughter, Esther; Mr. and Mrs. N. M. Launer,

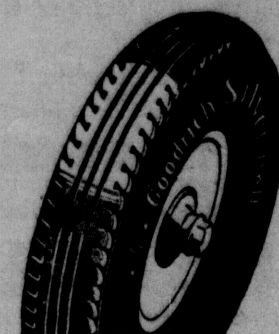

Oh! What a Headache

Just nicely started on that vacation trip, and bang went a tire. Never again will I start my summer season without equipping my tires with GOODRICH AIR CONTAINERS.

No Punctures! No Blow Outs!
No Flats!

Guaranteed to outlast, at least, three sets of tires and to add, at least, 25% to life of your tires.

Come in today and get our Spring Installation program. Its a wow!

LIQUOR PLANT TAKEN BY COPS NEAR LA HABRA

A whiskey still capable of making 250 gallons of liquor per day, together with 5000 gallons of mash and an assortment of other equipment for making liquor, was captured late yesterday by Sheriff Logan Jackson and District Attorney Sam Collins, and deputies, in a raid on the Alta Vista camp, near La Habra.

The still was not in operation and there was no one on the property at the time. The equipment lacked several parts to put it in working order, deputies stated, in spite of the fact that the vats were filled with mash. The vats were found under the floor of a house, which was dug up by officers. The mash was poured out and the vats and other equipment taken to the county yard. Information obtained by The Register today was to the effect

that the property was that of Francisco Moron, a Mexican. Officers making the raid were Sheriff Jackson, District Attorney Sam Collins, Robert Sandoz, of the district attorney's office, Art Ellis, chief criminal deputy sheriff, William Tremain and Officer Stinson, deputies under Jackson.

Police News

An automobile owned by Robert Gerwing of 312 North Broadway, was reported stolen at 7:30 o'clock Saturday night between Third and Fourth streets on Broadway within 10 minutes after he had parked it. The car later was recovered, parked in another section of the city.

The car of J. L. Findlay, of 412 North Sabina street, Anaheim, was reported stolen Sunday morning at 6:30 o'clock from West Center street, in Anaheim.

An antique doll was stolen from the home of G. Y. Coutts, 420 North Birch street, some time Sunday, according to a report made to the police. The house is never kept locked, it was reported, but the thief took only the doll.

BOYS BECOME FIREMEN HERE FOR ONE DAY

High school boys manned the Santa Ana fire department yesterday, had the fun of running to two alarms and learned all about how the city fights fires, as part of National Boy's Week being observed this week throughout the entire country.

Work including routine "house" duties to answering alarms was incorporated in the day's program.

Chief John Luxembourg was high in his praise for the boys. "They were a fine bunch of young men and it was a pleasure for this department to have them with us. We will look forward to such days as this in the future," he said.

Students reporting for duty at the fire department were Glenn McWaters, chief; Chester Ewing, assistant chief; George Scates, captain rescue company; Hugh Brown, fire marshal; Tom Cole, Don Martin, Bill Rasmussen, George Lawrence, firemen of engine company No. 1. Captain and members of engine company No. 2 were: Richard Gardner, captain; Rodney Engle, Clarence Patmor and Jack Appleby, firemen.

Hose company No. 3 consisted of Charles Crumley, captain; Ray Cartwright, Dwight Ainsworth, Fred Deviney and Ed Terrill, firemen. Members of engine company No. 4 were Glenn Woods, captain; Jimmie Lash, Bill Campbell, and Jack McCarty, firemen. Paul Woods acted as telephone operator. Paul Hendrickson was fire commissioner.

Excursion Fares Announced Today

Round trip popular excursion fares between all stations on the Union Pacific system west of and including Granger, Salt Lake City, Butte, Portland, etc., have again been authorized, it was announced today by W. A. Shook, general agent of Santa Ana. The fares will be based on a cost of 60 per cent of the one way first class fare for the round trip fare. The excursion fares will be on sale May 8 and 9 with a final return limit of May 14.

VICTIM IN BEACH GUN FIGHT DIES

Rafael Murillo, an employee of the Clyde Plavan ranch two miles south of Huntington Beach, who was shot in the stomach with a shotgun, on Florida street in Huntington Beach late Sunday night, died this afternoon at the Orange County hospital.

Francisco Duarte and Salvador Duarte, two Mexicans who were said to have been with Murillo at the time of the shooting, are being held in the county jail in connection with the shooting.

Jesus Ortiz, who was shot in the back of the neck at the same time as Murillo, was said to be on the road to recovery at the Orange County hospital. The body of Murillo was brought to Santa Ana and an inquest will be conducted Wednesday by Coroner C. D. Brown.

County Pastors Trade Pulpits

On an Orange county pulpit exchange among pastors of Presbyterian churches, the Rev. Thomas H. Walker, pastor of the Anaheim Presbyterian church, was guest pastor of the Santa Ana congregation yesterday morning.

The Rev. Mr. Walker preached on the subject "Work—the Night Cometh," and in his sermon stressed the importance of sharing responsibility and taking advantage of opportunities that are offered now instead of putting off for the future.

The Santa Ana pastor, the Rev. O. Scott McFarland, occupied the pulpit at the San Juan Capistrano church.

Mexican Charged With Kidnaping

Wanted in Riverside county on a charge of child stealing, Esequiel Magull, 19, Riverside Mexican, was arrested on the Tuffree ranch Sunday by Deputy Sheriff Merle Dean and Chief of Police Gus Barnes, of Placentia.

The girl, found with him at the time and identified as Rolita Cernates, 14, also was taken into custody and placed in the county detention home. Magull was lodged in jail here and later turned over to Riverside authorities.

WINTERSBURG

Mrs. Emma Pryor, who is visiting at present in the home of her son and daughter-in-law, Mr. and Mrs. J. H. Pryor, was Mrs. Pryor's guest at the H. E. O. Sunday school class party at the First Christian church in Huntington Beach Wednesday, when members entertained their mothers.

Mr. and Mrs. T. J. Holt are entertaining as their guest for the week, Mrs. Holt's sister, Mrs. M. McDonald, who is of Los Angeles. Mr. and Mrs. Charles Blaylock, of Wilmington, were recent overnight guests of Mr. and Mrs. W. W. Blaylock and Mrs. Blaylock's brother-in-law and sister, Mr. and Mrs. Dave Johnson, of Hawthorne, visited with them Tuesday, also calling in the home of Mrs. C. Stockton. Mrs. Henry Winters and daughter, of Costa Mesa, were Tuesday callers in the home of Mr. and Mrs. Blaylock.

Election of officers for the Junior Mooseheart society was held Wednesday evening at Huntington Beach and a number from this community attended.

Mr. and Mrs. David Russell and family were visitors in Los Angeles Sunday.

Edmund Meagher of El Segundo, vice principal of the El Segundo high school, and Mrs. Meagher and their two small sons, Junior and Selbert Meagher, were entertained as Sunday guests by the Rev. and Mrs. W. A. Matson, who following church that night motored to Alhambra, remaining overnight with relatives. Monday, the Rev. and Mrs. Matson motored back to Fullerton, where they attended a ministers' meeting.

Miss Geraldine Gardner and Miss Zelle Nichols motored to Huntington Beach one day this week.

Mr. and Mrs. Dave Gardner and family, members of the W. W. Blaylock and Ray Lucy families, and Miss Zelle Nichols were in El Modena Sunday. They visited with Mr. and Mrs. Horace Moore

and family. Horace Moore, who is a former local resident, is a deputy at Irvine park.

Members of the Pryor family gathered at Irvine park for an evening party honoring Carl Pryor who was celebrating a birthday anniversary. A steak bake was enjoyed and a lovely birthday cake cut for the occasion. The family group present included Carl Pryor and wife, Mrs. Emma Pryor, Mr. and Mrs. J. H. Pryor and sons, Dean and John Pryor, Mr. and Mrs. D. G. Wetlin and family, Mrs. Emma Pryor, Mr. and Mrs. Earl Waffle.

Members of the J. H. Pryor family, Mr. and Mrs. Pryor and Dean and John Pryor were guests with a party of 18 aboard the boat of a friend, which plied between Newport Beach and Ocean-side Sunday, the party enjoying the fishing for the day. Mr. and Mrs. Carl Pryor, who were week end guests in their brother's home, were of the outing party.

The local community was well represented at the benefit entertainment given in Huntington Beach by the men's chorus taught by Mrs. Ruth Harlow, teacher of music in the high school, which was given to raise funds for the needy.

The first lima beans to be planted about here went in the first of the week. Perle Elliott planted five acres Monday on land which he dry farms, and David Russell planted his crop on the Mrs. Emma Young land, Tuesday. Miss Juliette Blaylock visited Sunday at Wilmington in the home of her brother, Charles Blaylock, and also with friends.

FIDELITY SAVINGS

Staunch Loyalty

FIDELITY SAVINGS is a name significant to thousands of prudent savers and investors. It is a name which for more than forty years has stood for staunch loyalty to ideals of conservatism and safety—a name behind which stand long years of faithful, constructive service to investors and savers.

The Fidelity's history is not marked by periods of sudden expansion. The whole success of the Fidelity rests upon steady, consistent growth through the years; upon unremitting service to Southern California, where this institution had its beginnings, and where its interests, as well as those of thousands of its investors, are centered.

Today the Fidelity adheres to the same sound policies and careful management that were established by its founders; the policies which have assured steady growth through the years. But the Fidelity is progressive, forward-looking, alert to every opportunity to increase the scope and value of its service to investors.

Late News From Orange County Communities

Beach Councilmen Seek Better Water For City

COMPLAINTS OF CITIZENS CITED AT BOARD MEET

HUNTINGTON BEACH, April 28.—Councilman Bayard Butcher took a punch at the water company at the council meeting Monday night. He offered a motion, which was seconded by Councilman King and passed unanimously, instructing the city clerk to write a letter to the water company ordering an immediate change in the city water, a better supply of water, or on failure to comply with the request of the council the city would take steps to declare the water unfit for use and to arrange for a new supply of municipal water that would be satisfactory.

Mr. Butcher said the matter had been under negotiation with the water company for many months and that no results had been obtained. He said he had received hundreds of complaints from citizens.

The fight for better water began here in council chamber some time ago. Recently the water company drilled a new well which produces fine water. The well is standing idle and has never been connected with the city mains, it is asserted.

City Attorney Blodgett said in council meeting Monday night that the water company would probably go before the railroad commission and demand an increase in the water rate because

Agreement On Beach Land Purchase Seen

HUNTINGTON BEACH, April 28.—Possibility that the city and the Huntington Beach company, Standard Oil company and Pacific Electric company may get together on a price for the beach in front of the city and end the litigation now pending, was seen in a communication received by City Attorney L. W. Blodgett and presented at the city council meeting last night. He stated that the companies claiming ownership to the beach had agreed to meet the city council members in conference next Friday afternoon at 2 o'clock. Blodgett stated that he would be unable to attend the conference on Friday and asked the council to fix another date. The date was set for next Tuesday at council chamber here.

HOLD FUNERAL OF CHARLES C. JOHNSON

WESTMINSTER, April 28.—The funeral of Charles C. Johnson, well known local resident, took place at 10 o'clock Monday morning from the Westminster Presbyterian church, of which congregation he was one of the oldest members and was for 33 years in this position in the local church and for 18 years clerk of the session.

The Rev. W. T. Wardle, of Los Angeles, who for 11 years was local pastor, conducted the funeral service and several hymns, favorites of Mr. Johnson were sung. The pall-bearers were eight remaining members of the session, H. B. Anderson, W. B. McCoy, O. B. Byram, H. Larter, Thomas Hosack and Herman Thompson and M. J. P. Hill and A. N. Olson as honorary pall-bearers. The interment took place in Westminster cemetery beside the grave of a brother, William Johnson, who passed away last year.

The three remaining members of the Johnson family were present at the funeral, a brother, Benjamin Johnson, of Montana, having joined the sisters, the Misses Kate and Lily Johnson, Sunday.

of the purchase of a five-acre tract of land and the drilling of a 300-foot well.

HUSTON NAMED COUNCILMAN BY BEACH BOARD

HUNTINGTON BEACH, April 28.—J. Ed Huston of the firm of Huston, Suter & Huston, real estate and insurance, was unanimously elected a member of the city council at the meeting Monday night to succeed S. R. Bowen, resigned. Mr. Huston has been a resident of the city for the past ten years, is a director in the First State bank, a member of the library board and prominent in business circles. His election to the council received the applause of an audience of 200 people that filled the council chamber to seating capacity. Councilman Huston was sworn in and took his seat at the council table.

Elson G. Conrad, mayor pro tem, was elected chairman of the board and mayor by unanimous vote of the four councilmen. Mayor Conrad, youngest mayor the city ever had, named Councilman Chris H. King as chairman of the finance committee, the position Mayor Conrad held prior to his election as mayor. Conrad made a short talk expressing his appreciation to the members of the council for the honor conferred upon him. Conrad was virtually raised in this city and has a wide personal acquaintance. He has large property interests in the city, is a director in the First State bank and has oil interests.

The council opened bids on the five recreation buildings planned for the new pier. Schilling & Schilling, Long Beach architects, had estimated the cost of the buildings at \$20,000. There were seven bids received, ranging from \$19,630, bid by Henry Friedman of Los Angeles, the lowest bid, up to \$23,000. All bids were referred to the pier committee for a report and final decision of the council at the meeting next Monday night.

The council also received 11 bids for chairs and card tables to be used as part of the furnishings for the new city hall. These bids will also be acted upon at the meeting next Monday night. The bids varied greatly, according to the quality and style of the tables and chairs.

A petition signed by many prominent citizens asked the city council to give employment to C. R. Conley, former city employee, injured while working for the city and unable to support himself. The petition was referred to the street committee and street superintendent, in whose department Mr. Conley was employed prior to his injury.

Street Superintendent Henry Wirth, in answer to a question asked by Mayor Conrad, stated that the work of opening and grading Joliet street from Geneva to Hampshire had been completed and the street was ready for surfacing and oiling. This gives another connection between Hampshire and Delaware avenues, a needed connection for the benefit of the East Side.

The pier control ordinance was

200 LA HABRANS HEAR TALK BY EVANGELIST OF ARKANSAS

LA HABRA, April 28.—Over two hundred persons gathered at the social hall of the Methodist church last night at the regular meeting of the Methodist Brotherhood to hear John Brown, evangelist, who is conducting meetings in Fullerton.

A dinner was served at 6:30 o'clock by section two of the Ladies' Aid during which music and insurance, was unanimously elected a member of the city council at the meeting Monday night to succeed S. R. Bowen, resigned. Mr. Huston has been a resident of the city for the past ten years, is a director in the First State bank, a member of the library board and prominent in business circles. His election to the council received the applause of an audience of 200 people that filled the council chamber to seating capacity. Councilman Huston was sworn in and took his seat at the council table.

The speaker chose "The Juniper Tree" as his topic. He stated that

most people had three kinds of blues, some spasmodically, some periodically and some perpetually. Even the most perfect characters become discouraged but we should do the best we can and do what we know is right and leave the results with God, the speaker said. Many people start out to work but when they do not get instantaneous results, they give up the job, he said.

"The reason so many people become discouraged at this time is because they have been living on the heels of prosperity and have become so soft and petted that they are not ready for hard times," the Rev. Mr. Brown said. "We have no idea how much our lives are influencing others and we cannot lead others to the hilltop, if we do not get there ourselves."

ANAHEIM HOST AT MUSIC WEEK EVENT MAY 4

ANAHEIM, April 28.—Plans for a music festival to be held in the auditorium of the Anaheim union high school next Monday in observance of Music Week are nearing completion, according to an announcement made today by Mrs. Irene Loose Schoepfle, county music supervisor. The program will begin at 9:30 a. m.

Anaheim will be the host city this year and the program will be under the supervision of Lily E. Hansen, director of music for elementary schools of Anaheim.

Each school in the county will select a group of children to represent it at this festival. This has become an annual event in the county and a custom to which the children in the schools look forward from year to year.

The schools which will share the hospitality of the Anaheim Music department will come from Brea, Buena Park, Costa Mesa, El Modena, Fullerton, Garden Grove, La Habra, Orange, Placentia, Tustin and Santa Ana. Mrs. Schoepfle states that the festival is not a contest.

PICNIC PLANNED

SAN CLEMENTE, April 28.—Residents of Pend-Oreille county in the state of Washington who now reside in Southern California will hold a reunion at San Clemente June 14, according to Dan Mulhern, president of the chamber of commerce. Arrangements for the outing were made by Dr. C. C. Osterkist, of Long Beach, former resident of Newport, Wash.

adopted on second reading. The ordinance is a regulatory measure to protect the new pier.

Former Publisher Addresses Editors At Laguna May 6

LAGUNA BEACH, April 28.—Editors of many newspapers in Southern California are expected to be present at the dinner to be given to S. S. McClure, former publisher, May 6.

The purpose is to bring Mr. McClure's "Science of Human Organization" before the newspaper men. Sumner Crosby is expected to be toastmaster, introducing the speaker.

The meeting is to be held at Hotel Laguna with a dinner at 6:30 o'clock.

WET WEATHER IS BLAMED FOR CAR ACCIDENTS

ANAHEIM, April 28.—Wet weather caused several accidents in Anaheim over the past week end, none of them, however, with serious consequences.

L. J. Sweeney, 520 North Los Angeles street, was slightly injured when a car he was driving crashed into a car driven by Fred Zech, 910 Palmyra street, Orange. According to a report made at the police station by Sweeney, Zech failed to make a boulevard stop at the corner of Palm and Broadway. According to a report made by Zech, neither party saw the other until it was too late to avoid the accident. Mrs. Zech and Alberta Wilfred Zech were injured slightly in the accident.

Patricia Ferris, driver, and Helen Ferris were slightly injured when the car they were riding in was turned over by another car that crashed into them at the intersection of Ball road and Garden Grove road, according to a report made at the police station.

Mrs. T. P. Sharp, 543 South Janss street, received an injured leg in an accident that happened at the corner of Palm and Sycamore streets Sunday night, according to the police. In the report made by her husband, T. P. Sharp, the other car involved in the accident was traveling south on Palm street in the same direction as Sharp was traveling when the car skidded and sideswiped Sharp's car.

Work Started On New Dairy Plant

LA HABRA, April 28.—Construction work is under way on a large barn and plant for the Home Creamery company on East Ocean avenue near the Fullerton Edison plant.

The ranch has been purchased for the dairy by G. J. Gordon, former La Habra banker. On the completion of the buildings the company's herd of 35 cows will be moved here from near Santa Ana.

The new dairy equipment will include modern milk rooms, sterilizing rooms and a distributing plant for La Habra and Fullerton customers. The dairy formerly had headquarters at Fullerton.

SHORT CHANGE ARTIST

ANAHEIM, April 28.—Reports have come to the police that a short change artist is working in this vicinity. The man, when last heard of, was in Whittier and was thought to be working south. He is described as being about 5 feet, 10 inches tall, medium build, light complexion, about 23 years old, with brown hair and eyes. According to the police, he sometimes uses the name of S. M. Duncan.

Anaheim Students Give 3-Act Comedy Next Friday Night

ANAHEIM, April 28.—The combined glee clubs of the Anaheim union high school will present "The Belle of Barcelona," a three-act musical comedy, Friday at 8 p. m. in the auditorium of the school. The play is under the direction of Inez Sharp, music director of the school.

300 ATTRACTED TO PLAY GIVEN IN COSTA MESA

COSTA MESA, April 28.—Over 300 people attended the services at the Community church Sunday, the program being in charge of the members of the Woman's Aid, "Launching Ahead," a religious drama, written and directed by Mrs. C. E. Pratt, of Wintersburg, was produced. The story vividly portrayed the organization and progress of the Aid in the past 40 years.

Mrs. A. F. Hasse gave and expounded a scriptural reading. The early history of the local organization, of 22 years standing, was read by Mrs. F. Long. Mrs. T. E. McFadden read an original poem on the work of the Aid. In the cast were Mesdames Ira Clark, president; V. Coyner, W. L. Anderson, H. B. McMurtrie, Charles Dunn, H. Finch, M. Bennett, and W. B. Mellott. Others included were E. A. Randall, H. Clark, O. B. Fawcett, J. Pangle, C. M. Rollins, L. R. Van Dusen, E. A. Spaulding, J. H. Evans, D. H. Hulbert, C. S. Hummel, E. Chaplin and C. Lamberton.

"The King of Love My Shepherd Is," a duet, was sung by Mrs. Ruth McKenzie and Mrs. A. F. Hasse, with Mrs. P. M. Thompson as organ accompanist. A chorus of 22 voices gave a group of hymns. Mrs. M. Bennett sang a solo number. Dr. M. B. Armstrong led in prayer.

HOLD INQUEST IN DEATH OF WOMAN

BREA, April 28.—An inquest was held today in Los Angeles in the death of Miss Evelyn Rankin, 50, who shot herself in the Y. W. C. A. in Los Angeles Saturday.

Miss Rankin had been a resident of Brea for the past 10 years and is survived by her mother, Mrs. Sallie M. Rankin; a sister, Mrs. Nancy Bailey; two nephews, Rankin and Edward Bailey, all residing at 311 South Orange street, the property of the deceased, and Homer Bailey, a nephew, a resident of Burbank. For a number of years she was in business in Brea and has a host of friends here.

Recently she went to Pasadena where she was employed. She had been in poor health for some time. In a note found immediately after her death she had written: "Impossible to sleep. I want my friends to think of me as I was." Other notes and letters were left to members of her family and a request that her property be given to her sister.

The body will be cremated, according to her desire, and funeral services and interment will be private.

WHEN RUN DOWN

Modesto, Calif.
"When I was a girl my folks at home always used Dr. Pierce's family medicines. I, myself, have taken Dr. Pierce's Golden Medical Discovery when I was in a general run-down state of health and I consider it the best tonic and blood enricher that a person can take. It is so invigorating and strengthening. The 'Golden Medical Discovery' did so much for me that I take pleasure in giving a statement for publication."—Mrs. Modesta Hubley, Route 1, Box 1713. All druggists.

Write Dr. Pierce's Clinic in Buffalo, N. Y. and enclose question list found with medicine for free medical advice.

SONG TITLES FORM LETTER IN RADIO PRIZE CONTEST

A new game and a new chance to win prizes will start tonight over KREG on the program broadcast by Glen Rayhawk, musical saw artist, and Alice Baker, pianist. They will play from 9 to 9:30 p. m.

The titles of the songs which they will play, when written down in the order in which they are broadcast tonight, will make a complete love letter. The person

ist, assisted by Alice Baker, pianist, will be heard from 9 to 9:30 p. m. and from 9:30 to 10 p. m. a studio program will be broadcast.

Christine Lambert, pianist, will present another of her "sticker" programs between 8 and 8:30 p. m. Estelle Card Beaman, reader, will be on the air from 7:30 to 8 p. m.

Freddie Dean and Ruth Murdock, comedy team, will return to the microphone tonight. Their last experience was an airplane ride—and a crash—but they have recovered sufficiently to return to the studio.

From 7 to 7:15 p. m. Dr. Edward Lee Russell, of the county health department, will give an address.

The Shoppers' Guide program will be on the air from 6 to 6:45 p. m. and from 6:45 to 7 p. m. the Radio Guide and news will be broadcast.

who writes them down correctly in their proper order and gets the letter to KREG first will win first prize. The titles of the selections will not be announced during the broadcast.

The Tuesday night programs by these artists will furnish a series of letters between a boy and girl. Prizes to tonight's winners will be awarded by Bloom's Bootery, Candyland and Ralph's Ice Cream store.

Invite Public To Hear Broadcasts At Local School

The Santa Ana high school today extended an invitation to the public to attend the broadcasts in its auditorium each Monday and Wednesday when the programs of the Pacific school of the air are heard over the public address system recently installed there by the Engineering club of the school.

Each Monday from 1:30 to 2 p. m. there is a talk along the lines of educational and vocational guidance. On Wednesdays the subjects are of a general nature and tomorrow Prof. Perigord, of the University of California at Los Angeles will speak on "France and Her People," at 1:30 p. m.

The high school claims to have one of the best public address systems in this vicinity.

FUMIGATION IN VACUUM TOPIC OF RADIO TALK

"Vacuum fumigation is one of the most recent developments in pest control by mechanical or artificial means," D. W. Tubbs, deputy agricultural commissioner, declared in a speech given over KREG last night.

"The principle involved in vacuum fumigation is to place the material to be fumigated in an air-tight chamber which is so constructed as to permit removal of a large amount of the air present in the chamber and then to entrain a poisonous gas under controlled conditions as air is permitted to again take the place of the vacuum within the chamber."

"It can readily be seen that this system permits the gas to permeate the space within the tank in such a manner that it will be drawn to all portions of the product to be fumigated, thus overcoming the first objection to atmospheric fumigation of certain highly condensed loads. Furthermore, in the new type fumigation tanks the gas may be evenly distributed throughout the space by a blower system which removes the gas from one section of the tank and restores it to another."

"In 1923 a vacuum fumigation tank five feet in diameter and 18 feet long was purchased by the county of Orange to be used by the agricultural commissioner's office for fumigating certain nursery stock in order that the same might be moved from an area infested with Citricola scale to another area free from infestations. Recently a tank nearly three times as large as the one first bought has been purchased, so rapidly has the demand grown for vacuum fumigation. During March of this year over 30,000 trees have been treated."

routine and behavior difficulties as causes for the failure of some children to eat.

Talk On 'Hunger Striking Child' To Be Concluded

Dr. Edward Lee Russell, director of the division of child hygiene in the Orange county health department, will conclude a two part address on "The Hunger Striking Child" when he talks over KREG from 7 to 7:15 p. m. today.

The first part of the address was given last Tuesday. Tonight Dr. Russell will outline faulty meal

OFFER PRIZE ON CHRISTINE LAMBERT'S STICKER PROGRAM

Here's another chance to win a prize—provided you are able to "stick" Christine Lambert, pianist, on her program over KREG tonight. She will play from 8 to 8:30 p. m.

The first listener calling in and

asking for a popular number which she can't play will receive a prize to be awarded by the Woodruff Granas company, credit jewelers.

Announcement of the winner will not be made until the end of the program.

ON CHILDREN'S HOUR

Gloria Ray Bradfield, shown here, is a talented young Santa Ana singer and dancer. She will entertain over KREG tomorrow on a program to be broadcast from 5:30 to 6 p. m. under the direction of Lorene Croddy. Although she is an accomplished dancer, her program will be entirely vocal.

Elbert Stewart To Give "Uncle Josh" Readings

Elbert Stewart, Santa Ana boy whose "Uncle Josh" readings over KREG have proved one of the most popular children's hour features, will be on the air again tomorrow on the program to be broadcast from 5:30 to 6 p. m. under the direction of Lorene Croddy.

Gloria Ray Bradfield, also of Santa Ana, who is new to KREG listeners, will sing. Gloria also dances but her program today will be entirely vocal.

Paul, Lou, and Juanita Penrod will be heard today in an instrumental program. Paul plays the violin, while the two girls, Lou and Juanita, are pianists.

Ruler's Birthday To Be Celebrated

In celebration of the birthday of the emperor of Japan, the National Broadcasting company has arranged for an exchange of programs between the United States and Japan to be broadcast in both countries Wednesday morning, from 8:15 to 8:45 o'clock, P. S. T.

Welma Sauvageol To Play Tomorrow

Welma Sauvageol, well known concert pianist, will play over KREG tomorrow on the women's hour program to be broadcast from 10 to 10:30 a. m. under the direction of Genevieve Knox.

The director also will broadcast household hints and news of a group of Orange county merchants.

Rash on Scalp For Fourteen Years. Healed by Cuticura.

"There was a scaly rash on my scalp which extended into my ears. The itching caused me to scratch and irritated my scalp until my nerves were at the breaking point and prevented me from sleeping. My hair fell out and was dull and lifeless. I endured this trouble for about fourteen years."

"I began using Cuticura Soap and Ointment and got relief the first time I tried them, and after using one and a half boxes of Cuticura Ointment and about three or four cakes of Cuticura Soap I was completely healed." (Signed) Mrs. Margaret Cote, R. 1, Box 339, Rivera, Calif., June 17, 1930.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold everywhere. Sample each free. Address: "Cuticura Laboratories, Dept. H, Malden, Mass."

DID YOU KNOW THAT—
Young Charley Wood of the Pirates was striking out lots of the Cubs in a game the other day... after Hornsby had watched three swoops across the plate out of the clouds, and Hack Wilson had struck out, swinging at only one pitch, an official investigation was launched with the suspicion that perhaps Charley was using his own trick resin... Umpires Ernie Quigley, Beans Reardon and Death Valley Scott examined the peculiar pellet Charley was chucking... they found it plain pine resin... O. K., let's get on with the game... but the inquiry must have rattled young Charley, for he put one into the groove for Hornsby next time the Rajah batted, and the ball was forcibly removed from the property, describing a long graceful arc as it departed... which gives rise to the reflection that you can't beat the Cubs by throwing home run balls to Hornsby.

TEA AND GOLF BALLS
British golfers who have been trying for the Ryder cup team that comes to America in early summer for jousts with the Americans have found trouble controlling the new lighter-larger golf ball on their native links. A stiff zephyr from the sea, say they, sends the ball in strange directions, willy-nilly. The British should take a lesson from early American history. When the colonists didn't like British tea they dumped it in Boston harbor. British golfers might hold a gathering at Liverpool and dump a couple of crates of the pesky pellets into the river. Just as a protest.

MEMORIES
Ohio is again to be the scene of a heavyweight championship fight, the first since Dempsey bounced Jess Willard around at Toledo, July 4, 11 years ago. Lots of changes in 11 years! Dempsey, a referee, is through with fighting. Willard, a real estate operator in Los Angeles, is through with fighting, too.

There will be no Tex Rickard to watch crowds pouring into the huge new stadium at Cleveland on the night of July 3, and to exclaim "Never seed nuthin' like it!" Instead of the picturesque wooden octagon, filled with the rumble of the thousands of feet, a ponderous bowl of steel and concrete will house the spectacle this year.

PRELIMINARIES FOR BIG MEET AT LONG BEACH

Preliminaries for the annual Coast Preparatory league track and field championships will be run off tomorrow, rain or shine, but on the Long Beach Poly cinderpath instead of Fullerton's oval, officials announced today. The Fullerton track

is in bad condition due to heavy rains and it is probable that Saturday's finals will be held at Long Beach also.

Coch Clyde Patton will transport a full team of some 55 class A, B and C athletes to Long Beach for the qualifying heats.

OLIVE WINS FROM WESTMINSTER, 12-5

A six-run attack in the seventh inning gave Olive's Packers a 12-5 victory over Westminster in a National Night Baseball league game at Westminster last night. This game, scheduled for tonight, was moved ahead a day in order for Westminster to play a postponed game at Anaheim tomorrow.

Resume Night Ball Schedule

NEW TEAM IN DEBUT AGAINST WHITTIER CLUB

National Night Baseball league teams, Santa Ana and Anaheim excepted, resume this evening the pennant race that was rudely interrupted by rain Friday.

With Santa Ana's Bowl resembling a gun club duck pond, there is no chance whatever for the Stars to play their old rivals, but everywhere else managers report fast drying diamonds and games as scheduled.

Long Beach will play at Garden Grove tonight. L. A. Aubuchon, business manager of the Peppers, says the Garden Grove park is in good condition, due to the sandy soil prevailing, and anticipates a good turnout with no game on either Santa Ana or Anaheim schedules.

JACK ROBERTSON, manager of the Huntington Beach Oilers, reports his grounds in playable condition too, and anticipates a big crowd for the opening game of the season at the Ocean avenue enclosure. Huntington Beach meets Perry Maynard's Fullerton Hawks.

Many baseball eyes will be riveted on Whittier where Claude Anderson's North Long Beach team, newest member of the con-

Helen Moody Spurns Film Work Offer

SAN FRANCISCO, April 28.—(UP)—Helen Wills Moody, back today from the Ojai valley tennis tournament and a visit to Hollywood, definitely set at rest reports that she would relinquish her amateur standing and enter the movies.

"I have had many offers in the last two years," the American tennis star said, "but I have not accepted any of them. I am going to continue playing as an amateur for the present."

Mrs. Moody conferred in Hollywood with Stanley Bergerman, an official of the Universal studios, and it was rumored that she would follow in the footsteps of Bobby Jones and take up a film career.

'TITLE' STAKE IN SHARKEY'S CARNERA BOUT

By LES CONKLIN (I.N.S. Sports Writer)

NEW YORK, April 28.—The scheduled 15-round bout between Jack Sharkey, American heavyweight champion, and Primo Carnera, winner of the Trojan cross country championship last winter and outstanding two-miler at the start of the season; Blanchard Beatty, only returning veteran in the javelin throw and a point winner against Stanford, captain and star of the 1930 freshman team and a leading high hurdler prospect.

Although five of his entries have been either out of competition or far below form recently due to sickness or injuries, Coach Cromwell has no complaint and believes that the improvement of his men who have escaped the injury jinx will offset the losses and handicaps that must be expected among any squad of athletes.

Bob Hall's injured wrist, the result of a football accident, appears to be in better condition than at any time so far this season and for the first time he will have an opportunity to reach the form in the weights that he had last year.

Howard Paul To Compete

Trojan broad jump entries probably will include Howard Paul of Santa Ana, winner of the event against Stanford last year, but as a pulled leg muscle has kept him from jumping in practice all season his value against the Cards is doubtful.

Jim Stewart's lame back, the result of a trio of ribs trying to jump away from his spine, appears to be rapidly getting no better, which will leave Trojan high jumping duties chiefly to Duncan McNaughton and Will Brannon, a pair of new comers on the S. C. team.

Duncan Flowers, who has been handicapped by a leg injury since early in the season, appears to be back in shape. Before his injury, he ran the low hurdles in 23.45 seconds. Francis Hammett, miler who was on the sick list with a severe attack of flu, is again ready for a hard race although considerably behind his teammates in his conditioning.

Off-setting the injury list, the Trojans have Frank Wykoff, Vic Williams, Ernie Payne, Cliff Halstead, and other leading stars in top form. Wykoff is running the 220 much better this season than last and the Southern Californians look to him for victories in both the century and furlong just as Stanford men expect Ben Eastman to take both the 440 and 880.

The Brooklyn Robins lost their ninth contest in 11 starts yesterday when they were whipped by the New York Giants, 3 to 5. The Giants batted around in the first and drove Joe Shute and Day from the mound before either had retired a man. Gallivan, a rookie, halted the rally after the New Yorkers had counted six times. Brooklyn could do nothing with the pitching of Hubbell until the eighth inning when they combined three bases on balls and a single for three runs.

The other National league contest scheduled between Chicago and Cincinnati was postponed because of cold weather.

Trojans Plan Hard Workout For Stanford

LOS ANGELES, April 28.—Anxious to bring his men back to top form for the Stanford meet at Palo Alto Saturday and to overcome a sluggishness that has developed among some of his star performers due to a four-day lay-off over the past week end because of rain, Coach Dean Cromwell plans to give his University of Southern California track squad a hard workout at Bovard field tomorrow.

Three-thirtieths for the quarter-milers, 660's for the half-milers, three-quarter-miles for the distance men and plenty of starts and short dashes for the sprinters and field event performers are on Coach Cromwell's program. Training will ease down Thursday and will be reduced to light jogging and limbering up Friday.

The Trojan party, tentatively set at 27 athletes, will leave here on the Southern Pacific "Lark" at 8 p. m. Friday, arriving at Palo Alto at 8:45 a. m. Saturday. Morning will be spent in rest at a Palo Alto hotel. After the meet the boys will take in a movie at Palo Alto and enroute on the Lark at 8:43 p. m., arriving back in Los Angeles at 9:30 a. m. Sunday.

Full Strength For Cards

Except for three men whom injuries have forced out for the season, the Trojans expect to have their full strength against Stanford. The three who are definitely out are Dwight Humphrey, winner of the Trojan cross country championship last winter and outstanding two-miler at the start of the season; Blanchard Beatty, only returning veteran in the javelin throw and a point winner against Stanford, captain and star of the 1930 freshman team and a leading high hurdler prospect.

Although five of his entries have been either out of competition or far below form recently due to sickness or injuries, Coach Cromwell has no complaint and believes that the improvement of his men who have escaped the injury jinx will offset the losses and handicaps that must be expected among any squad of athletes.

Bob Hall's injured wrist, the result of a football accident, appears to be in better condition than at any time so far this season and for the first time he will have an opportunity to reach the form in the weights that he had last year.

Howard Paul To Compete

Trojan broad jump entries probably will include Howard Paul of Santa Ana, winner of the event against Stanford last year, but as a pulled leg muscle has kept him from jumping in practice all season his value against the Cards is doubtful.

Jim Stewart's lame back, the result of a trio of ribs trying to jump away from his spine, appears to be rapidly getting no better, which will leave Trojan high jumping duties chiefly to Duncan McNaughton and Will Brannon, a pair of new comers on the S. C. team.

Duncan Flowers, who has been handicapped by a leg injury since early in the season, appears to be back in shape. Before his injury, he ran the low hurdles in 23.45 seconds. Francis Hammett, miler who was on the sick list with a severe attack of flu, is again ready for a hard race although considerably behind his teammates in his conditioning.

Off-setting the injury list, the Trojans have Frank Wykoff, Vic Williams, Ernie Payne, Cliff Halstead, and other leading stars in top form. Wykoff is running the 220 much better this season than last and the Southern Californians look to him for victories in both the century and furlong just as Stanford men expect Ben Eastman to take both the 440 and 880.

The Brooklyn Robins lost their ninth contest in 11 starts yesterday when they were whipped by the New York Giants, 3 to 5. The Giants batted around in the first and drove Joe Shute and Day from the mound before either had retired a man. Gallivan, a rookie, halted the rally after the New Yorkers had counted six times. Brooklyn could do nothing with the pitching of Hubbell until the eighth inning when they combined three bases on balls and a single for three runs.

The other National league contest scheduled between Chicago and Cincinnati was postponed because of cold weather.

State Title For Winner Of S. A. Bout

The Zenaydo Chavez-Jimmie Rivera 10-round bout at the Orange County Athletic club Thursday night will be for the California Mexican welterweight championship. Matchmaker Benny Whitman said today.

Whitman explained that the state boxing commission, through Dr. Harry Martin, Los Angeles representative, had approved this arrangement.

Chavez and Rivera were putting the final touches to their training program this afternoon, Rivera working out here and Chavez in Long Beach.

Meeting of the local favorites, Chavez winning the first bout and the second being a draw. The supporting card is Bob O'Hara vs. Jackie Stewart, 148 pounds, 6 rounds; Harry O'Hannigan vs. William Venable, 160 pounds, 6 rounds; Ned Herman vs. Santos Maniana, 112 pounds, 4 rounds; Paul Gomez vs. Duke Hays, 148 pounds, 4 rounds.

VETERANS FIND COAST LEAGUE BALL TO LIKING

BY JAMES S. SHEEHY (United Press Staff Correspondent)

SAN FRANCISCO, April 28.—Perhaps it is the climate, but the fact is that a group of former major baseball stars are displaying an unusual batting punch and power in the three weeks' old race for the 1931 Pacific Coast league championship.

Take Homer Summa, former Cleveland and Philadelphia outfielder, as an instance. Satisfied with his berth at Los Angeles, Summa is hitting better than .400, is still fast on the bases and his grace and judgment in handling drives are well known.

On the same club, Arnold Stutz roams deep in center field and is a joy to his teammates pitchers in pulling down potential two and three base hits. Back of the bat, old Harry ("Truck") Hannah of the Angels appears to improve with age.

Outstanding in the success of the twice-champion Hollywood club are Johnny Bassler and Hank Severid, veterans of many campaigns in the American league. Not quite fast enough for the majors, these catchers are a potential hitter and Bassler is dangerous.

Their hitting, handling of pitchers and throwing may again bring Manager Oscar Vitt's team the pennant.

In felt field for Hollywood there is a youth who may in a season or two be acclaimed one of the New York Yankees' star gardeners. He is Jess Hill, former Southern California football player. Hill has everything—dazzling speed and baseball instinct. He is a good fielder, good hitter and has the will to win. Through Bill Essick, Yankee scout, who recommended him to Hollywood, the Yanks are said to have first call on him.

Abbott Pops Portland

The startling drive of the Portland club to a point where it appears as a pennant contender this year may be ascribed to Manager Abbott and the zip he has instilled into his veterans. Bill Rhief, former Boston Nationals second sacker, is hitting beautifully. He played part of the time in a Sunday double-header with a badly spiked leg and cracked out five successive hits. He is hitting .490.

Ira Flagstead, ex-Red Sox and

(Continued on page 18)

LONDOS BOUTS TO BE BILLED AS EXHIBITION

BY BILL CARTAN (I. N. S. Sports Writer)

CHICAGO, April 28.—The first serious effort to clean up the wrestling business and give the public "real, honest wrestling contests instead of farcial hippodroming" was started today by the Illinois Athletic commission, headed by Gen. John V. Cline, who also is connected with the National Boxing association.

The commission was spurred to action through the controversy resulting from the claims of two prominent figures in the mat game, Jim Londos and Ed ("Strangler") Lewis, both of whom claim the heavyweight wrestling crown.

At a special meeting, the commission gave Londos 10 days in which to post a forfeit for a match with Lewis, who claims he has defeated Londos 13 times. If he failed to accept Lewis' challenge, the commission ruled that Londos' future engagements in Illinois will have to be billed as "exhibitions" instead of "contests."

States Will Be Notified

"Moreover," Gen. Cline declared, "all the states and foreign countries affiliated with the National Boxing association will be notified of our action here and I have no doubt we will get their support."

The special session of the commission followed a visit to the commission's offices by Lewis and his manager, Billy Sandow, who posted a \$5000 forfeit along with a challenge to Londos. With Lewis' check, Gen. Cline telephoned an invitation to Londos' manager, Ed White, to visit the commission's office and talk things over.

That White declined to do, stating that "for reasons of his own" he would not consent to a Londos-Lewis match.

The commission's action followed.

Would Stoop Faking

"We think the time has come to call a halt to the same old hippodroming that brought the wrestling game into disrepute," Gen. Cline stated.

He explained that the ban against wrestling in the state had been removed in the hope that "wrestlers had learned their lesson, but in the last six months, he observed, there has been an overabundance of fake holds, groins and grunting to capture the fancy of the fans."

"We are going to put an end to this trickery," Gen. Cline concluded.

O'HANNIGAN TRIMS MAYS IN PISMO GO

Harry Patrick O'Hannigan, Santa Ana middleweight, was back in town today from Pismo Beach, where he won his sixth straight bout Saturday night, stopping Johnny Mays in the fourth round of a semi-windup. Bobby O'Hara, another of Billy Darnley's local fighters, got a six-round draw with Freddie Hawkins in the special event.

Swimming Queen Equals Own Mark

VIRGINIA, Minn., April 26.—(UP)—Helene Madison, Seattle swimming star, equaled her own world record for the 100 yards free style event in an exhibition here last night. The time was 1:00.3. She and three members of the Washington Athletic club relay team participated in the second annual Virginia high school invitation relays.

Orange County Golf Course, 3-4 mile west Orange county fair grounds will not open May 1st as advertised. Watch for our opening announcement later.—Adv.

BOSTON BRAVES, OLD MIRACLE TEAM, LEAD NATIONAL LEAGUE

BY LEO H. PETERSEN (United Press Staff Correspondent)

NEW YORK, April 28.—(UP)—The Braves of Boston, who haven't done anything in particular since the "miracle" team of 1914 won the National league pennant and carried through to a world's championship, are on the warpath.

A 2 to 0 victory over the Philadelphia Phillies climaxed a brilliant drive that landed Boston in sole possession of the league leadership yesterday. The Braves, whose pitchers have flashed in the best form of any hurlers in the circuit, have won five of their last six starts, and are a full game ahead of the second place Chicago Cubs.

"Socks" Seibold had another of his good days and held the Phillies to four hits. Bengie held the Braves to six but they bunched three of them in the third inning for two runs.

The St. Louis Cardinals were toppled from first place when they were defeated by the Pitts-

Dancer Sues Ball Club for \$55,000

SAN FRANCISCO, April 28.—(UP)—A professional dancing career was ruined by a blow in the face with a baseball, Miss Louise Wagner charged today in a \$55,000 damage suit against the San Francisco baseball club, owner of the San Francisco Seals of the Pacific Coast league, and the Recreation Park association. Miss Wagner said she was watching a game between the Seals and the Los Angeles Angels when a line drive struck and injured her.

CHINESE HERBS AND TEAS

Our Chinese Herbs have cured thousands of people suffering from ailments which others have tried to cure and failed. One or two trials will convince the most skeptical person. For any chronic ailment of both men or women, we never fail to get the results. Try us before it is too late!

Our Herbs are especially good for Liver, Stomach, Kidney and Bladder disorders, Neuralgia, Asthma, Rheumatism, Female trouble and Urinary disease.

We also have some of the very best tea. It is new and different. A trial will convince you.

Mother-Daughter Banquets Arranged By Churches

PROGRAMS TO BE PRESENTED COMING WEEK

ORANGE, April 28.—Several mother-and-daughter banquets have been arranged for the week preceding the observance of Mother's day on May 9. The First Methodist church and the First Presbyterian church have reservations have been made and it is expected that about 200 will be present at the banquet at the Epworth hall May 6.

A program is to be given and this part of the evening's entertainment will include a play. Mrs. Charles Robinson is the business manager for the event, Miss Hester Robinson is in charge of the program and Miss Clara Worrell is in general charge of the entire affair. Miss Norma Tantlinger will act as toastmistress.

At the First Presbyterian church the banquet is to be given on Saturday evening, May 9, in order to give college girls who are to be home for the week end an opportunity to attend. The banquet is in charge of Mrs. B. D. Stanley.

At the First Christian church on May 9 the banquet arrangements are in charge of Mrs. B. J. Fletcher, who will have as assistants and heads of committees Mrs. David Wetlin and Mrs. Walter Kogler. "Our Rainbow" will be the theme of the program and polychrome hues will be carried out in the decorations for the event.

In connection with the banquets the provisional board of the Y. W. C. A. is conducting a poster contest for which prizes are to be awarded. Girls of the intermediate and grammar grades are eligible for the event. Mrs. Cal Lester is the chairman in general charge. Posters will be judged by Mrs. M. M. Fishbach, Mrs. R. C. Patton and Mrs. C. Wesley Kolkhurst, who return their decisions on Friday of next week, and afterward the posters are to be placed on exhibition in downtown windows.

Four generations are expected to be present at the First Christian church banquet, when Mrs. G. A. Gates, who is 80 years of age, will be accompanied to the affair by her daughter, Mrs. Jeff Moran; her granddaughter, Mrs. Harold Moody, and her great-granddaughter, little Dolores Moody, who is 8 months old.

TAKES REST

Miss Sue Scarritt, who has retired as superintendent of the beginners' department of the First Presbyterian church after 23 years.

EL MODENA

EL MODENA, April 28.—Mr. and Mrs. Luther Barnett and family spent the week end with relatives in Brawley.

Mr. and Mrs. Donald Smiley made a business trip to Los Angeles recently.

El S. House, who has been visiting in the home of his daughter, Mrs. Joseph Bricks, has returned to the home of his son, Henry House, in Irvine.

Mr. and Mrs. Charles Ralph were Long Beach visitors Saturday afternoon.

Miss Louise Ward, of U. C. L. A., spent the week end with her mother, Mrs. Ward, of North Alameda street.

Audrey and Jack Hancock were recent over night guests of their uncle and aunt, Mr. and Mrs. Phil Blower of Santa Ana.

Mrs. Clarence Johnson recently enjoyed a visit from Miss Florence Wood and little niece, Betty Mae Wood, of Anaheim.

Among those from El Modena to attend the banquet at the Orange high school Friday evening were Mr. and Mrs. George Woods and son, Roland; Mr. and Mrs. George R. Stoner; Mr. and Mrs. L. W. Evans; Mr. and Mrs. Wase Flipper; Mr. and Mrs. Charles Armstrong; and Mr. and Mrs. Joseph Hancock.

MISS SCARRITT RETIRES AFTER 23 YEARS' WORK

ORANGE, April 28.—Miss Sue Scarritt, for 23 years superintendent of the beginners' department of the Sunday school of the First Presbyterian church, was the honored guest last night at a dinner meeting of officers, teachers and heads of departments of the school in the small dining room of the church. Nearly 100 were present.

The tables were beautifully decorated by high school girls and at a business meeting which followed the dinner, the report of the nominating committee presented by Harvey Emley was accepted.

Officers who will head the school the coming year are Ray Warren, superintendent; J. T. McGinnis, assistant secretary; Walter West, secretary; Glen Ruggles; treasurer; Edith Culter, assistant secretary; Mrs. B. D. Stanley, press chairman. Mrs. Henry Joost will succeed Miss Scarritt as superintendent of the beginners' department. She has been assisting her in this work for some time.

Miss Scarritt was presented with a check for \$223.60 by Ray Warren and she made a delightful response when the gift was presented to her, combining the humor for which she is well known, with well defined regret that she felt that she must terminate her long years of service in the department. Harry L. Hines was chairman in charge of making arrangements for the gift.

Mrs. C. E. Wood spoke of the gratitude of the mothers of the church to Miss Scarritt. She, herself, she said, grew up in the Sunday school, was in the primary department under Miss Scarritt, and her own children had attended the department since Mrs. Wood read a poem written by her mother, Mrs. D. F. Campbell, which was dedicated to Miss Scarritt.

Kenneth Stowell spoke from the standpoint of the high school students who had begun their Sunday school attendance under the supervision of Miss Scarritt and traced her influence in the lives of her students.

Alfred Higgins, who was superintendent of the school when Miss Scarritt began her duties, told something of the growth of the school which at that time had less than 100 pupils and now has about 750.

ORANGE PERSONALS

ORANGE, April 28.—The Mothers' club of the American Legion auxiliary met yesterday at 10 o'clock in the Legion hall. A pot luck dinner was served at the noon hour. The time was spent in making quilt blocks.

Dr. Robert Burns McAulay left yesterday for the San Anselmo seminary near San Francisco, where he will attend commencement and a meeting of the board of trustees of which he is a member. He is expected to return the latter part of the week and will be joined at Sacramento by Mrs. McAulay and son, Bobbie, who have been visiting relatives there for the past week.

A May day card party will be given by the American Legion auxiliary tomorrow evening at 8 o'clock in the Legion hall. The public is invited. Mrs. Louis Frostefer and Mrs. Nell Ragan are the members of the committee for the decorations. The refreshment committee includes Mrs. Louise Maier and Mrs. Clara Haines.

A birthday dinner for Mrs. Jacob Ditchey, 73, mother of Dayton Ditchey, was held Sunday at the home of Mr. and Mrs. Dayton Ditchey, 421 South Orange street. Plates were laid for Mr. and Mrs. Ward Ditchey and children, Charles, Marlin, Carlene, Lola, Vernon, of Riverside; Mr. and Mrs. Dayton Ditchey and children, Sterling, Lola June, and Stewart; and Mr. and Mrs. Jacob Ditchey.

Midweek prayer service will be held at the Mennonite church Wednesday with the pastor, the Rev. S. M. Eldsath, bringing the message.

The toastmasters' section of the Woman's club met in the club-

SERVICES FOR ISAAC WILBUR HELD THURSDAY

ORANGE, April 28.—On Thursday at 3 o'clock at the Gilgoly Funeral chapel private funeral services are to be held for Isaac Wilbur, 97, who passed away yesterday at his home, 131 North Harwood street. Interment will be made in Fairhaven cemetery and the services will be conducted by the Rev. C. C. Bentley of Long Beach, former pastor of the Orange Christian church.

Mr. Wilbur was born in the state of New York and had been a resident of this city for 31 years, coming here in 1900. Mrs. Wilbur passed away 22 years ago.

Surviving Mr. Wilbur are two daughters, Mrs. Carrie I. Lewis of this city and Mrs. W. C. Henderson of Hemet; one son, H. W. Wilbur of Los Angeles; two brothers, E. H. Wilbur of Whitewater, Wis., and W. C. Wilbur of Milton, Wis.; 22 grandchildren and 20 great-grandchildren.

house for a 12 o'clock luncheon yesterday. Members responded with current events at roll call. Mrs. W. W. Perry was the toastmaster of the day. Mrs. C. F. Rowell responded with a toast on "The Art of Thinking." Mrs. Donald Smiley on "The Art of Conversation," and Mrs. David Wetlin on "The Art of Living." Mrs. W. C. Pixley was the critic of the day.

AUXILIARY IN PLANS TO SELL POPPIES IN MAY

ORANGE, April 28.—Tentative plans for Poppy day were made at the meeting of the American Legion auxiliary yesterday afternoon. It was announced that the day would be observed some time the latter part of May. It is expected that a table will be installed in the plaza.

The poppies to be offered for sale here are made by disabled veterans at San Fernando who receive little or no government compensation. Mrs. Edna Franzen, president, announced. Last year, Mrs. Franzen stated, about \$100,000 was realized from the sale of the poppies and the sum was used for welfare work for disabled veterans and their families. Material for the poppies is furnished by the auxiliaries.

Mrs. Franzen also announced a dinner dance for Legion members of the 1st district in Los Angeles Saturday at 7 p. m. Further information about the affair and reservations for it may be obtained from her, she said. Sport clothes are to be worn.

A report was given by Mrs. Anne Chapline of the meeting of the county council at Newport Beach. Mrs. Nell Regan and Mrs. Louise Frostefer gave a report of the fifth area meeting at El Centro on April 25 and 26. Those who attended from here included Mr.

School Students Invited To Enter Auxiliary Contest

ORANGE, April 28.—High school students are asked to enter a poster contest to be sponsored by the Orange Legion auxiliary to advertise Poppy day the latter part of next month. A first and second prize will be offered for the poster. Mrs. Edna Franzen, president of the local organization, announced this morning.

Mrs. Franzen also announced a special meeting of the local auxiliary here on May 29, when members of the local welfare board are to be guests. The affair has been arranged as a part of the Poppy day program.

PLAN AUTO TRIP

SAN CLEMENTE, April 28.—Preparing for a three months' tour, Ike Harmel, proprietor of the San Clemente meat market, has closed his business. Mr. and Mrs. Harmel will leave May 9 for a tour of the middle west, where they will visit their parents and friends in Indiana and Illinois.

The Harmels are property owners in the Spanish village and will lease their apartment building while away. They have not decided upon their business future when they return from their trip.

DURHAM, N. C.—Professor John S. Bradway, professor of law in the University of Southern California, will join the Duke University law faculty next September.

and Mrs. George Franzen, Mesdames Nell Regan, Louise Frostefer and Anne Chapline.

STORM WATERS CARRIED OFF BY NEW DRAIN

ORANGE, April 28.—Orange residents expressed satisfaction yesterday with the way storm waters were disposed of during the rains. The plaza square, formerly flooded during rains, was entirely free from water and in other sections of the city the water quickly entered the catch basins.

According to City Engineer C. C. Bonebrake, the water was about a foot deep in the big drain pipe. Many persons, Bonebrake says, have inquired if this water could not be conserved, but he stated none of it in an ordinary storm reaches the ocean but filters through the sand in the Santa Ana river to the underground basin.

Bonebrake recalled two recent floods when the Santiago creek carried a large amount of water during the storm of April 6, 1926 and on February 16-17, 1927. The Santiago dam now under construction will aid in keeping the water from the creek here, Bonebrake said.

DROUGHT KILLED FROGS
TAZEWELL, Va. — Tazewell county farmers report an absence of frogs this spring, and it is thought thousands of them perished in the great drought. Last year their music was heard nightly, but so far few sounds of frogs have been heard this year.

PASTOR TALKS ON 'CRIPPLED CHRISTIANS'

"Crippled Christians" was the theme of the sermon delivered at the Church of the Nazarene yesterday morning by the pastor, the Rev. U. E. Harding. "Ye did run well; who did hinder you that ye should not obey the truth," words of Paul to the Galatians, formed the scrip-

ture text. Special music was given by the Ward trio of Orange. "The church of today," said the Rev. Mr. Harding, "contains too many crippled Christians. In the physical realm we give the most careful attention to conditions of proper growth and development; we take great pride in splendid physical specimens, and the presence of someone in our homes who is not up to par physically is a source of humiliation and sadness and deep concern. We have organized a great educational system to provide for the fullest development of the minds of our children, and glory in intellectual achievement, being, at the same time, moved to pity and solicitude for that one who is deficient mentally. "But in the realm of the spiritual we seem not to be so concerned.

We are inclined to treat lightly and overlook weakness. The presence of a spiritual dwarf in our midst causes no concern or humiliation. Around us are numbers of people with crippled faith and we either fail to perceive the sad fact, or are indifferent to its meaning or remedy. In our groups are those who show no signs of normal development in Christian living, and we are not stirred by its tragedy. "The great Apostle Paul often likened the church of Jesus Christ to an army, organized and equipped for heavy, aggressive fighting in a battle to the death. But in too many instances the church, instead of being a barracks of stalwart soldiers, is a hospital full of invalids. Ministers are called 'doctors,' and it would seem, judging from the usual occupation of the deaconesses, that these good women should be called 'nurses.' God is calling us to leave the infant stage of spiritual life and step out into the adult life of grace wherein we may properly be said to have attained to the stature of a man of God."

In a sermon prelude on the subject, "Santa Ana's School Situation," the Rev. Mr. Harding declared that he was adopting the policy of "watchful waiting" and that this should be the attitude of the church people of this city. "If the high moral standards of the past, standards for which Santa Ana is widely and favorably known, are not maintained," he stated, "this pulpit will not be silent on the matter."

DIVORCE DECREES GRANTED TO FIVE

First court decrees toward final marital freedom were granted by Judge George R. Freeman of Riverside county Friday to five wives and one husband after hearings before him in the Orange county superior court. Judge Freeman was on the bench here in exchange with Judge James L. Allen, who was transferred to Riverside county.

Cruelty and desertion were grounds on which the interlocutory decrees were granted by the court. Those under desertion went to Dr. Daniel Burgeson, of La Habra, from Dr. Edna Burgeson; to Louise M. Tullos, of San Juan Capistrano, from Arvil M. Tullos; and to Lillian Pahre, of Santa Ana, from Hubert Pahre. The three decrees on grounds of cruelty were awarded as follows: to Esther L. Preston, of Santa Ana, from M. A. Preston; to Edith Thomson, of Villa Park, from H. C. Thomson; and to Mrs. J. F. Kelsey from Joseph Klersey, of Santa Ana.

Builders To Hear C. W. Huntington

Colonel Carlos W. Huntington, director of the state department of professional and vocational standards and registrar of contractors, will be the principal speaker at the next general membership meeting of the Orange County Builders' Exchange, to be held May 5 at 6:30 p. m. in the Anaheim Elks club, it was announced today by Frederic Sanford, secretary of the Exchange. A special invitation is extended to all building inspectors, bankers, building and loan associations, attorneys and realtors to attend this meeting, Sanford declared.

Court Notes

T. F. Shea and his wife have brought suit against John E. McKim and wife, asking rescission of a contract for the purchase of property in Buena Park. The contract was signed in 1922 and terms completed April 13, 1930, after the plaintiffs paid \$2300 principal, the agreed price, and \$550 in interest and \$75 in taxes. They ask judgment for \$2925, asserting that the defendants refuse to deliver a good and sufficient deed and are in fact unable to do so as they do not possess title.

Teresa Ramirez has sued Charles Ramirez for divorce alleging failure to provide and desertion. They were married in 1924 and separated in 1929 and have two children. Charles Swanner is attorney for the plaintiff.

'HOW TO PRAY' IS SUBJECT OF CLASS TEACHER

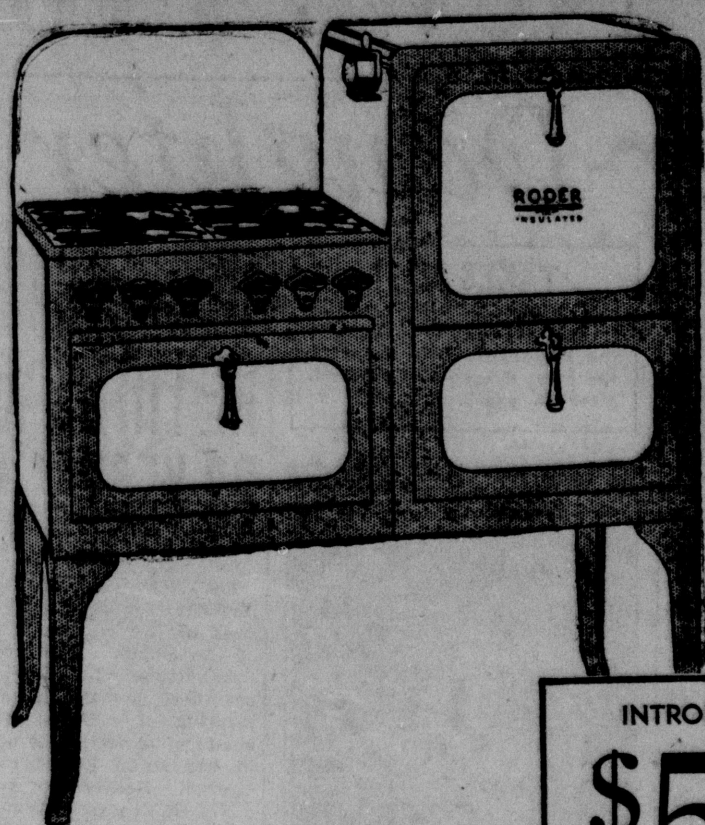

The importance of prayer and the preparation for receiving that which was sought in prayer was discussed yesterday morning by the Rev. Walter S. Buchanan, teachers of the Men's Community Bible class at the service in the Fox West Coast theater. The subject of the lesson was "How to Pray," and it was based on the text, "Lord, teach us to pray," Luke 11:1. "The disciples wanted Jesus to teach them how to pray because they saw the wonderful look on His face and the peace and comfort which filled Him after a night of prayer on the mountain," the pastor said. "No man can pray earnestly and truly without having a changed face which in turn results from a changed heart."

"What is lacking in the church and in the world today is prayer. Those who pray are indeed few. Some utter words of prayer but their hearts and souls are not in what they are saying and they are not prepared to pray. Jesus has said that we must constantly pray for the things which we need in this way we are being prepared to receive the gift of God. "When the pharisee stood in a public place and prayed aloud telling God what a wonderful fellow he was and all the good things he was doing, and the publican told only of his sins and asked them forgiven, Jesus said that the publican was blessed more than the other. He was truly penitent."

We need to have hearts that are sincere and in tune with God in order to pray and to prepare ourselves for the work that is to be done."

Four Robberies Occur At Orange

Four robberies were committed over the week end. F. H. Lewis made a report stating that seven hens had been stolen from his residence at 141 South Clark street. Richard J. Friedmann, 224 East Chapman, reported that the window in his service station at the above address had been broken and \$5 worth of cigarettes taken. F. J. Paul, 604 West Palmyra, reported the theft of 60 feet green ribbed garden hose from his home. A new tire stolen from the spare rack of a car belonging to W. M. Jenks, 328 South Shafer, while it was parked near the Orange theater last night.

NOT 10, But 13 MILES WITHOUT OIL — GRAFOLEUM Stood the Test Saturday

The Ford Car was driven 13 miles, not 10 miles, without oil to prove after using Grafoleum long enough to produce the graphoid surface, the bearings would stand even more than ten miles before it was necessary to stop.

The Motor Was Driven at Different Speeds Up to 55 Miles Per Hour

This test was made to prove that liquid Colloidal Graphite dissolved in Grafoleum oil, is forced into the pores of the bearings, pistons and piston rings, making a smooth Graphoid surface on all working parts, that is a film of protection against wear when oil films break. Highly polished metal surface is smooth to the naked eye, under the microscope the surface will have the appearance of a rough file, and when driving at high speed all globules will break, allowing these rough surfaces to come in contact, cause heat, friction and rapid wear.

GRAFOLEUM IS BETTER THAN THE BEST OIL

Grafoleum is the highest quality 100% pure paraffine base oil, plus liquid Colloidal Graphite, and when used for lubrication will add 40% longer life to all working parts of the engine, as the Colloidal Graphite is forced right into the pores of the metal bringing out rough file surface like smooth plate glass that is friction proof for ten miles or more, even when there is no oil in the crank case and the drain plug left out, this test was made to prove this statement last Saturday before the eyes of thousands

GRAFOLEUM Knowledge Will Save You Money

Books can be obtained at your public library giving the opinion of the worlds best authorities on lubrication with Colloidal Graphite suspended in lubricating oils. Grafoleum is the discovery of 19 years in research and development by lubricating authorities, every statement made has been proven

City Council Accepts Resignation Of Clyde Jenken

ENGINEER TO
LEAVE OFFICE
ON MAY FIRST

By a vote of four to one, the negative being cast by Paul Witmer, councilman from the third ward, the resignation of Clyde Jenken, city engineer, was accepted by the city council last night, bringing to a close a debate that has been heard in political circles here for the past several weeks.

The motion to accept the resignation was made by Councilman E. G. Warner, and seconded by Councilman A. C. Hasenjaeger. Councilman McBride who worked with Jenken for four years and Mayor John Knox also voted "yes."

The vote came after a speech from Councilman Witmer in which he pointed out the many improvements and savings that Jenken had accomplished here during the past four years and after his statement that he believed that the council would be making a mistake to accept the resignation.

An agreement, reached by the members of the council in executive session allows Jenken to remain as city engineer until midnight on May 31, after which time he will be given two weeks' vacation with pay, it was announced by Mayor Knox, and the motion to accept the resignation was passed with this understanding.

"This has been a serious problem in the hearts of many in this community," Mayor Knox stated, "and I think the resignation is unqualified. We agreed to keep Mr. Jenken until the first of June. His job is a mighty important one, the most important one in the city and he has filled it well," he stated.

Knox also touched on the number of friends that Jenken has in Santa Ana and said: "The height of my ambition is to have as many friends as he has when I go out of office."

Jenken's resignation was handed to the council voluntarily, Knox pointed out.

The city of Santa Ana may have a baseball team in the Santa Ana city league this summer, but whether it will get any financial backing from the city council is problematical.

A communication from James Pearson, manager of the team, asking for financial aid, was read to the council last night, but the matter was put over for one week while the city attorney decides whether money can be handed out for this kind of an enterprise.

Boys Take Over
City Affairs
For One Night

National Boys' Week was observed at the meeting of the city council last night, when boys from the Santa Ana high school appointed as "city officials" for the evening "took charge" of the city's affairs.

The boys were introduced by Mayor John Knox and were given the reins of the government.

Boys who appeared were: Bill Gibbs, councilman; Robert MacFarlane, mayor; Paul Hendrickson, councilman; George Munro, city judge; Bill Friend, councilman.

PERSONNEL OF
FIRE FIGHTING
FORCE INTACT

The Santa Ana fire department will be left intact during the next four years.

This was announced last night at the meeting of the city council, when Councilman Paul Witmer asked for the re-appointment of John Luxembourger, as fire chief, and the council voted unanimously to retain him.

Witmer stated at that time that he would have no changes to make in the personnel of the department at this time and intimated that he was pleased with the entire organization.

The board decided it was not necessary to reappoint all the 32 firemen now working in the city, the appointment of the chief being all that was necessary.

UNION OIL GAS
BIDS ACCEPTED

Beginning July 1, and for a year, the city of Santa Ana will purchase gasoline for all its departments at 10 1/2 cents per gallon.

This price was obtained when the Union Oil company's bid of 10 1/2 cents was accepted by the council last night. Three other bids were offered the council last week, each calling for 12 1/2 cents per gallon, the low bid being that of the Union Oil company.

The city this year is paying 12 1/2 cents per gallon.

LEAVE FOR NEW YORK
YORBA LINDA, April 28.—Mr. and Mrs. Ivan Robbins have left by motor for New York. En route they will stop at the Grand Canyon for a few days and they expect to visit other places of interest both on the way east and on their return trip. Mrs. Robbins is the daughter of Mr. and Mrs. John Adot, of Yorba Linda, and was formerly Miss Marie Adot.

headache!

BAUME BENGUE (pronounced Ben-Gay) is a safe and sure remedy for that throbbing, splitting pain in the head. Applied freely to the forehead and back of the neck, rubbing in thoroughly, it brings prompt and blessed relief without the depressing effect of most internal remedies. It is more effective than other external agents and will not burn or blister.

TWO OFFICERS
DROPPED FROM
POLICE FORCE

Two veteran police officers, one of whom has been on the Santa Ana police force for a number of years and the other for the past six years, felt the blade of the political ax at the city council meeting last night and though neither resigned, both their jobs were declared vacant. The officers are Sid Smithwick, until recently assistant chief of police, and Detective Lieutenant E. E. Perry.

Following an unanimous vote that their offices be declared vacant, and on motion of Councilman E. G. Warner, police commissioner, three new appointments were made. J. R. Buckles, former chief of police of Placentia, and more recently a criminal deputy sheriff under Sam Jernigan, was one appointee. The others were new men, J. Bert Castles, and T. J. Smith.

Buckles, who for the past several months has been in the Huntington Beach police force, will take the place of Captain Bob Elliott, who resigned last week. Buckles will be in charge of the night force of the department. Floyd W. Howard, chief, stated.

Smith, a veteran detective, according to Howard, will make up the plain clothes force of the city's department, taking Perry's place. Heretofore, Detectives Perry and Adams have been working in plain clothes, but according to Howard's new plan, there will be only one plain clothes man on the department. Adams will be switched to a beat for the time being, it was stated.

Castles also will be assigned a beat, probably to take the place of Smithwick, who has been working on the late night shift since Chief Howard went into office.

Rumors of other changes in the police department did not materialize last night, but it is generally understood that there will be no other changes in personnel for the next several weeks.

Smithwick was present at the meeting of the council last night and made it clear that he did not resign from the department.

Mayor Knox stated in regard to Smithwick, that "while I believe that Chief Howard has let out one of the best men. I feel that the chief has certain reasons and that in his opinion, it is best for the department." He was high in his praise for Smithwick and his work on the department in the past, however.

The new appointments were made as of May 1, and the two men leaving the department at that time will receive two weeks pay for vacation, it was agreed.

OPPOSE AMENDING
OF LICENSE BILL

Clyde Downing, city attorney, was last night instructed to draw up the proper resolution opposing the proposed amendment of Bill No. 887, now before the legislature, which in the opinion of the council would mean a loss to city revenue.

The bill calls for abandonment of city license fees on goods and merchandise offered for sale and would affect bread and meat wagons operating from other cities into Santa Ana.

According to E. L. Vegely, city clerk, who spoke to the council, the passage of the amendment would mean a loss of \$4000 annually to the city.

"The street department, by reason of the savings above mentioned, has been able to add more than 15 miles of oil and oil macadam streets to our improved street system and would in the course of three or four years more eliminate every dirt street in the city by either oiling it or placing an oil and rock macadam surface on it. All of these streets are streets that could not afford paving, yet many people were obliged to use them every day.

"The paved streets have been maintained better than ever before

PAUL WITMER LAUDS RECORD
OF CLYDE JENKEN AND VOTES
NOT TO ACCEPT RESIGNATION

Described as a "buddy" of City Engineer Clyde Jenken, and a "man who has worked hard to keep Jenken," Paul Witmer, councilman from the third ward, was the only councilman who came to the defense of Jenken when the city's engineer filed his resignation with the council last night.

Witmer stated "I think we would make a grave mistake in accepting Mr. Jenken's resignation."

His speech in full was as follows:

"I want to say a few words against the acceptance of the resignation of Clyde Jenken as city engineer. I have been thinking of this considerably and, fearing that some things that I should want to say would be overlooked or forgotten by me, as I am not an experienced public speaker, I have written it out and hope you will give it earnest consideration.

"Mr. Jenken has had 15 years' experience in municipal engineering. For two years he was in the 23d U. S. Army Engineers; 16 months of that time he was in France. He was gassed on two occasions. He took office as city engineer of this city February 1, 1927.

"He recommended and advocated the present budget system and centralized purchasing. All departments in his charge (namely, engineering, street, sanitary, sewer, water, parks and street lighting departments) have been operated strictly within the budget during the past four years. The budget system of centralized purchasing has saved many thousands of dollars to the city, which has permitted the city to accomplish a great deal more than formerly was possible.

"He recommended the erection and equipment of the city's municipal garage or shops. The municipal garage takes care of all automotive equipment belonging to the city, as well as all other mechanical work. This garage or shop has resulted in a saving of more than \$10,000 annually, which has added that much more money to the city treasury to be used for other betterments. Besides, you will recall that before the advent of this shop the city equipment was in a horrible state of repair and, in fact, was a disgrace to the city. Now every piece of equipment owned by the city is in first-class repair and looks as it should.

"The city has built in its shops many pieces of special equipment at a good saving. The bodies on the trash and garbage trucks, sewer cleaning equipment, street sprayers, killing trailer, and practically all of the street maintenance equipment has been built in this shop.

"The garbage truck turned out of this shop has attracted state-wide attention and a number of cities are duplicating it; San Francisco has or is building some 20 or more like it.

"Four years ago it was believed by those familiar with the city sewer system that several miles of the small six-inch sewers in our business and built areas were too small and would have to be replaced with larger pipe. The city engineer believed that these sewers could be cleaned and thereby increase their efficiency. Special equipment was designed and 15 miles of sewers have been cleaned, with the result that all of these sewer lines are performing satisfactorily without going to the great expense of rebuilding them.

"The street department, by reason of the savings above mentioned, has been able to add more than 15 miles of oil and oil macadam streets to our improved street system and would in the course of three or four years more eliminate every dirt street in the city by either oiling it or placing an oil and rock macadam surface on it. All of these streets are streets that could not afford paving, yet many people were obliged to use them every day.

"The paved streets have been maintained better than ever before

"The city engineer has charge only of the routine management of the departments under his supervision and can only make recommendations on anything beyond that. He cannot be held responsible for any action taken by the city council on any matter.

"The city engineer recommended the changing from the flat rate system to the metered rate for our ornamental lighting systems and he also took up with the Edison company the matter of a lower meter rate for this purpose, and this was obtained. There are more than three and one-half times the number of street lights now than four years ago, yet the cost of lighting and maintaining them is no greater.

"The city engineer was also the principal advocate of the relief work for the unemployed and should receive his just credit for that worthy undertaking.

"I want to say, in conclusion, that concerning Mr. Jenken's work in this city as representing the city council, and on the occasion of my statement, we have as a member of the council Mr. McBride, who knows whether I have given the facts concerning Mr. Jenken."

AID IS PLEDGED
UNEMPLOYED BY
CITY COUNCIL

Although no definite action was taken, the city council, through Mayor John Knox, last night told a "packed house," in the city council chambers that the city would do everything possible to aid the unemployed after May 1, at which time funds already donated by the city will have been disbursed.

The unemployed were represented by Attorney O. A. Jacobs, of the American Legion, who reviewed the work done by the city toward aiding the men and women of the city out of work, and asked that the new board follow in the footsteps of the old council in this work. He specifically asked that the city's unemployment bureau, located at 110 North Main street, be maintained.

Bill Tway, representing the Chamber of Commerce, also made a short talk before the council relative to the unemployment situation and suggested that work could be found on many vacant lots in the city, by the planting of gardens, if the city could waive its rule that water meters must be placed at each lot. Free water for these lots would be a big aid, Tway stated.

Through Mayor Knox, the council will investigate the feasibility of the plan and make a report next Monday night, Knox stated.

In executive session yesterday afternoon, the council met with a committee from the Santa Ana Community chest, headed by Ed McFadden, W. A. Taylor, R. R. Miller and A. N. Zerman, at which time it virtually agreed to aid the unemployed through the continuance of the free employment bureau, but members of the council were unwilling that the agency be known as a city enterprise.

The council agreed at this time, although the action was not official, that it would contribute \$10 towards rent, \$125 toward the salary of R. R. Miller, as manager, and \$60 per month toward the salary of a stenographer, provided the management of the unemployment bureau and operates it as such rather than as a city bureau.

Mrs. Belle Spangler, who has been working at the office since the beginning of the year, is now employed elsewhere and the \$100 per month that the city formerly paid her will partly be saved, it was explained.

Members of the committee which waited on the council last night asked particularly that some action be taken last night, but no action was taken. Mayor Knox stated today that the matter had been referred to the city attorney, as that the legal side of contributing the money could be looked into.

In his talk before the council, McFadden stated that the bureau at this time had the cards of 1600

Gas Station At
Washington and
Bristol Planned

Following a request made before the council by Floyd Croddy, real estate man, the southeast corner of Washington avenue and Bristol street was ordered posted for a service station.

Protests on the location will be heard at the regular meeting of the council next Monday night. Croddy stated that the Home Oil company desired to erect a handsome service station on the location.

If the plan of Councilman Paul Witmer is carried out, all city firemen, 32 in number, will be given special positions, working between fires, on various vocations.

Councilman Witmer, in executive session yesterday afternoon, told of a plan whereby he hoped to increase the number of men in the fire department, but at the same time save the city some \$79,000 a year, by making the department members earn the money when they are not running to and fighting fires.

It is the plan of Witmer to have the battery shop of the street department and various other shops in other city departments transferred to the fire department, with the men now employed in them. These men, already trained in the work, will teach their trade to all members of the department and the fire department in the future will repair and take care of all city equipment it is able to handle.

Witmer has it figured out, he stated, that some \$79,000 will be saved annually in this manner, and at the same time make a vacation for firemen, in case they ever want to leave the service. At the same time the undermanned fire department of the city will be increased some six or eight men, he pointed out.

A committee composed of A. C. Hasenjaeger, J. L. McBride and Witmer was appointed to take the matter up and report back at the regular meeting scheduled for next Monday night.

LA HABRA BOYS
WIN CONTRACT
TO BROADCAST

Four boys in the La Habra grammar school who recently scored with a musical stunt at the school and at the La Habra Flower show will sign a radio contract with a Los Angeles broadcasting station. They now have a sextet and call themselves the La Habra HM Billies.

The first appearance of the "HM Billies" will be on May 8 between 5 and 6 p. m. The boys also have been called the "Oklahoma Kids" but will sign for a radio contract under a new title which has not yet been revealed, but which will be announced later when the contract has been signed. The boys play harmonicas, violins, guitar, accordion, Jew's harp and banjo, and one of the group is a yodeler. Most of the boys have never had any musical lessons but have picked it out for themselves for the fun of it.

R. O. Wright, physical education teacher at the Washington school, is sponsoring the boys, who will be known on the air by their nicknames. They are, Leroy McCoy, "Corkie"; Bob Tracy, "Tuffy"; Bill Lloyd, "Wild Bill"; Roy Tipton, "Fiddlin' Fool"; Freeman Kinney, "Yodelin' Slim"; and Clarence Kinney, "Smilin' Jim." Most of the boys are members of the seventh grade at the local school.

Councilman Witmer, in executive session yesterday afternoon, told of a plan whereby he hoped to increase the number of men in the fire department, but at the same time save the city some \$79,000 a year, by making the department members earn the money when they are not running to and fighting fires.

Commanders of Legion Post Are Honored At Luncheon

The meeting of the Mothers' club of the American Legion held yesterday afternoon in the clubhouse was in honor of the present commanders of the Legion post, Hunter Leach, and the past commanders as well. Other special guests were Mrs. Jennie Crawford of Washington, Miss Ruth Stewart and Mrs. Nora McCalla.

Luncheon was served at tables brightened with flowers in tints of blue, gold and pink, with Mrs. Mary Crissman in charge of arrangements for the affair. Toasts from the honored guests were features of the luncheon hour.

Those attending the meeting with Commander Leach were Dr. John Wehrly, Wilbur Getty, Edwin McPadden, Otto Jacobs, Charles Van Wyk, Julius Markel, Franklin West and Maurice Enderle. George Scovel and M. B. Wellington were unable to attend.

In the afternoon members of the Mothers' club held their regular business meeting, with Mrs. Mabel Leach, president, presiding. An invitation to be special guests at the dinner meeting to be held by the legion members May 14 was read and accepted. Mrs. Crawford, one of the guests, has been doing work for the ex-service men, and gave an interesting talk on her activities.

The 16 members present were Mesdames Mabel Leach, Elma McKay, Dora Sweeney, Elma Kellogg, Susan Lamb, Jennie Clem, Fannie Rose, Amy Stewart, Lydia Robinson, Margaret Hill, Mary Ripley, Fannie Reeves, Martha Elliott, Viola Phipps, Mary Van Wyk and Mary Crissman.

The next meeting of the club will be an all-day one and will be held May 25.

Dramatic Reader Gives Finished Portrayal For Ebell Women

It was in the same finished manner which characterized her dramatic impersonations just a year ago when she appeared before the Santa Ana Ebell society, that Mrs. Alice Hunnewell yesterday afternoon gave "The Barretts of Wimpole Street" by Rudolph Besier at the Ebell meeting held in the clubhouse.

"The Barretts of Wimpole Street" is without doubt one of the most discussed books of the present time and those privileged to have their first glimpse of its characters as pictured by Mrs. Hunnewell were fortunate indeed. The rich tones of her voice proved most adaptable to the characters of the drama. From the time she made her appearance to read the first scene, "The Tankard of Port" until the final act when Mr. Barrett reaches the height of his passionate anger on reading Elizabeth's farewell letter, her dramatic interpretation was superb.

As indicated by the title of Mr. Besier's play, it is the story of the Barrett family, with the romance of Elizabeth Barrett and Robert Browning woven in as a major theme. The character study of each of the family members is one of utmost conviction, as is that of Mr. Browning. One sees Mr. Barrett as the self-righteous parent whose authority has thrived for years, and has been thwarted only in the minds of his children.

Then there is Elizabeth Barrett, his favorite daughter, but even with this asset she is unable to influence the iron will of her father. It is true she does score a victory in the last act, asserting herself before her sister, Henrietta, does. Henrietta is characterized by the author as "the spirit of the twentieth century in the mid-Victorian era."

It is in the second act that Browning is introduced, and is himself tingling with the life and romance which Elizabeth finds in his poems. As one saw more of him through Mrs. Hunnewell's excellent character portrayal, he became more and more the idealist and thinker of all time.

In its own right "The Barretts of Wimpole Street" is a remarkable creation, and when read by Mrs. Hunnewell it becomes a work of art, lending the souls of two great writers, Elizabeth Barrett Browning and Robert Browning, to the literary world. In concluding, Mrs. Hunnewell explained that although the author based his play on facts, he varied from them in many instances for the sake of dramatic balance.

Mothers and Guests Share in Unusual Program

Daughters of members of the Mothers' club of the First Congregational church and others of the community who were guests at the meeting held last evening in the Y. W. C. A. rooms were privileged to share in a program of varied charm. Of paramount interest was the review of "Jungles Preferred" by Dr. Janet Miller, given by Mrs. H. H. Benjamin of Anaheim. Just recently Mrs. Benjamin reviewed the book before the Ebell club of that city.

About 100 members and guests were present at the meeting, which took place amidst an attractive floral setting achieved through the use of many colorful blossoms. The Mothers' club hymn was sung, followed by devotionals given by Mrs. E. W. Spruance. Mrs. Perry F. Schrock led in prayer. Mrs. Charles Marble, president, gave a welcome to all, and paid special tribute to the three honored guests, Mrs. E. M. Nealey, president of the World Wide Guild of the church; Mrs. F. P. Nickey, president of the Woman's Union, and Mrs. Perry F. Schrock, wife of the pastor.

Mrs. Louis F. Moulton Nominated For Ebell Presidency

Honored by Santa Ana Ebell society in being chosen to direct club activities during the year to come, Mrs. Louis F. Moulton of El Niguel rancho, El Toro, yesterday was nominated for the presidency at the society's business session preceding the delightful program by Mrs. Alice Hunnewell in the clubhouse auditorium.

Mrs. Robert G. Tutill who has served the society so admirably during the past two years, presided over the session, and asked for the report of the nominating committee. The ballot selected in addition to Mrs. Moulton as president, Mrs. F. C. Rowland, first vice president; Mrs. F. W. Slabaugh, second vice president; Miss Norma Wingood, third vice president; Mrs. J. E. Paul, fourth vice president; Mrs. Paul Bailey, recording secretary; Mrs. Clyde Jenken, corresponding secretary; Mrs. W. H. Haddon, treasurer; Mrs. M. M. Holmes, curator, and Mesdames Wyckoff Hoxie, Hugh Plumb, F. W. Wieseman, Earl Morrow, B. H. Sharpless and Ralph Mosher, directors. Election of officers will take place next month.

Auxiliary Glee Club Member Reveals Engagement

Intent upon perfecting their technique in readiness for the annual state convention of American Legion and auxiliary, members of the Auxiliary Glee club last night devoted a long evening to their weekly practice, little dreaming that its climax was to reveal the betrothal of Lucille Brothers White, one of the altos of the group, and Donald Forest Daggett, a leading legionnaire of Pasadena.

In planning to announce her engagement, Mrs. White merely informed the glee club members that they were to be entertained at James' cafe following rehearsal, without revealing herself as hostess. Since many of the rehearsals have ended in that popular cafe, the news occasioned no surprise. But upon their arrival the club members found an especially festive atmosphere of flowers and decorations.

Centering the big table where a two-course supper was served was a silver Maypole whose multi-colored ribbons fluttered above the fluffy green base. The guests unwound the ribbons and it fell to the lot of Miss Marjorie Rawlings to draw forth a little card inscribed "Lucille and Don; June." The announcement was of special interest to this group, for it was when the glee club sang in Pasadena three years ago that the friendship happy which is to reach its happy climax at the altar in June.

Mr. Daggett is the son of Mr. and Mrs. E. F. Daggett of Pasadena and is in the wholesale hardware business. He is active in all legion activities and is a member of the South Pasadena Drum corps. As a member of the cabin committee of the legion, he is active in administering the affairs of "Rough Hewn," the Pasadena mountain resort which is one of the features especially enjoyed by the Pasadena legionnaires and auxiliary members.

Mrs. White is the daughter of Dr. and Mrs. H. N. Brothers of 1421 North Broadway and is popular in social, business and auxiliary circles here. She has been active in the glee club since its founding and will retain her membership after her marriage.

So interested were her sister musicians in her romantic news that their emotions expressed themselves automatically in song, and one of the happiest features of the evening was when all joined hands around the table and sang "I Love

Ebell Members Plan Surprise Luncheon For Mrs. Miller

In the past several years the Ebell clubhouse has become one of the community's foremost social centers and not a little of its popularity has been due to Mrs. Pearl Miller who has so efficiently supervised preparations for all occasions. It was in recognition of Mrs. Miller's services as matron of the clubhouse that members of the executive board and section leaders of the Ebell society entertained yesterday with a luncheon in her honor.

Because the day shortly followed Mrs. Miller's birthday anniversary, it proved to be the most opportune time for the celebration, which long has been anticipated by Ebell members. The 33 guests who took part gathered in the section room at 12 o'clock, and there greeted Mrs. Miller with wishes for continued success and happiness. Having overcome her first surprise, (and she was truly surprised) the honoree joined in making the luncheon a memorable event for all those present.

It was a pleasure for the Ebell women to be able to express their appreciation to Mrs. Miller for the many kindnesses she has shown them during her management. Seated at the table as guest of honor with her mother, was Miss Dorothy Miller. Decorations were charmingly carried out with festoons of Cecil Bruner roses and smilax, and at each place was a candy boutonniere. Mrs. Miller was showered with many gifts and was highly congratulated on her success as clubhouse matron for the past four years.

Dinner and Dancing Celebrate Natal Day

Celebrating the birthday of Miss Mabel Gust of Anaheim a day in advance of the actual date of Sunday, April 26, a group of Santa Ana and Anaheim friends joined in a happy event of Saturday night whose details were planned as a surprise to the honoree.

The gayeties included a dinner party at the Rustic Inn where a delectable menu was served amidst attractive appointments and the merry wishes and congratulations so closely associated with natal day affairs.

Covers were laid for the honor guest, Miss Gust, Miss Marie Fisher, Miss Lena Heinz, Miss Elizabeth Eibinger, Anaheim; Miss Olive Downs, Messrs. Willard Craig, Lloyd Tucker, Larry Hunter, Bernard Arnold and Sam Ross, Santa Ana.

Following the dinner the young people motored to Long Beach where they concluded the evening at a "barn dance."

Announcement Made Of Marriage In Riverside

Announcement was made today of a wedding which took place Saturday, April 25, in Riverside when Mrs. Jeanette House and A. E. Goetting of this city were married. For the occasion Mrs. House chose a smart traveling suit in a becoming shade of blue. There were no attendants.

Immediately following the morning ceremony, Mr. and Mrs. Goetting continued on their way to San Diego, and there enjoyed a brief honeymoon. They are now at home to their many friends at 1191-2 North Bush street. Both Mr. and Mrs. Goetting are well known residents of the city. Mr. Goetting having been employed at Ch. Chandler and Son for the past ten years.

Mrs. Goetting has made her home in this city for about 14 years, coming here from Illinois. Her parents, Mr. and Mrs. C. S. Eagleston, live at 321 Wisteria place, this city.

Women Plan Golf Tournament Thursday

Because the welcome showers of the past few days necessitated postponing the golf tournament scheduled for last week at the Santa Ana Country club, women of the club will devote this Thursday to the invigorating game. Due to the rains, the course is in unusually good condition, and about 35 players are expected to be on hand for the tournament.

The playing will begin at 9:30 o'clock Thursday morning, and a surprise tournament will take place. Prizes will be awarded for play in classes B and C, while members of division A will play for sweepstakes. Luncheon will be served at 11:30 a. m. after the first nine holes have been played, and in the afternoon the course will be completed.

PARENT-TEACHERS

The McKinley Parent-Teacher association held an interesting meeting last Thursday afternoon in the school kindergarten where a varied program was presented. Children of Miss Fine's low 2 class gave several recitations followed by a demonstration of classroom work given by Miss Elizabeth Starke's high 1 class. Ralph Smedley, Y. M. C. A. secretary, was introduced as speaker, and gave a comprehensive talk on the work of the association among younger boys, pointing out especially, the value in saving boys from delinquency.

A short talk by Mrs. Hugh Neighbor, president of the City Council of Parents and Teachers, brought the program to a close, and during the social hour which followed, high first and low second grade mothers served coffee and home-made cake.

YOU and your Friends

Mrs. Edith Turnbull of Tewanee, Ill., has been the guest this week of Mrs. H. C. Curry, 1072 West Fourth street. She and Mrs. Curry were childhood friends and up until this last visit had not seen each other for 34 years. Mrs. Turnbull has been spending some time with her son in Hollywood and plans to return to her home about the middle of June.

Planning a pleasant family gathering, Mr. and Mrs. Eugene A. Robinson were hosts Sunday in their home, 1802 Spurgeon street. Guests invited for the occasion were members of Mr. Robinson's family and included, in addition to his parents, Mr. and Mrs. Fred M. Robinson of this city, Mrs. Blanche Roberts Mr. and Mrs. Roy Peeler and daughter, Mrs. Maude Garfield and small "Sonny" Garfield, Los Angeles, and Mr. and Mrs. Everett Doughty and daughter, Shirley Jeanne of Hollywood.

Dr. Ada K. Henery of Boise, Idaho, arrived in this city yesterday morning, called here by the serious illness of her mother, Mrs. W. B. Keller, 804 West Fourth street. She plans to remain until her mother's condition is improved.

The Misses Maggie and Anna Nannah of Rochester, Penn., daughters of the late Captain Nannah, are house guests of Captain and Mrs. Alonzo Murray of 1025 West Third street.

Mr. and Mrs. E. G. McCrary, Los Angeles, spent the week end with their uncle and aunt, Mr. and Mrs. Felix Aubuchon, 614 East Third street.

Mr. and Mrs. O. Clynick, West Washington avenue, spent Friday and Saturday with relatives in Glendale.

Miss Nellie Mal Chapman of U. C. L. A. spent the week end with her parents, Mr. and Mrs. W. A. Chapman, 602 East Chestnut street.

Leon Lauderbach, son of Mr. and Mrs. Leon W. Lauderbach, 1805 Spurgeon street, who underwent an operation for appendicitis at the Santa Ana Valley hospital Sunday evening, is convalescing nicely.

Sycamore Rebekahs

Plans were made for a Mothers' day program to be held at their next meeting when members of Sycamore Rebekah lodge met Saturday evening in the I. O. O. F. hall. The business session was followed by an interesting program. The entertainment for the evening was in charge of Mrs. Hazel V. Ryan and Mrs. Edna G. Gowen, and included appropriate selections by the junior college quartet, Charles Crumline, James Lukens, Simon Tolle and William Fox. Clelland Harbaugh was accompanist.

A one-act play, "For Distinguished Service," was given, and those taking part were Florence Clay Knox, Miss Ruth Collins, Miss Ada Marie Hendrickson and Miss Mabel Pruitt. Miss Pruitt directed the play. Late in the evening refreshments of strawberry shortcake and coffee were served under the direction of Mrs. Stella Henderson and her committee. Tables were decorated with bowls of Cecil Bruner roses.

Co-Hostesses Plan Shower For June Bride-Elect

Miss Marian Smith's wedding to Charles Hill will be an event of June 1, and in honor of this occasion Mrs. George W. Harris and Mrs. Beulah Daugherty were co-hostesses Saturday afternoon, entertaining in the Harris ranch home.

Bunko was chosen as the game of the afternoon, with Mrs. Lucille Tidball scoring high and Mrs. Ruth Bow, low. Group pictures were then taken, and a pleasant time was enjoyed wandering about the attractive grounds of the home. On returning indoors, Miss Smith was presented with a basket of lovely gifts for her future home.

During the refreshment hour tables were centered with bouquets of Cecil Bruner roses, while umbrella-shaped nut cups assisted in carrying out the chosen pink and white motif. Home-made ice cream was served with angel-food cake, punch, coffee and nuts and candies.

Those present, Other than the honoree, Miss Smith, were Mrs. Elizabeth Auger, Miss Josephine Roy and Miss Margaret Rust, all of Tustin; Mrs. Elizabeth Finley, Mrs. Lucille Tidball, Mrs. Agnes Bacon and daughter and Mrs. Frances Crawford all of this city; Mrs. Lenora Jones, and Mrs. Clem Melton of Anaheim; Mrs. Ruth Bow and daughter, of Pomona; Mrs. Mae Stevens and Mrs. Lucy Harris of El Toro; Mrs. Ethel Prather, Mrs. A. Daugherty and Mrs. Hunley of Irvine and the hostesses, Mrs. Harris and Mrs. Daugherty.

The MIXING BOWL by ANN MEREDITH

Cheese Souffle Ring is Appetizing

At this time of the year we wish that a miracle would happen and some new sort of meat would make its appearance. Well, the age of miracles is past, but what's to prevent a sum-shus, crispy brown CHEESE souffle ring making its bow some evening this week? Such a dish could be made very appetizing if the center were filled with a

bouquet of cooked fresh asparagus and the souffle surrounded with green peas and diced carrots in cream sauce. You may serve potatoes if you wish, but hot rolls will be more welcome.

'CITY STREETS' IS DARING GANG FILM

"City Streets," starring Gary Cooper and Sylvia Sydney continues its run at the Fox Broadway theater today. In it Cooper is seen for the first time in "civvies" and the picture is Miss Sidney's first starring role.

The story centers around the romance of Cooper and Miss Sydney—maybe we should call her Sylvia since we have come to know her so well in this, her first starring appearance on the screen—whose boy-and-girl love affair is menaced by the feuds of rival gangsters. Sylvia urges Cooper to get in on the easy money. He refuses, until the girl is double-crossed and framed on a murder charge. Then he enters the fight, and, being an expert gun-man of the western school, cleans up. Together they escape, after an exciting show-down, to carry on their romance in a less dangerous locality.

Paul Lukas and William Boyd are in the cast, playing excellent strong roles in real character. Wynne Gibson, whom we have seen a lot of late (and we're grateful for it) has an exacting part. She's great, as always.

'GENTLEMAN'S FATE' ENDS SHOWING HERE

John Gilbert turns gangster in his new Metro-Goldwyn-Mayer starring vehicle "Gentleman's Fate," which closes today at the Fox West Coast theater.

The picture is based upon a story by Ursula Parrott, whose novel supplied "The Divorce" for Norma Shearer.

In the new film, directed by Mervin Le Roy, Gilbert returns, in a measure, to the romantic type of role but brings with it a new power of characterization reminiscent of his superb role in "The Big Parade." Here Gilbert is a killer, not by reason of lust or of hatred, but by stoic determination to carry on the career he finds himself forced into by circumstance.

Louis Wolheim heads the supporting cast as Gilbert's gangster-brother who, in a clumsy way, brings hatred into affection. The feminine honors are shared by Leila Hyams and Anita Page, one the society girl Gilbert loves, the other an underworld girl whom he marries, the wedding serving more as a mockery to the romance he lost than anything else.

IMAGINE THIS!

WELLINGTON, N. Z.—In these hard times would you recommend that your salary be cut? Neither would we, but Lord Blebstone, governor general of New Zealand, has requested that his official salary of \$25,000 a year be reduced 10 per cent for the public interest. The "request" has been granted.

JACK HOLT, GANGSTER

Constance Cummings and Jack Holt in "The Last Parade," new gangster picture which comes to the Fox West Coast theater tomorrow.

DOUBLE BILL SHOWN AT WALKER STATE

The most intimate crook story ever filmed is the treat in store for patrons of Walker's State theater with the current showing of the outstanding all-talking photoplay "Outside the Law," showing in connection with "One Embarrassing Night" on a double feature program.

A superb cast has been selected to portray the characters in the story. Mary Nolan, ever a splendid emotional actress, is said to give her most finished performance in "Outside the Law" as the accomplice of the crook, Edward G. Robinson as the gang leader, "Cobra" Collins, a distinctive underworld character, a Chinese-American, in this new film drama and Owen Moore is seen as Fingers, a bank robber as cunning as a cat.

Wholesome, sparkling comedy is always a welcome change on the screen, and for that reason "One Embarrassing Night," the all-talking farce on the same program, should prove a popular success. The plot comprises an hilarious miscellany of rib-tickling situations, slapstick comedy and amusing dialogue.

OLINDA

OLINDA, April 28.—Mr. and Mrs. O. C. Smith of Long Beach spent Wednesday with Mrs. M. A. Smith and family and Miss Davies. Mrs. Emma Loomis, who has

been visiting Mr. and Mrs. Wayne Loomis, has returned to Whittier. Neva Henderson and Wilbur Weaver called on Mr. and Mrs. Charles Swan. Mr. Swan is recovering from a recent operation.

Mrs. E. A. Neal called on Mrs. E. A. Eby Monday evening.

The Misses Ella Armstrong and Mabel Smith attended a social at the Calvary church in Placentia Thursday evening.

Lottie Osborne of Placentia and Mabel Smith spent Wednesday in Los Angeles.

Reginald Traversa, who has been ill for some time, is improving.

Mrs. William Sinclair went to Fullerton Friday morning.

Mrs. Harry Wolfe, Mrs. J. T. Wilbur and Mrs. W. E. Maguire went to a party Thursday evening.

Bert Ryan is in the Santa Fe hospital in Los Angeles.

Audrey Mathis went to Anaheim Friday afternoon.

Mr. and Mrs. Harry Wolfe visited their daughter and son-in-law, Mr. and Mrs. Harold Hemmer, in Fullerton Friday afternoon.

Mrs. Peggy Hendricks went to San Clemente Friday.

Mrs. Harry Wolfe, Mrs. Mae Wilson, Mr. and Mrs. J. T. Wilbur and daughter, Patsy, and Mrs. Dorothy Luffon of Santa Ana attended a show in Santa Ana Thursday evening.

Mrs. J. L. Hunker had as her guest Tuesday Mrs. Hazel Stroupe of La Habra.

Mr. and Mrs. C. O. Mathis called on Mrs. Ada Thomas in Anaheim Thursday.

Mr. and Mrs. Wayne Loomis and son went to Whittier Friday to visit Mrs. Emma Loomis.

Mrs. Mae Wilson, who has been in Owensmouth for some time, has returned to stay with Mr. and Mrs. W. E. Maguire and family.

J. L. Hunker and son, Earllyn, spent Friday in Los Angeles. Mr. and Mrs. Louis Moore and sons, of Brea, visited Mr. and Mrs. Charles Williams Tuesday.

Mr. and Mrs. Elmer Williams and daughter, Janet, of Anaheim, spent Friday with his parents, Mr. and Mrs. Charles Williams.

Mr. and Mrs. Frank Greminger and family had as Friday guests Mr. and Mrs. J. A. Blackburn of Gardena and Mr. and Mrs. J. J. Blackburn of Kettleman City.

Mrs. Walter Boyd gave a birthday party for her little son, Donnie, Friday afternoon. He was 6 years old. The decorations were in pink, blue

and green. Many games were played by the little folks. After refreshments of ice cream and cake were served Donnie received many nice gifts.

Those attending were Mr. and Mrs. Walter Boyd and Leta and Donnie; Mrs. Lennie Lemke and son, Sonny; Mrs. Hattie Neal and children, Conley and Beverly Lee; Mr. and Mrs. Ezra Boyd and daughter, Glenna Fae; Mrs. John Johnson and children, Alvin, James and Wilda Maxine; Mr. and Mrs. Logan Boyd, Doris Neal, Dickie and Joyce Scribner, Patsy Wilbur, Mary Lou Henderson, Betty Seigfried and Marla Russell.

The sun "waits up" while you see ALASKA

June in the neighboring Northland brings a scenic pageant known around the world. Snow-covered mountains that rise majestically from the water's edge... islands in an emerald sea... giant glaciers that crackle and thunder... wild-flowers growing, in a riot of color, to double their natural size...

And over all, the waiting sun that sinks so slowly, to rise again with no thought of night!

Sail from Seattle, via Victoria and Vancouver, with your choice of the Vacation Fleet—for the unsurpassed service that identifies Canadian National everywhere. Or board your steamer at Prince Rupert, 600 miles northward, on a direct, low-cost side-trip in conjunction with the great Triangle Tour of British Columbia.

Ask today for illustrated folders in color, describing Alaska and the Triangle Tour.

THE TINYMITES
STORY BY HAI COCHRAN—PICTURES BY KNICK
REG. U. S. PAT. OFF.

A little boat came floating 'round the bend and slid up on the ground. A friendly looking Chinese said, "You want to take a ride? I'm going up the stream a mile and I'll come back here after while. If anybody wants to go, just hop in by my side."

One Tiny shouted, "We all do. We'll gladly ride along with you—that is, if Mister Travel Man is willing that we go." The Travel Man said, "Surely, lad. To spoil that fun would be too bad. I'll get a chance to sleep a bit, 'cause you will travel slow."

"Now, keep your wee eyes open wide and you will see, on either side of this canal some pretty sights, and interesting, too. If, on the trip, your wits are keen, you all can tell me what you've seen. When you come back I still will be awaiting here for you."

And so they had a dandy trip. The funny boat just seemed to slip right through the real calm water.

"This is restful," Clowzy said. "The rest of you can stay awake, but as for me, a nap I'll take. Whenever things are peaceful, I am just a sleepy head."

They had their trip and then returned and very shortly they all learned that Mister Travel Man had planned a trip out to a lake. Said he, "I'll be a lot of sport. This spot is quite a summer resort. We'll ride, because I've walked so much my poor old legs just ache."

They shortly reached a large lake where a gateway towered up in the air. "That's West Lake," said the Travel Man. "That gate's the entrance. Gee, I know you'll have a heap of fun. We're going to swim beneath the sun. I know where there's a bath house. Come on, lads, just follow me."

Missing Letter Links

RULES

1. In playing golf on the Missing Letter Links the object is to change one word to another in a given number of strokes which is par. For example, to go from TEE to PIN in three strokes sounds hard but isn't: TEE, TIE, PIE, PIN. It's probably more difficult on a real course.

2. Change but one letter at a time and be sure the word you have used is one in good usage.

3. The order of the letters cannot be changed.

SLOW to WORK—Today's let-

S L O W

W O R K

ter links hole requires SLOW and accurate WORK. Don't hurry your strokes or you'll surely be "lead-pencilled" into trouble.

Tomorrow: Solution to today's puzzle.

Here is our solution of Monday's puzzle: FULL, FUEL, FEEL, KEEL, KEEP, SEEP, STEP, STOP.

BANDITS HOLD UP FULLERTON GAS STATION

Forcing their victim to keep his head bowed, bandits last night robbed Frank Brees, proprietor of a service station at Highland and Truslow avenues, Fullerton, of \$7.

The bandits drove up in a stolen coupe. While one stayed at the wheel, two entered the station. One held an automatic on Brees while the other searched the place for money.

Ordering Brees to remain quiet for five minutes, the bandits leaped into their car and raced away. Brees managed to get the license number.

The car was traced to Clyde Sweeney, of 316 West First street, La Habra. About the same time, Sweeney came to the station with the report that his machine had been stolen while he was attending a theater in Fullerton.

The bandits were all young men and of medium build. They wore dark glasses and Brees was unable to get an accurate description of them.

The machine was located on West Commonwealth avenue.

SOCIETY

Bride Is Presented With Dinner China At Shower

With one charming bride as hostess and another as honoree, the party given last night by Mrs. George Horton as a compliment to Mrs. Donald Crumley was an unusually delightful affair, shared by a bevy of attractive girls.

Mrs. Horton, who was Miss Cleo West before her marriage in Yuma on February 20 to the well-known young business man, entertained in her pretty home at 337 Beverly place, where a wealth of wedding and shower gifts have found appropriate setting. Her honoree, Mrs. Crumley, was Miss Catherine Hickey, and announced her April wedding of 1930 less than two weeks ago, coincident with the announcement of the wedding date of her sister, Miss Margaret Hickey, and Gordon W. Evenson.

An evening of bridge was enjoyed, with Miss Elsie Etchison taking high honors. She was rewarded with a set of dainty Japanese nut cups, while an incense burner consoling Miss Helen Manderscher for holding low score. Interest in the prize awards was succeeded by an even stronger interest in the presentation to Mrs. Crumley of a beautiful set of china, selected for her by her assembled friends and presented by Mrs. Horton.

To conclude the evening the young hostess arranged the card tables with pretty bridal linens and low bowls of roses to harmonize with the garden flowers used throughout her home and served ices, cake and coffee. She was assisted by her mother and sister, Mrs. R. E. West and Miss Ethel West.

Sharing the happy evening with hostess and honoree were their respective mothers, Mrs. West and Mrs. Walter O. Hickey; Mrs. Crumley's bride-sister, Mrs. Gordon Evenson, Miss Ethel West, Miss Mary Anne Jensen, Miss Helen Manderscher, Miss Alice Lamb, Miss Winifred Johnson, Miss Elizabeth Boehm, Miss Elsie Etchison, Mrs. Robert Williams and Mrs. Robert Goetting.

ANNOUNCEMENTS

The newly organized chorus of the Santa Ana Woman's club will meet for rehearsal Thursday evening at 7 o'clock with Mrs. J. H. Tompkins, 711 South Sycamore street. It has been decided that the chorus will meet every Thursday evening at this time. Marie Stanton Every is director.

Northwest section members of the First Presbyterian Aid society will meet Friday afternoon at 2 o'clock in the home of Mrs. Alex Brownbridge, 1414 North Main street. A program of music, readings and solos has been promised as a delightful feature with "springtime" as the dominant note in each selection. All women of the congregation living in the northwest section of the city are urged to be present and aid in making this "May Day party" a success.

OLINDA

OLINDA, April 28.—Eldon Sharpe of Long Beach visited Mr. and Mrs. J. L. Duncan and sons Sunday.

Mr. and Mrs. Guy Ledbetter and family has as Sunday dinner guests Mr. and Mrs. Andy Gage and son and Ammie Johnson of Fullerton.

Mrs. Harry Wolfe and Betty Maguire attended a show in Anaheim Saturday evening.

Mr. and Mrs. S. H. Henderson and Mrs. W. E. Maguire spent Saturday in Anaheim.

Mr. and Mrs. J. T. Wilbur and daughter, Patsy, spent Sunday evening in Long Beach.

Mrs. Harry Wolfe and Mrs. W. E. Maguire spent Sunday with Mrs. Elizabeth Patterson and William Lewis, who is ill.

Mrs. Williams and her daughter, Barbara, of Carbon canyon, visited Mr. and Mrs. J. T. Wilbur Sunday.

Mr. and Mrs. H. S. Henderson and daughters called on Mr. and Mrs. F. M. Breshers and Mr. and Mrs. Rolland Hostetter and baby son of Whittier.

Mrs. Nova Lee Desombre and Mrs. Pauline Campbell of Anaheim spent Monday with Mrs. J. L. Duncan.

The Olinda grammar school is observing May day with an elaborate program the evening of May 1. All rooms will participate in the program.

The program will be followed by pot-luck supper. All parents are requested to bring their supper, with enough silverware for all the members of the family.

Mr. and Mrs. Guy Ledbetter and sons spent Saturday evening in Anaheim.

Frances Greninger and Jim Bloom called on Mr. and Mrs. Ernest Everett in La Habra Saturday evening.

Mrs. Bert Ryan and sons, Earl and Jack, Sunday visited Mr. Ryan, who is ill in the Santa Fe hospital in Los Angeles.

Mr. and Mrs. Clarence Perrin had as dinner guests Sunday her mother, Mrs. H. L. McKensie, and her grandmother, Mrs. A. McKensie, of Pomona.

Mr. and Mrs. C. O. Mathis and family attended a show in Anaheim Sunday evening.

Georgia Grant and Jerry Post of Fullerton attended a dance in Balboa Saturday evening.

Mr. and Mrs. Wayne Loomis and son visited his mother, Mrs. Emma Loomis of Whittier, Saturday evening.

Mr. and Mrs. Carl Macell and Naomi Brown of Huntington Park called on Mr. and Mrs. A. I. Brown Sunday.

Wilma Mathis and Rhonda Rodgers of Brea attended a show in Anaheim Sunday evening.

Mr. and Mrs. J. L. Hunker called on Mr. and Mrs. Joseph Stroupe in La Habra. Later the group went to Long Beach.

Frances Greninger and Jim Bloom spent Sunday with Mr. and Mrs. Louis Moore in Brea.

Mr. and Mrs. C. O. Mathis and son motored to Buena Park and vicinity Sunday.

Mr. and Mrs. C. B. Carnine, Hazel Carnine and Mr. and Mrs. B. P. Williams and daughter, Evelyn, spent Sunday in Pomona.

Mrs. Jessie Ross of La Habra visited her parents, Mr. and Mrs. Bert Wick, Monday.

Mr. and Mrs. J. L. Hunker attended a show in Fullerton Sunday evening.

Mr. and Mrs. J. J. Blackburn of Kettleman City and Mrs. Bertha Hack of Anaheim called on Mr. and Mrs. Frank Greninger and family Sunday.

Bill Bloom, Tom Simons, Tommy Smith and Percy Armstrong spent Sunday in Fresno.

Mr. and Mrs. Milton Elliott and family attended church services at the John Brown tabernacle in Fullerton Sunday.

The Misses Ella Armstrong and Mabel Smith visited Mr. and Mrs. B. A. Smith in Placentia Sunday.

Mr. and Mrs. Rene Richards and son, Alfred, had as Sunday guests Mr. and Mrs. William Salmon of Fullerton.

Mr. and Mrs. Mark Clark and family and Flora Smith went to Placentia Sunday.

Mr. and Mrs. Joe Ferguson and son, Billy, are spending a few days in Bakersfield.

Charles Broaded of Long Beach spent Sunday with Ella Armstrong. Mr. and Mrs. William Sinclair had as guests Sunday Mr. and Mrs. William Wickersham and Mr. and Mrs. G. S. Charlton of Brea.

LA HABRA

LA HABRA, April 28.—Mrs. J. W. Barr has received word of the death of her daughter, Shirley Barr Crundall, wife of Harold Crundall, in London. They were married in Santa Ana one year ago and left four months ago for a trip to England. The deceased is survived by her young husband and a week old daughter. Burial was made in England. Mrs. Crundall was a graduate of Whittier high school.

Fourteen members of the Woman's Relief corps were present Sunday morning at the regular church service at the Methodist church, when the corps presented the church with a flag. The flag was presented by the patriotic instructor, Mrs. Claude Jackson.

G. B. Robertson, of Panama, Neb., is a guest of Mr. and Mrs. Harley Sutton.

Word has been received from Bud Hall at Seattle stating that he was leaving on a steamer for Juneau, Alaska, where he expects to spend several months. He left La Habra last week and made the trip north by rail.

Mrs. Anna Brookhouse, president of the La Habra Woman's Improvement club, has returned from Fresno, where she attended the state convention of Woman's clubs.

Mrs. C. C. Hamilton entertained with a farewell dinner at her home Sunday in honor of her sister, Mrs. A. H. Hart, and husband, of Rosemead, who left Monday morning for San Pedro aboard the President Fillmore for a world tour.

Other guests of Mrs. Hamilton were an aunt, Mrs. W. Bowman of Huntington Park, Mrs. Roy McKinley, of Whittier, and Lloyd Hamilton.

Mr. and Mrs. John Leutwiler have returned from several days' visit with their daughter, Mrs. Everett Cone, and husband at Le Moore. They also visited their nephew, Orville Ridgeway, a former La Habra resident, who is county editor, and with Mrs. Delphia Redfern, also a former La Habra resident.

Dr. and Mrs. O. S. Parrott have returned from San Diego, where they have been visiting for several days. Mrs. Hester Parrott of Pasadena has been staying with their children during their absence. She is the mother of Dr. Parrott.

Mrs. H. A. Randall, Mrs. J. Gilbert and Mrs. Daniel Dundas will entertain with an economy luncheon at the Randall home on Erna street Thursday afternoon.

The Women's Foreign Missionary society, at the luncheon the "mystery" mothers and their adopted daughters will be selected. The luncheon will be held at 12:15.

LOS ALAMITOS

LOS ALAMITOS, April 28.—Mr. and Mrs. B. F. Heath were hosts at dinner and bridge recently to a group of relatives and friends. Those present were Mr. and Mrs. J. B. Rose, Mr. and Mrs. Ed Berre, Mr. and Mrs. E. M. Jones, Mr. and Mrs. Frank Maguire, Mr. and Mrs. N. F. Andreasen and the hosts. Mrs. J. B. Rose and N. F. Andreasen scored high.

Mrs. Robert Smith and Mrs. Jennie Bloomquist were added to the Aid society membership at the recent meeting in the home of Mrs. E. J. Jones.

Mrs. Edna Hoover, of Muncie, Ind., is visiting her sister, Mrs. Julius Prochnow.

Mr. and Mrs. W. W. Dickson and daughter of Santa Barbara were guests Sunday of Mr. and Mrs. J. B. Rose.

The school operetta "When Dreams Come True," will be given Thursday night in the school auditorium. Admission will be free.

The dance and "fire test" held Friday night in the Farmers and Merchants Exchange clubhouse proved a success, over 200 persons attending the delightful affair. The original plans for a reception to the teachers attending large proportions under the leadership of Capt. H. E. Thompson.

One of the features of the evening was a mock trial, with Judge B. B. Brown, of Seal Beach, presiding and Police Chief E. H. Porter as bailiff. E. L. Johns was clerk of the court and Steve Green was prosecuting attorney. The Rev. Father C. N. Raley, of St. Ann's church, was attorney for the defense.

The defendants were the five teachers of Laurel school, who were accused of alienation of the affections of the children. However, after an amusing trial, they were declared not guilty by the judge. Another feature was a mock wedding and B. G. Meyers was united to Jerry Flanagan, who made a very cunning bride in white satin and orange blossoms.

Steve Green was master of ceremonies for the evening. He was assisted by Pete Knox, pianist, from the studios of the National Broadcasting company in New York.

Olive

Mr. and Mrs. Don Feemster and children, Donna and Otis; Miss Edna Helm and Miss Grace Trapp attended the Texas picnic in Sycamore Grove in Los Angeles Sunday. There they were joined by Mr. and Mrs. Earl Doster and son, of San Fernando.

Mr. and Mrs. T. F. Kuban and son, Teddy, of Laguna Beach, were week end guests of Mr. and Mrs. Joe Ames and family.

Mr. and Mrs. George Lemke and son, Richard, were guests of Mr. and Mrs. Herschel Hart in Long Beach Saturday evening.

Mr. and Mrs. H. D. Lemke and son, Warren, and Mr. Quirey were dinner guests of Mr. and Mrs. George Lemke Sunday.

Doris Eilene, infant daughter of Mr. and Mrs. William Gollin, was received into the church by the sacred rite of baptism at the English service of St. Paul's Lutheran church Sunday morning. Mrs. E. Guenther and Martin Heman served as sponsors.

NEWPORT BEACH

NEWPORT BEACH, April 28.—The Fellowship class of the Newport Community Methodist church held its monthly social and business meeting Tuesday night at the home of Mr. and Mrs. Alfred Smith, 2700 Ocean Front. It was announced that excitement was running high and the race was close in the membership contest in which two teams are engaged, one led by Mrs. John Berry and one led by Mrs. H. W. Wright. The contest will close May 18. Following the business session games and music were enjoyed and refreshments were served by the hostess. The Fellowship class is an adult Bible class of which H. O. Ensign is the teacher. The Rev. Stroup of the Community Methodist church, accompanied by his mother, Mrs. Emma Stroup; Mrs. H. O. Ensign and Mrs. J. A. Bodman attended the Methodist Missionary society meeting in Santa Ana Wednesday morning. Mrs. Emma Stroup conducted the "quiet hour" program.

L. E. Coleman, who was operated on at the hospital for appendicitis, is reported to be convalescing.

Mrs. Albert Thompson, who was operated on for appendicitis at the hospital recently, has recovered sufficiently to be brought to her home.

BREA

BREA, April 28.—The third of the series of five card parties held sponsored by the American Legion auxiliary was held in the order of their value were awarded in bridge to Mrs. Kubin, J. E. Wilson, Mrs. C. F. Gordon and Gene Streed; those in "500" went to Mrs. J. P. Glenn, B. M. Messer, Mrs. Luther Carrier and C. F. Gordon.

The hostesses, Mrs. Ray Shoff and Mrs. H. R. Williams, with their committee served refreshments at the close of the playing.

Mrs. Calla Winger, mother of Mrs. Floyd LaGriffe, is in the Fullerton hospital, where she is recovering from cuts and bruises on the legs and feet, sustained when the car in which she was riding with her sister was overturned near Montebello last week. The accident happened at the intersection of Garfield avenue and Ninth street when a speeding machine struck the car in which Mrs. Winger was riding. Both she and her sister were injured. Mrs. Winger, however, sustaining the most cuts. It is necessary for her to have one foot in a cast because of the serious injury to the heel.

Mrs. C. V. Swan and children, Bobby, Betty and Richard, of Fullerton, visited here Saturday with Mrs. Swan's son and wife, Mr. and Mrs. Charles Swan, and with her sister, Mrs. Stella Keene, C. E. McGilliard has returned to a visit of several months in Southern California during which time

he has made his headquarters in Brea. Mr. McGilliard expects to return to California within a few months and will then make his home here.

Mrs. George Friend was hostess Thursday night to members of the O. O. O. bridge club at her home on South Pomona avenue. Mrs. Harry Yarbrough was awarded first prize for holding high score which Mrs. Forrest Hurst was consoling. Others playing were Mesdames J. L. Bennett, Ted Craig, Edna Hurst, George Gesme, E. H. Templeman, L. A. Stumbo, C. W. McKemy, Floyd LaGriffe, Miss Viva Shoff, with Mrs. Florence Davis substituting for an absent member.

Following the playing the hostess, assisted by her mother, Mrs. Lottie Hume, served delicious refreshments. Mrs. Gesme will be the May hostess for this group.

BUENA PARK

BUENA PARK, April 28.—Mr. and Mrs. Henry Frohn and son, Robert, have returned from an automobile trip to the Grand Canyon. They were accompanied on the trip by Mrs. Frohn's mother, Mrs. J. H. Rutledge, and niece, Miss Catherine Rutledge, of Stanton.

Kenneth Story sustained a broken collar bone while wrestling at Fullerton union high school last week. Mr. and Mrs. Florentine, Miss Maude Florentine and Glenn Knox, of Anaheim, were guests of Mr. and Mrs. John Parker Friday evening.

Mr. and Mrs. Virgil Oranahod and children were guests of Mr. and Mrs. Frank Miller, of Anaheim, Sunday.

Mr. and Mrs. Wayne Sutliff and daughter Joan of Whittier, were guests of Mr. and Mrs. C. E. Reid Sunday.

Mr. and Mrs. J. F. McKenzie and children visited Mrs. McKenzie's parents, Mr. and Mrs. Piper in Montebello Saturday evening.

Mrs. Caryl B. Snyder attended a bridge party given by Mrs. Ray Stein in Fullerton Saturday.

The Rev. and Mrs. William I. Newman of Hemet, were guests of Mr. and Mrs. Arthur E. Corey Sunday. The Rev. Mr. Newman preached at the Congregational church both Sunday morning and evening.

Mrs. H. E. Warren, Mrs. Fred Van Leenen, Mrs. L. T. Wiley, Mrs. Caryl B. Snyder, Mrs. Gerald McComber, Mrs. E. W. Thurman, Mrs. Richard Nelson attended the card party given by the drill team of the White Shrine in Fullerton Friday.

Mr. and Mrs. L. A. Fry and Mr. and Mrs. J. H. Page have received word of the birth of a grandson at a Santa Ana hospital, the parents of the new arrival being Mr. and Mrs. Dudley Fry, of Orange. The new son has been named Dudley Jr.

The Buena Park American Legion auxiliary will sponsor a country hicks and janes entertainment at the Legion headquarters Thursday evening at 7 p. m. The public is invited, the women to bring box lunches and the men to purchase same, and everyone is requested to come in costume.

Mr. and Mrs. C. H. Brown and daughter Lula Ray, were guests of Mr. and Mrs. Kenneth Marcy, of Los Angeles, over the week end. Ben and Earl Hamm and Samuel Upton, of Pasadena were dinner guests of Mr. and Mrs. M. R. Speaker Friday evening.

Mr. and Mrs. R. H. Upton and son, Roland, and Marie Newman were visitors in Los Angeles Saturday.

SMELTZER

SMELTZER, April 28.—Mr. and Mrs. John Murdy and family motored to San Diego Wednesday and were accompanied by Charles Murdy, who had spent the week end with local relatives. The party went to a hospital in San Diego to visit Mrs. Charles Murdy, who is a patient there with a broken leg, the result of an automobile accident a few weeks ago.

Mrs. Paul Applebury and sister, Mrs. Edna Cozad, and daughter, MaryLou Cozad, of Balboa island, were entertained as guests Wednesday by Mrs. Charles Applebury.

Mr. and Mrs. Charles Applebury were entertained for the day at luncheon and dinner another day in the home of Mr. and Mrs. Paul Applebury.

Mr. and Mrs. William Phillips were in Pasadena Wednesday to visit friends.

Mrs. E. S. Hell, of Santa Ana, is spending this week in the home of her son, Vernon Hell.

John Murdy was a member of the men's chorus presenting a benefit musical at the Huntington Beach high school under the direction of Mrs. Ruth Harlow, who conducts the chorus.

Mrs. Jackson accompanied her father, George Applebury, to Fullerton the early part of the week to join her mother in the care of her sister, Mrs. Bertha Stanley, who is very ill.

ANAHEIM

ANAHEIM, April 28.—C. D. Reynolds, 32, of Montebello, was fined \$35 on a drunk charge by Judge Frank Tausch in the recorder's court yesterday. He was arrested Saturday night by Chief of Police James Bouldin and Sergeant Bowen.

W. S. Lusk of the Elks clubhouse made a report at the police station yesterday claiming that someone had stolen the parking lights from his car Sunday night.

Two small police pups that knew no better than to go out in the rain and chase cars are now hopefully waiting at the city dog pound for their owner or some dog lover to come and claim them. The dogs were found on Santa Ana street Saturday by officers.

GARDEN GROVE

GARDEN GROVE, April 28.—Mrs. Floyd J. Seaman and Mrs. G. R. Reyburn attended the annual meeting of the San Diego district Woman's Foreign Missionary society held at the First Methodist church in Santa Ana Wednesday.

Mrs. W. G. Rice, of Hanford, is visiting in the home of her daughter, Mrs. Fred Dukes.

Mr. and Mrs. G. R. Reyburn spent the week end with Mr. and Mrs. Riley at Upland. They also attended the pageant, "Ramona," at Hemet.

Fred Dukes, who is working in the oil fields at Kettleman Hills, spent Monday and Tuesday with his family here.

Warren Kimball spent several days this week with Rene and Russell Stubbs in Los Angeles.

Miss Vesta Newsom, who is teaching at Chaffee union high school, spent the week end with her parents, Mr. and Mrs. H. Newsom.

Mr. and Mrs. Clayton Sharp and daughter, Thelma, and son, Clayton, of Santa Ana, were Sunday dinner guests in the home of Mr. and Mrs. H. W. Kimball.

Mrs. Wayne Holt and Miss Harold Woodhouse and baby were visitors in Long Beach Thursday. Miss Marguerite Reafnyder accompanied the astronomy class of Santa Ana Junior college to Mt. Wilson.

Circle No. 1 of the Ladies' Aid society held an all day meeting Wednesday in the home of Mrs. Percy Prior, with Mrs. T. C. Natland and Mrs. James Hammon as co-hostesses. The time was spent sewing on layettes. Luncheon was served at the noon hour to 24 members. Mrs. J. M. Chilson, president, led the devotions and presided at a short business session.

Circle No. 2 met Wednesday afternoon in the home of Mrs. W. W. Duncan.

Mrs. E. P. Williams presided at the business meeting. New officers were elected as follows: Mrs. E. P. Williams, president; Mrs. W. W. Duncan, vice president; Mrs. W. W. Wieman, secretary and treasurer.

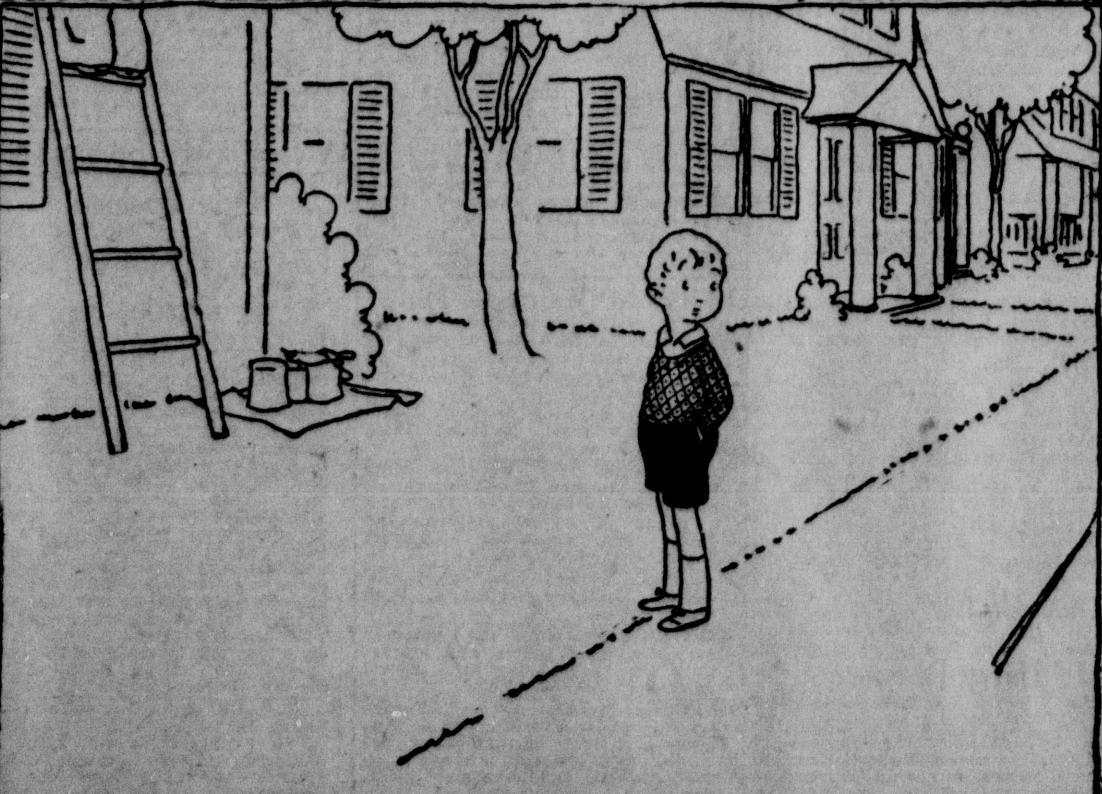

The time was spent sewing articles to be sold at the bazaar in the fall. Dainty refreshments were served. Twenty members were present.

Women's night was observed by the Garden Grove Lions club at Irvine park Wednesday evening. Early in the evening the men enjoyed a ball game. Sixty members and guests were present for the steak bake. The remainder of the evening was spent dancing.

Miss Charlotte DeCarll of Stockton is a guest in the home of Mr. and Mrs. E. A. Wakeham.

Mrs. A. S. Hunt is enjoying a visit from her sister, Mrs. Arthur Benson of Los Angeles.

Veterans Hit Hard In Coast Loop

(Continued from Page 10)

Pirate star, hit six out of eight Sunday against Hollywood. He worked harder than any rookie in training camp and many wonder why he was shipped out of the majors. Ken Williams and Sammy Hale, both on the Portland injured list at present, were hitting hard and often when injuries struck them.

Sam Gibson, former Detroit pitcher, has shown enough with San Francisco to warrant the prediction that he probably will win 25 games this year. Gaston, Seattle catcher, likewise has found the Coast league to his liking, as has George Burns, ex-Cleveland star, who is managing the Mission club and playing a fine first base.

Indications are that this year's Coast league race will be one of the closest in recent history. Hollywood, Los Angeles, San Francisco and Portland appear at present as the strongest teams, although Sacramento, always a good spring club, is leading the league, a half game ahead of Los Angeles and a game and a half ahead of Portland.

This week's schedule calls for the Missions at Portland, Hollywood at Seattle, Oakland at San Francisco and Sacramento at Los Angeles.

Carnera, Sharkey To Box For 'Title'

(Continued from Page 10)

Jack and Primo tried hard to look belligerent at their meeting yesterday but neither could work up a healthy glare. They just grinned sheepishly and shook hands like a couple of kids.

It was a rough day for the Italian giant. After an automobile dash from Allentown, Pa., where he had been considering the purchase of a farm, Primo was hauled out publicly by Johnston for being two hours late for the signing ceremonies. Then he heard half a dozen speakers, including Leon See, his own manager, extol Sharkey as "the peer of all living heavyweights."

But the cruelest blow of all was that Primo arrived too late for the beefsteak course.

CONDUCTING A GENERAL INVESTMENT BANKING BUSINESS

W. B. Martin, Realtor

304 1/2 So. Main. Phone 2229.

FOR SALE OR TRADE—Will sell Confectionery and Caffe located in small inland town. Doing good business. Electric soda fountain, 30 gal. ice cream capacity, 10 pump, twelve stool counter, booths to seat 24 people. Very reasonable rent including water, heat and management. This business suitable for man and wife and son or daughter. Has been established for the past ten years. Same location. In making good money and has been a paying business all along. If you are really looking for a business to get into a paying proposition without any guess work, don't miss this. Might consider trade. Price \$5000. Phone Placencia 533 for appointment.

Read This Carefully

Just listed exclusively a small grocery with living quarters. Big business but profits will make your rent and most of your living. The wife runs it while the husband works. Better hurry if you want it.

Walter R. Robb, Realtor

110 N. Flower. Phone 444.

IRVINE

IRVINE, April 28.—The next P.-T. A. meeting will be held at the school house Wednesday, May 6, at 2 o'clock. On May 13 at 2 o'clock there will be a card party at the community hall. All are invited to attend and bring their friends.

Mr. and Mrs. Arthur Ross and Mr. and Mrs. Hurley Sears have returned from a visit with their sons at Davis Agricultural College. On their return trip they visited several former Irvine residents at Tracy, among them Mr. and Mrs. Ed Quirk, Mr. and Mrs. Millard Woolley, and Mr. and Mrs. Ellis Jones. They also visited Mr. and Mrs. George Buckley at Kings City.

ORANGE PERSONALS

Loyal Women of the Christian church will meet Thursday at 2:30 o'clock in the church parlor.

Mrs. Ed Higgins, 320 North Olive street, will entertain the Auld Lang Syne club Friday at an all day session.

NEW YORK CURB

NEW YORK, April 28.—(UP)—Small recessions that brought active issues into new low ground for the bear market were numerous on the exchange today, the list as a whole moving irregularly lower.

Some of the recently had pressed issues encountered support in the form of covering, these included General Theaters Preferred, American Gas, Gulf Oil and Vacuum Oil, the latter gaining more than a point.

New lows for the year were touched by American Cyanamid B, American Light and Traction and United Light B. Leading stocks in the quiet supply, fractional losses being marked up in Electric Bond and Niagara Hudson and United Light A.

Investment Trusts ruled lower, being unsettled by a break in selected industries. Fractional losses were made by Goldman Sachs and United Founders, the former receding after an early gain.

NEW YORK BONDS

NEW YORK, April 28.—(UP)—Favorable foreign news affected obligations of various governments on the bond market today. The usual recent characteristics were in evidence among domestic bonds, United States government and high grade corporate issues ruling firm, while others drifted lower.

Victory for radicals in recent Argentine elections and report of an unfavorable trade balance for the country in the first quarter had an unsettling effect on Argentine bonds. Australian issues reacted to announcement that the Australian premier would be unable to meet interest payments due in New York and London.

European Bonds were generally steady, with a fair demand in evidence. In the domestic list rails and industrials of the junior grades were in steady supply at lower levels.

L. A. LIVESTOCK

LOS ANGELES, April 28.—(UP)—Livestock.

HOGS—Receipts 50. About steady. Local \$12.25 to \$13.00. Good Easterns quoted \$12.00.

CATTLE—Receipts 200. Holdovers 400. Very slow, weak. Mexicans and grass steers \$6.00 to \$6.25. Few heifers \$6.00 to \$6.50. Bulk common to medium cows \$3.50 to \$4.00. CALVES—150, steady. Good California \$3.00 to \$3.50.

FINANCIAL AND MARKET NEWS

NEW YORK STOCKS

NEW YORK, April 28.—(UP)—Stocks lost ground again today despite another rally near the close which lifted leaders from their lows. Volume was reduced.

Movements in the main body of stocks were narrow. Bears concentrated their attention on a few issues.

Transamerica, under heavy pressure for a time, broke to a new low record at 7.75, before meeting support. Other weak spots included Warner Brothers Pictures, Union Carbide, Allied Chemical and Inland Steel.

Toward the close, steel rose to near the previous close in anticipation of declaration of the regular quarterly dividend of \$1.75 a common share. The steel corporation was estimated to have earned between 25 and 50c a common share.

Register Water Program

1.—THAT ORANGE COUNTY, OR AS MUCH OF THE COUNTY AS IS WILLING TO DO SO, SHALL BECOME A PART OF THE METROPOLITAN WATER DISTRICT.

2.—THAT WATER NOW BEING WASTED THROUGH EVAPORATION AND TRANSPIRATION IN THE PRADO BASIN SHALL BE SAVED.

3.—THAT SEWAGE WATER FROM THE CITIES SHALL BE SALVAGED AND RECLAIMED FOR USE.

4.—THAT A PROGRAM FOR FLOOD CONTROL BE DEVELOPED, WITH FLOOD CONTROL AS THE PRINCIPAL AIM, AND THE SAVING OF THE FLOOD WATER INCIDENTAL THERE-TO.

BOYS TO THE FRONT

This is Boys' Week. It began Sunday with services in the churches by the boys; Monday they took over the city hall offices and the council meeting. They will take charge of the service clubs and tomorrow the class in journalism takes over The Register. On Thursday evening they will present a program over radio station KREG.

Boys don't particularly need a week to cause us to accord them consideration and esteem. We are all interested in boys. The author and dramatist who has to any degree at all caught and put into his works the spirit of boyhood is sure of some measure of success. There are some few folks so envious of youth that they are not thrilled by boys but most people are intrigued by his mystery, astonished at his concentration of purpose, eager and honored to be his friend.

Boys are fairly wonderful because they are so full of surprises, as they grow up. When they are grown some woman may come to think she understands the man, but the boy is constantly changing, and he is building up the reserves which are to make him a man. They develop sufficient reserve to avoid ridicule; they develop fixity of purpose; they investigate the unknown, undaunted by what the elders may tell them of cause and effect, and they learn to conceal their defeats so that in later years they may hold their head high and convince the world that they were not defeated but are victors.

It is interesting to think of the responsibility which the qualities we have associated with manhood have placed upon our boys. They must be sturdy; they must be brave; they must keep a cool head; they must carry on before the world when their hearts are torn. Men, it is said, are just boys. In an important sense, women are always girls, for if they want to they can always "have a good cry," and clear the atmosphere, release their nerves, or accomplish a purpose. Now and then a particularly understanding wife will permit a husband a bit of a temper, but that is about all the emotional leeway the standard of manhood permits him, and his children will not forgive him for that. No, boys have to learn to repress emotion, to keep a stiff upper lip, to control their reactions, to rely upon themselves. Every boy has a heavy task before him just to live up to the ordinary standards for a man. If, in the face of the necessity which is upon him for repressing much that is soft or might be regarded as weak in his nature he succeeds in holding on to a bit of boyishness, of naivety, even respectable folly he has put some joy and fun into living.

Maybe, whoever conceived of boys' week did not have in mind so much the idea of honoring boys, as wooing for the favor and tolerance and understanding of the boys by introducing them to some of the problems their elders are bothered with every day. They are receiving a project lesson in the duties they are taking over in the public and semi-public institutions, and will get an enlarged view which will be carried with them for the rest of their lives. It is a splendid supplementary course for the studies they are pursuing in the Santa Ana schools.

Contrast the opportunities of these young men with those of the average boys of thirty years ago and you find an infinitely enlarged consciousness of the problems of the city, state, country and world. The boy then grew up on the farm or in the small village and his interests were those of his immediate locality. He had very little opportunity to participate in any endeavor in preparation for manhood, and could take very little part in the conversation or the doings of the adults.

MAYOR WALKER'S SMOKE SCREEN

According to late dispatches today, Governor Roosevelt has exonerated Mayor Walker and dismissed the charges made against the mayor by John Haynes Holmes and Stephen S. Wise, representing hundreds of thousands of other people.

We had written the below editorial before this dispatch came in. It is as germane in its application to Governor Roosevelt's attitude as it was in relation to Mayor Walker's and Father Coughlin's statements before the Holy Name Society.

Mayor Walker, of New York City, made an attack upon those who would call him to account before the Holy Name society of the Fire Department of the City of New York at a breakfast they gave Sunday morning.

Both he and Father Coughlin, of Detroit, made criticism of the opposition on the ground that this opposition came from Communists. Father Coughlin said that the accusers of the mayor desired to "make a scrap of paper of the teachings of Christ and substitute for them the gospel of Lenin."

We are afraid that Mayor Walker will be unable to raise this smoke-screen to protect

himself from the aroused conscience of the voters of New York City and New York state. The two men who are representatives of literally hundreds of thousands, who are demanding this investigation, John Haynes Holmes and Stephen S. Wise, are far too well known, as well as their supporters, for Mr. Walker to evade the logical retribution of his city government by calling them names and affording an excuse to those who would defend his acts to claim that it is a fight against Russia.

Bill Thompson did get away with an election by suggesting that he was going to strike "King George on the snout," but Jimmy Walker cannot cover up the rascality and corruption that is being revealed in New York City by claiming that he is fighting Stalin. The charges against Mayor Walker, filed with Governor Roosevelt are specific and clear. They come under six separate heads, as they state:

The Mayor of New York is directly responsible for conditions existing under his administration. He holds the power and therefore cannot escape the credit or discredit of results. Legally as well as morally the Mayor of New York is culpable for the corruption of his subordinates, the breakdown of his departments of government, the collapse of law and order, and the prevalence of low standards of public life under his administration.

He has failed to discharge the obligations imposed upon him by the law; he has been indifferent to the duties belonging to his office; he has been careless of the standards of leadership inherent in his position; he has condoned incompetence, encouraged corruption, passed over to others the direction of his office and served not the public interests of the citizens who elected him, but the private interests of the selfish and sordid political group which presented him for election. He has violated not only in spirit but in letter the sections of the City Charter under which he is charged to serve the people.

In the memorandum which was presented to the Governor, they cite many specific acts, just one of which is sufficient for consideration in this editorial.

On May 11, 1930, it was disclosed that ex-Judge Vause had received \$250,000 from the United Shipping Lines in return for the service of getting a lease for the company on two city piers for a period of ten years. This was not a legal fee, since the company had a lawyer of record to represent its legal interests. It is obvious, as it is universally believed, that this money was paid as a "slush fund" to enable the company to secure these leases from the city.

The demand for the investigation is supported by civic societies, women's clubs, churches, members of all political parties, probably the most universal and far-reaching uprising that has ever taken place in New York City. Manifestly, this absurd suggestion that it is the "Reds" that are behind it is a final and futile attempt to stem the rising tide of indignation of an aroused people.

The two men who, as representatives of the others, formally signed the charges, are two of the best known men in this country. Both of them are college men, John Haynes Holmes graduating from Harvard college, and Stephen S. Wise from the College of New York, and later taking his doctor of philosophy degree at Columbia. Both of them are outstanding leaders of clergymen in the City of New York, with their theological views differing widely, but uniting as they do, and as the hundreds of thousands of other citizens of New York City do, regardless of other differences, upon a demand for law and order and civic righteousness.

No, Mr. Walker's action really amounts to a confession.

Former Player Pal In Rockne Post

Pasadena Star-News

Yes, it was inevitable! The vacancy at Notre Dame caused by the tragic ending of the career of Knute Rockne had to be filled. What successor more fitting than Jesse Harper, for whom Knute Rockne once played football—Jesse Harper, who became athletic director and coach of all major sports at Notre Dame in 1913, remaining there three years. It was in 1917 that Jesse Harper left Notre Dame and the young man then assistant—Knute Rockne—was given Harper's place, although not without some misgivings. The two, however—Harper and Rockne—knew each other well and had faith in each other.

And now that the grand old Viking of Notre Dame is no more, it is indeed fitting that Jesse Harper should return as director of athletics at Notre Dame—to take up and "carry on" where Knute Rockne left off. It is a bit disappointing, however, to learn that Jesse Harper will do no coaching at Notre Dame. Harper will handle only administrative affairs of the athletic department at Notre Dame. But the call later may become insistent for him to become actively engaged in coaching. He announces that the Knute Rockne policies will be continued at Notre Dame—and he, best of all men, perhaps, knows what those policies are and their significance.

But the whole country—the whole world—will miss the quiet, dynamic figure who swayed football in this country as it never has been affected by the influence of any other one man—Knute Rockne.

For Future Determination

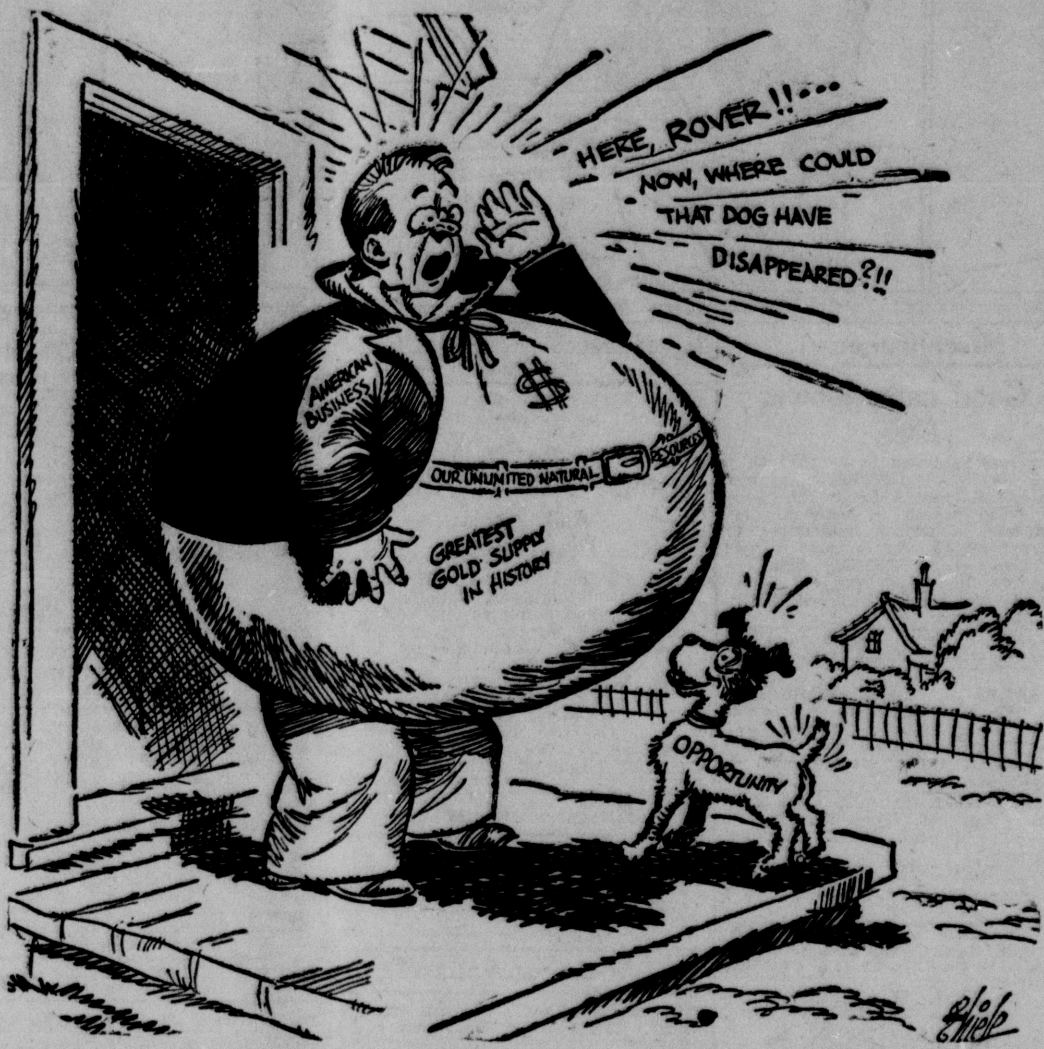

New York Times

A 6-year-old train-wrecker in North Carolina was sentenced by the court to have his tonsils and adenoids removed. Presumably, the judge is a believer in the character-restoring effects of necessary surgery. The child laid some rocks on a rail; the limited went off the track and four persons were injured. Considering this a proof of deficiency, the court delivered a medical opinion.

The future career of this 6-year-old should be an object of interest not only to the North Carolina judge, but to the medical profession and to society in general. If he becomes a bright, law-abiding youth, wrecks no more trains, commits no depredations and grows into useful citizenship, surgery will have a new argument in its favor. If, however, the child's destructive traits are not eradicated, can the blame be placed on surgery? May it not be contended that even necessary operations will not remove inborn "cussedness"?

An even more satisfactory experiment would be to watch this child's progress along with that of another naughty boy not sentenced to an operation. Little boys have elegant imaginations, and it should not be difficult to keep an eye on one of them, anywhere, so that he may be pounced upon at the moment of crime and his tonsils and adenoids be examined. He should, of course, be about six years old, and the surgical treatment should be indicated.

Doggone!

More Truth Than Poetry

By James J. Montague

SOUNDING AN ALARM

It has been found that too much manganese in the diet makes parents overindulgent.

When Willie sates the wild desire,
Which wayward urchins often feel,
To set the tablecloth on fire
While lapping up the noon-day meal,
While mother smiles her approbation
And says, "The child is such a tease!"
It merely is an indication
That she'd had too much manganese.

When Willie, absent from the schoolroom,
A few years on in his career—
Is found around the village pool room
Consuming mugs of foaming beer,
And mother says, "Poor, pestered creature,
He has to have his little larks,
He's driven to them by his teacher."
You know what prompted her remarks.

When, grown to manhood, Willie's passion
Is strutting proudly up and down,
The mirror of the glass of fashion
The haberdasher keeps downtown,
And mother thinks that he's a wonder
Of elegance and idle ease,
It merely shows that she is under
The influence of manganese.

This element, it seems, like whisky,
Consumed too avidly, can be
To those who eat of it quite risky
Unless prescribed by an M. D.
And often Algeron or Clarence
Turn out weak limbs of sturdy trees
Because their over-doting parents
Could not keep off the manganese.

PLENTY OF RUNNERS UP

An Englishman says there has never been a man like Mussolini. He hasn't yet met a New York traffic cop.

HARD LUCK

Medical incomes are falling off, making it difficult for the physician to obey the injunction to heal himself.

A LAWLESS AGE

No wonder the gunmen got away with it. Even crooners go unwrapped of justice.

The Gospel of Discontent

By WILLIAM TRUFANT FOSTER and
WADDILL CATCHINGS

We are charged with preaching the gospel of discontent. We plead guilty. We are dissatisfied with the world in which we live.

But isn't it a pretty good old world, after all? Yes, it is a grand old world. It is a grand old world because, generation after generation, down through the ages, men always have been dissatisfied with it.

That is why they crept out of their caves and built houses in the sunlight. That is why they brought power from the hills, and sound from the uttermost parts of the earth. That is why they discovered anesthetics. That is why they abolished slavery. There is no such thing as progress without discontent.

"The trouble with us," declared Parson Rastus, "is dis here status quo."

"What you mean, status quo?" asked Deacon Rufus. "Status quo," answered the Parson, "is two Latin words, meaning de mess we is in."

The Parson is right. Whatever the status quo may be it must be changed. Change is the law of life. An organism which resists change is dying; an organism which does not change is dead. Whether the United States must speedily make changes for the better is not a debatable question. The only question is, what those changes are to be.

It was said of Robert Louis Stevenson that he never believed that he had attained a great success, but was ever hopeful that by taking pains he might yet do so. Between the two great dangers of the artist, he safely steered a middle course. He was never satisfied, never discouraged. These are the two great dangers of every nation. Both are fatal.

Discontent without a purpose is pain. Discontent with a purpose is progress.

Thoughts On Modern
Life

By GLENN FRANK

CENTRAL PLANNING FOR AMERICA

Yesterday I suggested that some sort of central planning must be brought to the administration of the world's economic life.

Much is being said of the need for central planning just now by American business men who have in the past veered away from any such suggestion.

It will not do to take this current favorable attitude towards the theory of central planning too seriously.

A good deal of it is a kind of death-bed repentance. Men are scared and a bit skeptical of the old slogans of guaranteed competition and free individualism.

But it is noticeable that in all the current discussion of central planning there is very little by way of specific suggestion of ways and means of bringing it about.

It will have to come, it seems to me, through a combination of political and business leadership.

We do not want a Stalin or a Mussolini!

But we dare not be sentimental enough to assume that a Stalin or a Mussolini could not arise in the United States.

There is a growing army of the

victims of economic insecurity that could very well be recruited by an American Stalin or an American Mussolini if political and business leadership remained persistently recreant to the duty of stabilizing the American economic order.

We have yet to reckon with what might happen if the white collar men and women joined hands with labor, and that merger is not fantastic to assume.

I am convinced that we must rethink our old conceptions of competition and individualism, bring about a nation-wide organization of all the basic fields of economic enterprise under the leadership of their ablest men, re-vamp our obsolete anti-trust laws, and work out a wholly new system of public controls that will safeguard the public against the abuse of power by these great financial organizations of American business and industrial enterprise.

It is in this field of policy-making that the next creative political movement must be born.

If we fail to attempt this, a decaying democracy may well fall victim to a dynamic dictatorship. Copyright, 1931, McClure Newspaper Syn.

OUR CHILDREN

By ANGELO PATRI

SPEEDING DRILLS

Children have to learn their tables and lists so that they come instantly to mind when needed, that requires practice. The teachers call it drill. The children have to say and use these facts again and again until they are a part of their very being. The speed with which these facts come at call has led up into an error of technique. We make the speed the important thing forgetting that it is the result of seasoned memory and NOT the result of fast learning.

When a child learns something for the first time he moves slowly. His mind works slowly, his nerves respond slowly, his actions and expression are slow. With each repetition there is more ease. The fact takes hold. With each recall and use the fact comes to the front faster, until, in time, it comes swiftly as light.

The teacher must help the children get their facts down to the level of memory where they are knitted into the fabric of mind so completely that they respond instantly. If the child responds with the wrong answer you may be certain that he is not yet ready for speedy work. Accuracy must come first. Get the fact set right. Then practice it again and again until the right answer comes every time. When that happens, when the child is SURE of his facts, you can speed him if you like. Usually you will find that he has already achieved his limit of speed. Accuracy and speed usually are close. Slowness does not mean accuracy. Neither does speed. Accuracy is apart from this matter of time. Get it first. Then practice. Then drill. And the child's natural speed is clear to you.

When a child is learning his

tables and lists he is uncertain. He hesitates between one answer and another. Give him time and he gets the answer right. Hurry him, confusion sets in and he is usually so disturbed that he loses all control, cannot select the right answer and falls in great distress. That in itself is sufficient to halt the speed test where he is concerned. He is not ready for it. To give him speed tests before he has set his facts is to make him more uncertain, to set a memory of distress in association with his success. It is clear that speeding, while a good exercise, must be kept in its proper place in the process of learning.

What is to be done with the slow child? That one who will not get his answer down on time? Who does three examples while the class does ten? Study what ails him. Learn his rhythm, his rate of speed and be guided by it. It is fatal to try to speed a slow child. You do him much harm and yourself no good.

The slow child needs rhythm. Music accompanying his efforts helps establish it. Exercises that help him to relax and gain control of his body help. Best of all, examination by a children's expert to ascertain the cause of his slowness, an adjustment of work to meet his peculiar need, personal attention. Speed tests are finishing aids, not for the first wavering steps, and should be used with caution, if at all.

(Mr. Patri will give personal attention to inquiries from parents and school teachers on the care and development of children. Write him in care of this paper, enclosing stamped, addressed envelope for reply.)

VIVIANI'S WELCOME

On April 25, 1917, Premier Viviani, French minister of justice, gave his first official statement to the press after he had paid his formal visit to President Wilson. Viviani had come to this country as head of a French commission to tender his government's appreciation of our entry into the war.

Viviani said in part: "We have come to this land to salute the American people and its government, to call to fresh vigor our lifelong friendship, sweet and cordial in the ordinary course of our lives, and which these tragic hours have raised to all the ardor of brotherly love—a brotherly love which in these last years of suffering has multiplied its most touching expressions."

"You have given help, not only in treasure, but also in every act of kindness and good-will. For us your children have shed their blood, and the names of your sacred dead are inscribed forever in our hearts. And it was with a full knowledge of the meaning of what

you did that you acted. Your inexhaustible generosity was not the charity of the fortunate to the distressed—it was an affirmation of your conscience, a reasoned approval of your judgment."
